DNA Clinic at Ch Show on 2 August 2015

The EACA is holding a **DNA clinic** at its Championship Show on Sunday 2 August at **Littleport Leisure Centre, CB6 1PU**, and all breeds are welcome.

The PBHF has kindly negotiated discounted prices with Animal Genetics (UK) for your benefit and details of these, and links to Animal Genetics' other available tests, can be found below.

Clinic Attendance:

Collecting DNA samples using buccal (cheek) swabs only takes a few minutes and can easily be arranged around your dogs' show classes. Two samples are taken which can be used to test for any number of health issues.

Please remember to bring KC registration and ID papers for each dog to be tested.

Full payment will be required at the time the swabs are taken, and cheques should be made payable to the '**Pastoral Breeds Health Foundation**'.

Mail Order clients:

If you prefer to swab your dogs at home, please contact me, the Clinic organiser, well in advance for swab kits and information sheets.

Completed submission forms, DNA samples and full payment must be posted by first class mail to reach me* no later than FRIDAY 31st JULY.

Animal Genetics will email the results directly to you, normally within two weeks of receipt.

Animal Genetics' discounted DNA test prices:

MDR1 - £28.00 (normal price £32.00), **DM - £36.00** (normal price £45.00), **CEA/CH - £44.00** (normal price £55.00), **Grey Collie syndrome - £28.00** (normal price £40.00), **CL - £28.00** (Border Collies - normal price £40.00), **TNS - £28.00** (Border Collies - normal price £45.00), **Vit B12 deficiency - £28.00** (normal price £36.00)

For details of other available tests, please check out the Animal Genetics web site on: <http://www.animalgenetics.eu/Canine/Canine-disease/canine-disease-index.html>

For details of cost of other tests please see <http://www.animalgenetics.eu/Canine/canine-cost-pound.html>
