Such titles will only be added, if the relevant Sub-Committee makes a recommendation of acceptance.
- iii. Dogs that have been re-imported will have the words RE-IMPORT after the dog's name.
- iv. Please note that the data connected to your dog, including all health screening results submitted with your application will be published and used for registration, research (statistical purposes) and publication in relevant Kennel Club documentation and also included in the Health Test Result Finder and Mate Select calculations.
- v. The full Kennel Club Rules and Regulations are contained in the Kennel Club Year Book.
- vi. Check breed-specific information on any breeding restrictions at www.breedinformationcentre.org.uk
- vii. The Kennel Club manages Petlog, who will be passed relevant data if you have chosen to record your dog's microchip as part of this application.

PETLOG

Petlog is the UK's largest database for microchipped pets.

Petlog is managed by the Kennel Club and has been in operation for over 20 years, securely holding over 10 million pet keeper details.

As your dog will already have been microchipped to enter the UK, it is important that you register their details with a government-compliant database. Petlog provides you with complete support to help you be reunited with your pet should the worst happen and they go missing in the UK.

You will have the option to record your dog's microchip in this application.

COMPETING WITH DOCKED OR CROPPED DOGS IN THE UK

Docked dogs

The term 'docked' includes dogs which have their tails shortened for medical reasons after the relevant dates - these count as having been docked and therefore such dogs are not allowed to be shown at events where the public are admitted on payment of a fee.

Dogs which were docked before 6th April 2007 (28th March for shows held in Wales).

If your dog was docked either in the UK or in a foreign country before 6th April 2007 (28th March for shows in Wales) then it may compete at all Kennel Club licensed events.

Dogs which were docked on or after 6th April 2007 (28th March for shows held in Wales).

If your dog was docked **on or after** 6th April 2007 (28th March for shows held in Wales and irrespective of where it was docked) **it will not**, under the law, be permitted to be shown at any show in England or Wales where the public are admitted on payment of a fee.

However, if your dog was **legally** docked either in the UK or in another country **on or after** 28th March/6th April 2007, you **will** be permitted to compete with it at:

- (a) all shows held in Scotland
- (b) all shows held in Northern Ireland
- (c) those shows held in England and Wales where the public do not **pay** to be admitted.

Shows where the public are admitted on payment of a fee

All shows which charge the public for admission must state this on the show schedule and entry form - but you should check carefully whether or not your dog is eligible before entering.

Cropping

No dog with cropped ears is eligible to compete at any Kennel Club licensed event.
