

### Annual health report 2021

#### Elbow scores by breed

Data Calculated to 31/12/2021

The following is an annual summary, covering all breeds where at least one dog has been tested, using data from the current approximated breeding population (data from dogs scored in the last 15 years only). By representing dogs scored in the last 15 years, a more accurate reflection of each breed's current state of health and improvement is given. The data reflects Kennel Club registered dogs only.
