Future breeding - registration of puppies not permitted (R)
Export pedigrees not available for export registration (X)

The registered owner of a dog may place the following endorsements on a dog's records:

R = Progeny not eligible for registration

X = Not eligible for the issue of an Export Pedigree

The registration record for the dog referred to below is endorsed with R – which mean any puppies bred from the dog will not be accepted for registration by The Kennel Club and/or X – which means The Kennel Club will not provide the pedigree required for export and registration at an overseas kennel registry.

The new owner **must** sign to confirm that they have been made aware of the endorsement(s), at or before they take possession of the dog. **The form must be signed by someone over 18 years old**. If the owner is under 18, a parent or guardian must sign on their behalf. The endorser does not need to sign this notice. Providing that the endorsement has been placed in accordance with Kennel Club Regulation B12, The Kennel Club will not become involved in any dispute arising from a private transaction.

A copy of this notice must be given to the new owner and a copy must be retained by the endorser.
