

Kennel Club International Agility Festival Report

- The International Agility Festival in 2021 will be held at Rutland Showground near Oakham from 12-15 August. Due to 2020 not happening, we have secured Rutland Showground until and including 2023
- Skinner's Field and Trial sponsored the International Agility Festival from 2019. They have a three year deal until 2021
- The Olympia Quarter-Finals and Semi-Finals will no longer take place at the International Agility Festival, these will happen in September at Vale View Equestrian Center. The Move to a different venue is due to the surface being similar to what competitors will face at the Olympia final in December
- Due to COVID-19 the schedule will be released in May 2020, instead of the usual time of March
- First Place Processing will be handling all IAF entries as well as the live results at the show
- "First Contact" is the equipment supplier for all rings
- The plan is to run the show as normal, with using the same layout plan as 2020. However, if there are still COVID restrictions in place, then there will be changes required
- Camping spaces will be limited to 750 units with spare spaces in case of having to move people's camping spots due to weather
- If you would like to attend the event please email agilityfestival@thekennelclub.org.uk for further details
