A Person approved to judge a Championship Working Trial Certificate Stake may not judge the same Stake within a period of six calendar months, the relevant date being the last day of each trial.

Judges who have not fulfilled a Championship judging appointment within the five years prior to the date on which they are nominated must be approved by the Activities Sub-Committee. If nominating a judge in this category it would be helpful to include the judge's summary of their activity/involvement in the relevant activity over the previous five years (including competing, judging, instructing and show/trial management).

Existing Working Trials Championship judges who had not awarded a Championship Certificate in the previous five years, should attend a Working Trial Regulations and Judging Procedure seminar and pass the examination. Judges should also attend the relevant Practical Working Trials Seminar and should be assessed. (effective from 1 January 2014)
