Public urged to be puppy wise

Damning research leads experts to urge the public to be ‘puppy wise’, as unscrupulous breeders use social media to dupe owners.

Half of pup purchases are influenced by social media, with one in two then buying puppies based on the ‘cute factor’, spending little time researching the breeder or pup’s upbringing.

A quarter

of puppies found on social media get sick or die before their first birthday

And a third

are suspected to have originated from a puppy farm, after owners are deceived by short snapshots on sites like Instagram and TikTok and miss vital warning signs

Amidst this social media-fuelled demand for ‘cute’ pups, The Kennel Club is warning of duplicitous breeders operating online and urging the public to ‘be puppywise’

New research, released on 8 October by one of the biggest dog welfare organisations, has uncovered the disturbing influence of social media on dog buying in the UK and the consequences for canine welfare.

Revealed as part of The Kennel Club’s Be Puppywise campaign, statistics show one in four puppies (25%) found on

social media get sick or die before their first birthday.

Thousands more unsuspecting dog owners who buy this way experience complications, with six in 10 (61%) facing unexpectedly high financial costs, a quarter (25%) admitting their dog had behavioural issues they weren’t expecting, and one in five (18%) regretting their decision.

According to the research, double the amount of would-be owners are turning to social media sites to find a puppy compared to five years ago. However, The Kennel Club is warning that platforms like Instagram and TikTok give unscrupulous breeders easy access to a mass market, where they are selling puppies with little scrutiny, and deceptively appealing to millions of unaware buyers with ‘cute’ and cleverly curated pup pictures and posts.

The research also highlights that instead of conducting thorough searches about their puppy’s background, would-be owners who are finding dogs on social media are being drawn in by ‘cute’ photos. One in two (52%) bought their puppy ‘because it was cute’ and more than half (56%) admit it was the ‘cute puppy photo’ that most appealed in their pet’s advert. A further quarter of puppy buyers (24%) who found their pup on these platforms worryingly spent less than two hours doing their research, leaving them particularly vulnerable to scams and unable to spot the signs of puppy farms.

Of those finding puppies on social media, the organisation has found thousands are also missing red flags in the process, leaving a yawning

knowledge gap about how the pup has been bred and by whom:

68% didn’t see their puppy interacting with their mum and littermates

64% suspect they didn’t see their puppy’s breeding environment

81% weren’t asked about their suitability for dog ownership by the breeder

78% didn’t see their puppy’s vaccination records

The research highlights that would-be owners who are finding dogs on social media are being drawn in by ‘cute’ photos

The Kennel Club is warning that duplicitous breeders are exploiting this lack of awareness – almost one in three puppies (32%) found on social media are suspected to have originated from a puppy farm.

The research also highlights that, despite the worrying consequences of making hasty and uninformed decisions based on what has been seen online, social media has an increasingly powerful influence; more than one in two puppy buying decisions (54%) are influenced by social media and nearly three in 10 (27%)

said that when buying their puppy, their main information source was either social media, influencers or celebrities – over vets, dog welfare organisations and breed experts.

“In today’s carefully curated digital world, enticing photos are the lifeblood of social media and pictures of puppies grab attention – so there is an obvious appeal to buying and selling puppies using these platforms,” commented Mark Beazley, Chief Executive at The Kennel Club, which is urging responsible buying via its ‘Be Puppywise’ campaign. “But if people forget that behind every cute photo on social media, there is a real puppy, and a real need to ensure that their health and welfare has been prioritised, then there can be truly devastating consequences.

“Platforms like Instagram and TikTok can give unscrupulous breeders easy access to a mass market, where they are selling pups with little scrutiny, so it’s down to the puppy buyer to make sure that they ask the right questions, see the puppy, with their mum and in their home environment, and step back if things don’t feel right. Failing to do so can lead to a world of heartache for puppy buyers and keeps rogue breeders in business, whilst puppies continue to suffer the consequences, as this research shows.”

In health matters, we welcome back Dr Alison Skipper, who has been looking at ways to improve the effectiveness of research funding within the canine health sector, supported by well-known researchers Dan O'Neill and Rowena Packer. This work began at the Royal Veterinary College in September 2022. It has been jointly funded by The Kennel Club Charitable Trust and three other charitable funders, working collaboratively to support this key research and make the world a better place for dogs.

This year the British Briard Club celebrates its 50th anniversary and we highlight the events coming up this month to commemorate this important milestone, Clare Balding releases her new book, *Isle of Dogs* and has kindly provided an exclusive extract from the book, plus readers have a chance of winning a copy. Agility Team GB celebrate historic win at Agility World Championships

Agility Team GB are celebrating topping the medal table at the 2023 Agility World Championships, and bringing home the most medals in the team's history.

The World Championships, which took place in Liberec, Czech Republic from 4-8 October, saw hundreds of handlers and dogs competing from 43 different countries across the globe.

A total of five medals (two gold, two silver and one bronze) were won by Agility Team GB, putting them top of the medal table and making it the most successful result at the Championships in the team's history. This marks the third time the team have topped the medal table at Championships in 2023, winning six medals at the European Open Agility Championships in Denmark, and the Young Kennel Club (YKC) Agility Team GB winning 12 medals at the Junior Open Agility World Championships in Southam, United Kingdom.

Dalton Meredith, from Bristol, with his Border Collie, Ag Ch Fandabidozi Eclipse Of Dust (Clippy), won a gold medal in the Intermediate Individual competition, a new category introduced to the Championships for the first time this year. This was an impressive result for the pair having taken home the gold in the same category earlier in the year at the European Open Championships.

Another gold medal was achieved by the Medium Team made up of: Lily Dakin, from Andover, with her Shetland Sheepdog, Wavesong Honky Tonk Blu (Scout); James Adams, from Warwick, with his Cocker Spaniel, Ag Ch Devongem Tiz Gold Standard (Willow); Steven Richardson, from Cumbria, with his Shetland Sheepdog, Sanscott Midnight Mist (Willow) and Stephanie

"Every dog and handler really gave it their all on every day of the competition, with an impressive display of skill and determination, but they also show remarkable dedication behind the scenes in their training throughout the year."

Agility Team GB consisted of 22 dogs, including reserves, who were selected from the Agility World Championships Tryout Day held at Dog Sports Derby in March 2023.

Phil Keen, Managing Director from Natural Instinct, sponsors of Agility Team GB, said: "On behalf of Natural Instinct, we'd like to congratulate Agility Team GB on bringing home five medals at the Agility World Championships this year. Celebrating two decades of showcasing canine art

One of the world's largest collections of canine art, The Kennel Club Art Gallery, celebrating turning 20 last month, having first opened its doors to the public in 2003.

24 September marked the 20th anniversary of the gallery in Mayfair, which, since being founded two decades ago, has hosted a plethora of canine art; from remarkable photographs, historical artefacts and rare paintings, to better known items, like the famous Crufts Best in Show trophy – all celebrating man's best friend.

The Kennel Club Art Gallery was set up for all dog, art and history lovers alike and has welcomed visitors from across the globe, showcasing thousands of different items across over 40 carefully curated exhibitions and collections. The Gallery prides itself on having curated over 200 works by around 80 different female artists – proportionately more than other London galleries.

The Gallery holds history dating back much further than its own 20 years, with a collection spanning from the 1st century right up to the current 21st century, tracing our unique bond with canines through art. The oldest item is a Celtic silver coin with a relief of a large dog, resembling a Great Dane, and dated to the Iron Age between AD8-41. The oldest painting dates back to 1670 and is an oil canvas by a Flemish painter, Pieter Boel, showing two large sporting dogs, resembling a Dalmatian and Newfoundland type, believed to have

“It was challenging to squeeze all the history into one curated collection”

inspired some of the tapestry that would have adorned the walls of the Louvre when it was a palace prior to becoming a museum.

This year, The Kennel Club marked a monumental milestone, reaching 150 years since its founding as the first Kennel Club in the world in 1873 by Mr Sewallis Evelyn Shirley, MP, and 12 other members. Visitors have their last opportunity to visit the current special exhibition held within the organisation's gallery to celebrate 150 years of

The Kennel Club and the evolution of the bond between dogs and owners. Canine enthusiasts, historians, art lovers and anyone interested in how man's best friend developed alongside humans are all welcome to delve into the collection of unique and rare artworks and items displayed, some of which have never been exhibited before.

Ciara Farrell, The Kennel Club's Library and Collections manager, said: “When looking back through the last 150 years and The Kennel Club archives, it was challenging to squeeze all the history into one curated collection.

“We were keen to ensure there was a celebration of the longstanding connection between the Royal Family and The Kennel Club, starting back in the reign of Queen Victoria to the late Queen Elizabeth II.

We are honoured to be exhibiting for the first time a stunning new acquisition of a pair of dress studs that belonged to Francis Clark, Queen Victoria's Highland Attendant, which feature in two original photographs of Queen Victoria's favourite dogs, Sharp and Noble.”

The Gallery is open generally to the public at The Kennel Club Art Gallery at 10 Clarges Street, Mayfair, W1J 8AB, Monday to Friday 9:30am to 4:30pm by appointment. The current exhibition celebrating The Kennel Club's 150 years is on until 19 January 2024.

New DNA testing scheme for Basset Fauve de Bretagne

The Kennel Club has approved a new official DNA testing scheme for primary open angle glaucoma (POAG-4) in the Basset Fauve de Bretagne, following consultation with the breed's health co-ordinator on behalf of the breed clubs.

POAG is caused by a small increase in the fluid pressure within the eye and gradually results in blindness. There are multiple mutations that have been associated with the clinical symptoms of POAG. POAG-4 is a mutation currently thought to be uniquely found in the Basset Fauve de Bretagne.

The disease is described as autosomal-recessive. This means that a dog must inherit two copies of an abnormal gene (one from its mother and one from its father) before its health is affected.

Tested dogs will be recorded on The Kennel Club systems as either:

CLEAR

The dog does not have any copies of the abnormal gene associated with the disease. The dog is highly unlikely to be clinically affected and will only pass on a normal copy of the gene to a puppy.

CARRIER

The dog has one copy of the normal gene and one copy of the abnormal gene associated with the disease. The dog is highly unlikely to be clinically affected, but may pass one copy of the normal gene, or one copy of the abnormal gene on to a puppy.

AFFECTED

The dog has two copies of the abnormal gene associated with the disease. The dog will likely be clinically affected by the disorder and will pass one copy of the abnormal gene on to any potential offspring.

Test results will be added to the dog's registration details

Test results will be added to the dog's registration details which will trigger the publication of the result in the next available Breed Records Supplement and also on the Health Test Results Finder on The Kennel Club website.

Results for dogs already tested can also be

recorded, but owners will need to submit copies of the DNA certificates themselves. DNA test certificates should be scanned and emailed to The Kennel Club Health test results.

Owners are reminded that

- from August 2018, it is mandatory that the dog's microchip (or tattoo) is recorded along with either the dog's registered name or registered number on any DNA certificates. Any test results issued after that date that do not carry these identifying features will not be accepted.
- The Kennel Club has a set of criteria that we request DNA testing laboratories to meet to enable us to record their results, helping to maintain and protect the integrity of results that appear on a dog's records. We have updated the list of laboratories that we

accept results from and strongly advise that customers ensure their chosen laboratory is included on our revised list if they wish The Kennel Club to record and publish the results. Results from laboratories not included on this list will not be recorded.

To find out which laboratories The Kennel Club is able to record results from for this test, and which laboratories will send results directly to The Kennel Club, please refer to our page about POAG-4. Please note that these listings are not necessarily comprehensive and other labs may offer the tests. To find out which DNA tests are relevant to your breed, visit our website.

The Kennel Club constantly reviews DNA testing schemes in conjunction with breed clubs to ensure that breeders are supported with resources which help them to make responsible breeding decisions. The Kennel Club works alongside breed clubs and breed health coordinators in a collaborative effort to improve the health of pedigree dogs and is happy to consider a club's request to add a new DNA test to its lists. A formal request from the breed's health coordinator or a majority request from the breed clubs is normally required to do this.

New DNA testing scheme for English Springer Spaniel

Conduct at Kennel Club licensed events and on social media

The Kennel Club Board and the Disciplinary Committee have endorsed the introduction of further regulatory support to help ensure all those taking part in or attending licensed events behave in a responsible and a respectful manner.

It is the responsibility of all participants to uphold the core values of courtesy and respect surrounding canine activities. Alongside this, those same values ought to be in play on social media in the context of comments and opinions being expressed about participants at Kennel Club licensed events.

This new measure introduces a system for issuing yellow and red cards in response to unacceptable behaviour at Kennel Club licensed events and on social media (in the context of licensed events).

The issue of a yellow card in response to unacceptable conduct will indicate that should there be a further incident and / or repetition of a complaint on a similar issue, then the yellow card will escalate to a red card status.

A red card status will result in an automatic fixed period of 60/90 days for refusal of entry and attending Kennel Club licensed events – and such period will be aligned with any relevant competition or event season.

After the expiry of that fixed period, there may then be a further required period of expected behaviour before the red card warning status is reverted to yellow card and then ultimately the card status removed.

In the event that several or cumulative yellow or red cards are issued to an individual, then there may be further consideration under Kennel Club Rule A11, with wide ranging penalties and long-term disqualifications. The Kennel Club enforces its regulations to ensure the good order of licensed events and in support of all participants - organisers, volunteers, officials including judges and competitors/exhibitors. Disciplinary

measures must be proportionate, and an escalation process is in place for conduct complaints to find that proportionate level of reaction.

Said Helen Kerfoot, Chief Operations Officer (Canine Activities and Events); "Everyone involved in canine activities is responsible for promoting, supporting and nurturing the activities for the benefit of dogs and their owners. Canine

activities and licensed competitions can engender a competitive spirit and this needs to be embraced in a positive way. When social media is used to criticise shows, events, judges or other exhibitors, especially with inappropriate language or tone, it can cause distress and it is important that everyone should feel safe and be able to take part in their chosen canine activity in a positive and welcoming environment. We all share a desire to safeguard and promote the future of our sport and thus we must recognise that good conduct is key – whether at an event or via online comment.

"Kennel Club licensed events need to be supportive and encouraging, particularly for younger participants. Those successful and experienced in their breeding and showing activities can help to foster and encourage that environment. Safeguarding applies to everyone – so that a licensed event is welcoming, inclusive and a safe place to be. It is important that everyone thinks about their actions and comments and the impact they can have on others – for the benefit of the future of canine activities."

Changes to partnership show regulations in an effort to boost entries

The Kennel Club Board has agreed a recommendation that for a two year trial period starting from 1 January 2024, the regulations that prevent judges both officiating at one show and exhibiting at a partnership show will be removed in a continued effort to boost entries and encourage the rising number of partnership shows.

This decision, together with the announcement in July 2021 that some breed clubs may be able to gain additional CCs when held as a partnership show, aims to provide exhibitors with more opportunities to show their dogs, whilst reducing the amount of travel needed. It also hopes to support societies with the selection and appointment of judges.

The new changes, which will come into effect on 1 January 2024, are as follows:

Relaxation of Regulations F(1)20.h and F(1)30.a(10) for a two year-trial period: F(1)20.h

"At partnership shows judges must not officiate at one show and enter or handle a dog for exhibition at the other show including exhibiting a different breed on another day to that which they are to judge. Partnership shows are defined as shows where the host club and other clubs share a venue and other facilities

to allow exhibitors the opportunity to exhibit at each show."

F(1)30.a(10)

"A dog may be disqualified by the Board from any award, whether an objection has been lodged or not, if proven amongst other things to have been:

(10) Entered for competition and/or handled in the ring by the judge at a partnership show even if the class or classes are on another day of the show or the entry is for a different breed to that which the person is to judge."

Helen Kerfoot, Chief Operating Officer (Activities and Events) at The Kennel Club, commented: "Many breed clubs are running their club shows alongside larger shows which helps with costs for both organisers and exhibitors.

"The two-year relaxation of the partnership regulation gives individuals the opportunity to show their dogs, even if they are officiating at a partnership show, which will hopefully help to increase entries at partnership shows and encourage even more breed clubs to work together and 'partner up' with larger shows. The changes will be reviewed when the two-year trial period has ended."

The Kennel Club would also like to highlight the 'Code of Best Practice for Judges' which states that judges are expected to judge on the merits of the dog in competition and consider no other factors. It is important that judges and exhibitors are mindful of the perception of their actions to allow for a fair, yet competitive hobby.

The full Code of Best Practice for Judges can be found through: <https://www.thekennelclub.org.uk/media/3257/code-of-best-practice-for-judges.pdf>

THE KENNEL CLUB
ASSURED BREEDERS

Find a puppy with the Assured Breeders scheme

Owners who buy from a Kennel Club assured breeder spend nearly 20% less in vet bills* compared to those who buy a dog elsewhere.

“Our dog is the light in our lives. Would always recommend a Kennel Club assured breeder.”

“I love my dog because this little bundle of fluff is the best thing that ever happened to us.”

“I love my dog because of the way he looks at me, his playful nature and his unconditional love!”

“I love my dog because she is my devoted best friend.”

For a healthy, happy puppy always buy from a Kennel Club assured breeder and do your part to help put puppy farmers out of business.

MAINTENANCE OF TITLE FEE 2024

Secretaries of Registered and Affiliated Societies are reminded that if renewal of Maintenance of Title is required for the year, their Maintenance of Title fee for 2024 is due during the month of January 2024.

We are pleased to announce that you will soon have the ability to set up a Direct Debit to pay for your annual Maintenance of Title via your online account/portal. We are no longer able to accept paper Direct Debits forms. We will be in contact via email over the next couple of months to advise when you will be able to log into your Kennel Club account to set up a Direct Debit.

If you previously had a Direct Debit set up with us for your Maintenance of Title and the account

details have since changed, please notify us as soon as possible so we can remove the details from our system. This will then enable you to set up a new Direct Debit online, when you receive the go ahead email from The Kennel Club.

In the meantime, if you do not already have a Kennel Club account/portal set up, please set one up as this will not only allow you to set up a Direct Debit, but this will also allow you to carry out many other secretarial duties.

WHAT TO DO IF YOU DON'T HAVE A KENNEL CLUB ACCOUNT?

Guidance on how to set up a Kennel Club account can be found by visiting www.thekennelclub.org.uk/about-us/help-centre/

If you are setting up a Kennel Club account for the first time, please contact us by email at sass@thekennelclub.org.uk with your Society's name and the email address you have used to create the online account, so we can connect you to the Society or Societies. We can also add additional officers should they wish to be connected.

If your society would rather not pay the annual Maintenance of Title fee by Direct Debit, please can you contact the Society & Show Services department at sass@thekennelclub.org.uk where we will be able to push payment into the cart via your online account to make payment by credit/debit card. If you choose to pay this way, please note it is vital that you send us an email to confirm once payment has been made.

Guidance on how to use the online club portal can be found by clicking [here](#).

The Board shall have power to impose any of the following penalties upon any person for any breach of Kennel Club Regulations subject to a right of appeal, notice of intention of which must be lodged within 14 days from the date on which the decision is given and subject to the prescribed appeals process as shall be determined by the Board from time to time;

In the event of any fine not being paid, or non compliance with any apology directive issued within the time stipulated by the Board, then that person may, at the discretion of the Board, be dealt with as if a complaint under Kennel Club Rule A11 had been lodged and proved to the satisfaction of the Board.

An additional amendment to the Kennel Club Code of Conduct has also been included:

'Where any participant criticises licensed events, show/event organisers and judges, other exhibitors or their dogs in inappropriate, hurtful or excessive ways on social media this will be reviewed under the conduct regulation for the respective licensed canine activity and in particular the use of the Yellow/Red card measures where appropriate.'
