

These are just suggestions and ideas. Additional input is welcome. In addition, input is welcome around the best approach to implementing changes (i.e. all at once, one class at a time, or one exercise at a time)

	Novice	A	B
Heelwork	The aim would be to add extra content to the class with a view to removing heel on lead. Introduce an extra pace with extra commands. Maybe slow pace only.	Introduce an extra pace with no extra commands. Slow or Fast at judge's choice.	Introduce some form of ASSD. Could be at halt, either within heelwork or separately. Suggestions invited.
Recall	Recall to heel with extra commands. Perhaps restrict to left-hand pickup.		
Sendaway		Sendaway and drop. Exercise ends with drop, handler to go straight to dog and release.	
DC	DC at 2 paces. 3 positions - extra commands permitted.	DC at 3/4 paces. 3 positions - command and signal permitted.	DC at 5/6 paces. 4 positions - command or signal permitted.
