Local Class with 25 Miles of Change

DEFINITION OF CLASSES.

BREEDERS' COMPETITION.

The Prizes in these Classes will be awarded to the Breeders obtaining the largest number of points with Dogs bred by themselves, irrespective of whether the exhibits are their own property or not. The Dogs must be entered in their proper Classes, and points will be awarded as under to those winning prizes or receiving commendation in such Classes. In the event of a Dog entered in two Classes, winning prizes or receiving commendations in both, only the highest award will count towards this competition. Breeders will not be required to nominate the Dogs bred by them, as this will be ascertained from the Catalogue, but it will be to their interest to induce any of their friends owning such Dogs to enter them, so that their chance of winning the prize may be increased. Prizes in Stud Dog Classes will not count. The fee is 10s. In filling up form, give name and address of Competitor and Class number.

First Prize	50 points.	Fourth Prize	12 points.	V.H.C.	4 points.
Second Prize	20 "	Fifth Prize	10 "	H.C.	2 "
Third Prize	15 "	Reserve	8 "	Commended	1 "

(Challenge Class Competitors that do not obtain a prize, will each score 15 points for the Breeder).

Challenge Classes.

For all Dogs and Bitches that had qualified previously to 1st January, 1893, for competition in a Champion Class or Challenge Class, and for Winners of Ten Points in Open Classes at Shows registered in or for the Kennel Club Stud Books.

Open Classes.

No Dog or Bitch will be qualified to compete in these Classes that has ever won Ten Points in Open Classes at Shows registered in or for the Kennel Club Stud Books, or that has qualified previously to 1st January, 1893, for competition in a Champion Class or Challenge Class, where Challenge Classes are provided for that breed.

N.B.—In estimating the number of points a dog has won, a First Prize gained at any Show under Kennel Club Rules previous to the 1st January, 1893, by any dog not fully qualified to compete in a Challenge Class, under the Old Rules, will score Two Points.

Puppy Classes.

Single Entries, not Litters, over Three Months old and not exceeding One Year old on February 11th, 1891, and not eligible for a Challenge Class.

Novice Classes.

For all Dogs and Bitches that have never won a first prize at a Show under Kennel Club Rules, previous to January 1st, 1891.

B. Are for those that have never won a prize except Puppy.

C. Are for those who have never won a prize of any description.

Team Classes.

For four Dogs or Bitches belonging to the same owner, either or both sex.

Brace Classes.

For two Dogs or Bitches belonging to the same owner, either or both sex.

Stud Dog Classes.

The Merit of the Stud Dog, as an exhibit, will not be taken into consideration, but the prize will be awarded on the merit of the Dog's progeny, which must be entered in their respective Classes, but need not be the property of the owner of the Stud Dog or of any one exhibitor. Points will be awarded as in the Breeders' Competition (see above), but in the absence of the Stud Dog the prize will not be awarded.

N.B.—All Dogs competing for Team or Brace Specials must be entered also in their respective classes, and also the Team or Brace Class otherwise they are not eligible to compete.

Challenge Class Prizes.

In all Challenge Classes if there are not more than Two Entries, the Society's Silver Medal will be given for the Prize; if more than Two Entries and under Five, the First Prize will be £2; if there are Five Entries, a Second Prize of £1 will be given; and if there are Seven Entries, there will be a Third Prize of 10s.

A name that has been already assumed and duly registered in the Kennel Club registry, or entered in any published number of the *Kennel Club Calendar* or *Stud Book*, by the owner of a dog of the same breed, cannot be registered except by a distinguishing name or number. If the name of a dog be changed, or an old name be reassumed, such name shall be required to be registered previous to the time of entry.

2. Dogs that are already entered in any published number of the *Kennel Club Calendar* and *Stud Book* are exempt from the above rule, provided their names remain unchanged. Puppies exhibited in classes exclusively for litters of puppies are also exempt.

3. Any dog which is to be exhibited at a show held under Kennel Club Rules must be the *bona fide* property of the exhibitor in whose name he is entered, and must have so been 14 clear days before the first day of the show. Each dog must, on the entry form, be clearly identified by name, by date of birth, and by the names of his sire and dam, and of the Breeder, each and every of them, if known (as registered in accordance with Rule 1); and if the dam was covered by more than one dog the names of all must be given. If the age, pedigree, or breeder's name be not known, the dog must be entered at each show as breeder, age, or pedigree unknown, any or all, as the case may be.

4. The *bona fide* owner of the dam at the time she whelps shall be considered to be the breeder of the litter. In cases, however, where a bitch is lent for breeding purposes, the person to whom the bitch is lent shall be considered the breeder of all puppies born during the period of such loan, provided he or she, before the litter is born, send to the Secretary of the Kennel Club a statement of the facts, signed by himself or herself and the owner of the bitch.

5. If the name of a dog which has won a prize has been changed, it is necessary in entering the said dog to give his old name as well as his new name every time he is exhibited until the change has been duly published in the annual number of the *Kennel Club Calendar* and *Stud Book*; and if his name be changed again, all his names must be repeated for a like period.

6. If a dog shall be entered except as before directed by Rules 1, 2, 3, 4, and 5, he shall forfeit any prize that may have been awarded him; and if the omission be detected in time, he shall not be allowed to compete, and shall in either case forfeit all entrance fees and subscriptions.

7. The committee or authorities of any show may reserve to themselves the right of refusing any entries they may think fit to exclude.

8. A castrated dog or spayed bitch shall be disqualified from competing, or from receiving a prize if awarded.

9. Total blindness shall absolutely disqualify; partial blindness shall have great weight against a dog. Should a dog appear to be deaf or lame it shall be in the power of the judge to disqualify unless he is satisfied that such defects are temporary.

10. No dog shall be qualified to compete who shall be declared by the duly qualified and appointed veterinary inspector during the show to exhibit any form of contagious or infectious disease, neither shall such dog be entitled, if in that condition, to receive a prize awarded unless the committee shall consider that the owner of the dog was not to blame in the matter. The veterinary inspector shall give his decision in writing, duly signed, to the secretary or committee of the show before its close, and such opinion shall be final as regards the condition of the dog.

11. If any prize-winner is disqualified, the next dog in order of merit as placed by the judge shall take his position, and the win shall count in every respect the same as if it had been the original award. An equal (challenge), or first prize shall be counted as a win to both dogs.

12. Any person who is proved to the satisfaction of the committee of the Kennel Club to have been guilty of any fraudulent or discreditable conduct in connection with dogs, dog shows, or field trials, may, in addition to any pecuniary penalty to which he may be liable, be declared incapable of competing for or winning a prize at any show or field trials held under the Kennel Club Rules for such period as the committee of the Kennel Club may decide upon.

13. In estimating the number of prizes a dog has won, the number of prizes won shall be calculated up to 12 p.m. of the day previous to the original day of closing entries for the show.

14. A dog that has been exhibited or has won a prize in a class exclusively for puppies under twelve months old on the first day of the show, is not thereby excluded from being exhibited in a class where previous prize winners are not allowed to compete.

15. The Committee of the Kennel Club shall publish as early as possible in each year in the *Kennel Gazette* a list of shows selected by them as being worthy to rank as two point shows. A first prize at any one of such shows shall for purposes of a challenge class qualification count two points. A first prize at any other show under Kennel Club Rules shall count one point. No dog shall be qualified to compete in a challenge class that has won less than ten points at shows registered in or for the *Kennel Club Calendar* and *Stud Book*; and no dog shall compete in an open class that is qualified to compete in a challenge class at any show where challenge classes are provided for that breed. The prizes must be won in open classes which are open to all dogs of any breed without restriction, or in varieties of the same breed divided by weight, colour, sex or age in adult classes.

16. No dog shall in future be entitled to be called a champion that has not scored six points in challenge classes, two of which must be either at the Kennel Club Shows or at the shows of the National Dog Show Society, Birmingham. Each win in a challenge class at a two point show (as explained in Rule 15) shall count two points, and each win in a challenge class at other shows under Kennel Club Rules one point.

N.B. to Rules 15 to 16: These rules shall come into operation upon January 1, 1889, and any dog which shall have qualified previously to that date for competition in a champion class or challenge class must compete in a challenge class where such class is provided. Any dog entitled to be called a champion before that date shall not be deprived of his title.

17. If any dog be disqualified by the judge, or formally objected to during the show for being improperly tampered with, the veterinary inspector shall examine the dog, and give his opinion to the secretary in writing before the close of the show.

18. An objection to a dog may be made by any person; it must be made to the secretary of the show at any time within fourteen days from the last day of the show. The objection must be in writing, and the objector must, unless in cases where the objection is laid by the Committee of the Kennel Club, or by the regularly constituted committee of the show (in which case a deposit shall not be necessary), at the same time lodge a sum of £1 in the hands of the secretary, which deposit shall, if the objection be proved to be frivolous to the satisfaction of the Committee of the Kennel Club, be forfeited. Such objection must be brought by the secretary before his committee, if possible, within fourteen days of the objection being lodged; and any persons concerned shall have due notice from the secretary of the show of the meeting, and an opportunity of making any statement which they may desire relevant to the case. The said committee shall decide the case, but under any circumstances an appeal shall lie to the committee of the Kennel Club.

19. The term "foreign dog" (for exhibition purposes) shall not include any dog for which a separate class is provided in the Kennel Club Register of Names or in the schedule.

20. All dogs entered for competition and actually in the show, are in the power of such show, and may not be withdrawn from competition without the sanction of the committee or secretary.

21. In the above rules the word "dog" shall be interpreted to include both sexes.

No other notices will be allowed to be placed over the Dogs. The commission will be charged on the actual price obtained for the Dog, and should it be found that an Exhibitor has sold any of his Dogs without the Secretary's knowledge, the Committee shall deduct the commission of 10 per cent., and the Exhibitor shall forfeit half the Prize money should the Dog have won a Prize.
No sale will take place till one hour after each breed has been judged; and if there are two or more applications by that time for the same Dog, the Committee shall at their discretion either have such Dog or Dogs sold by Auction or by Tender, and any surplus thereon shall be equally divided between the Exhibitor and the Committee.
10. **Power to exclude Dogs.**—The Committee shall be empowered to exclude any Dog which is not in a fit state for exhibition, either from disease, vice, or any other cause.

13. **Judges' Decisions.**—The decision of the Judges will in all cases be final, except where misrepresentation or breach of the Rules is discovered. Should the Judge be prevented from fulfilling his engagement, the Committee reserve to themselves the right of appointing other gentlemen to fulfil the duties.

Puppies whose age is under 12 months may be removed at the end of the second day of the Show.

WORMS.

SYMPTOMS.—Irregular action of the bowels, sometimes constipation, at other times diarrhoea, the puppy or dog shows signs of indigestion by the abdomen becoming greatly distended after a meal, there are often attacks of cholera; there is a capricious but often voracious appetite, and yet loss of flesh; the breath is often offensive, sometime there is a dry, husky cough, the coat is usually staring and harsh. In puppies fits are often the result of the presence of these vermin, and forms of non-contagious skin disease, with itching, and loss of coat, is also caused by them.

TREATMENT.—Our powders are most effectual in destroying both the round and the tape worms. With each box is given full instructions, so that the medicine may be given with the greatest safety either to the largest mastiff or the smallest lap-dog. After the worm medicine has been given, the dog should be kept confined to see the effect. The dose should be repeated two or three times, at the interval of a week between each dose. Besides the worm medicine, it is often a good plan to give tonics to strengthen the system and improve the appetite, for which purpose there is nothing better than our tonic pills.

MANGE.

The result of an animal parasite.

There is a violent and continuous scratching, especially when the dog is warm; the hair falls off in patches, and the skin is hot and inflamed, with a number of small pimples, like flea-bites, which after a time break and discharge, and scales or scabs form.

TREATMENT.—Before any dressing is applied, well wash the dog with our Dog Soap, using warm water, and after he is dry, well rub our Cure for Mange into all parts affected, twice every day for three days in succession. Take care that the dressing reaches the skin, and not the hair only. On the fourth day again wash with our Dog Soap, and for a couple of days apply the cure for mange as before. If there is any doubt of the disease not being eradicated, which, however, three days' dressing with our Lotion rarely fails to effect, give a few doses of our Purgative Pills.

MANGE.

The result of a vegetable parasite.

This much resembles the previous form, and is also contagious. The itching is not so violent, but the hair falls off quite as much, and pimples of similar appearance to those described above appear.

TREATMENT.—The same course should be followed as in the previous case.
