Northern Golden Retriever Association

Canine Reproduction Seminar

Speaker: Julie Gray, Veterinary Surgeon and founder of BreedMyDog

Venue: Niagara Conference & Leisure Centre, Niagara Road, Sheffield, S6 1LU

Date: Sunday, 5th February 2017, 10.00am to 4.00pm

Cost: £25 to include lunch, tea & coffee

Relevant to all breeds of dog, this seminar will cover many aspects of canine reproduction, including the dog, bitch, infertility, AI, whelping problems and care of the litter.

Julie Gray has been a practicing vet in the Staffordshire area for over 20 years and has considerable interest and experience with canine reproduction, dog breeding and the needs of breeders. She was fortunate to visit Philadelphia and train under the eminent Dr George Govette, who pioneered progesterone testing in bitches and the successful freezing of canine semen from the 1960’s to the present day. Julie’s highly successful BreedMyDog Centre specialises in these techniques.
