Levels 5 & 6 have a qualifying score of 180 out of 200.

Scores equivalent to these qualifying scores (or greater) earned at Limited Rally competitions do not count towards Progression, Rally Level titles or Excellent titles.

In all levels a qualifying score of 190 or above equates to an excellent score.

### 2. Eligibility

When entered for a competition in a standard class, a dog must be entered at the level for which it is eligible. The dog may also, if desired, be entered in up to two additional classes, one further standard class at the subsequent higher level, one additional special class, or two additional special classes. A dog may be entered in special classes only, up to a maximum of 3 classes. Special classes do not count towards progression. Once a dog has gained any level or excellent title, it is no longer eligible for any lower level.

#### Level 1

- Open to dogs which have not achieved a Level 1 or Level 1 Excellent title.

#### Level 2

- Open to all dogs which have achieved a Level 1 or Level 1 Excellent title, except those that have achieved a Level 2 or Level 2 Excellent title. Dogs eligible for and entered at Level 1 may also enter at this level.

#### Level 1 title

Requires six qualifying scores of 175 or better, earned under four different judges at Level 1.

5. All qualifying scores earned before 1 January 2018 will count towards progression.

## PERFORMANCE AND SCORING GUIDELINES AND COMPETITION MANAGEMENT

### 1. PERFORMANCE

#### a. Heel position

The dog is considered in heel position when both dog and handler are facing the same direction and the dog is working in a consistent position within arm's length of the handler. The dog must work on the left side of the handler, unless the handler suffers from a physical disability and has completed an Exercise Modification Request form (preferably in advance of the competition).

#### b. Rewards

Touch rewards are allowed when the dog/handler team has completed a static exercise and before the dog/handler team has begun to heel forward towards the next exercise. An exercise is considered complete when the last element of an exercise has been performed and the dog/handler team has not begun to move forward. Rewards may be given at the completion of any static exercises that share a sign. The exercise descriptions in Annex C note if an exercise is considered static.

The use of food or toys is not permitted in the ring and handlers making use of them will receive a non-qualifying score.

#### c. Commands/cues

Commands may be spoken or signalled. If both are used and given simultaneously they are considered a single command. Any additional act, signal or command which in the opinion of the judge has given the dog unfair assistance shall be penalised. Handlers are encouraged to communicate with their dogs throughout the course. Praise and encouragement are not considered commands.

#### d. Bonus exercise

The Bonus exercise is optional and is performed after the dog/handler team crosses the finish line. Dog/handler teams may earn up to ten additional points for the bonus exercise. There is one bonus exercise on each course. The bonus is scored the same as other exercises. Handlers are allowed to touch reward and/or play with their dog after the Finish and before the start of the Bonus Exercise.

#### e. Exercises that involve turns

The handler should make a turn within an approx. diameter of 45cm./18inches. Exercises that involve a pivot should be executed as tightly as possible. The dog should maintain a consistent position, depending on size and breed.

#### f. Unless specified in the exercise description, exercises are executed as the handler approaches the sign.

#### g. Courses for Levels 1 and 2 are performed on lead, with the exception of Bonus Exercises 4 and 5. Levels 3 and above are performed off lead, regardless of the Bonus Exercise used.

## 2. COURSE DESIGN

The following guidelines must be observed by judges when designing courses.

The layout of the course depends partly on the positioning of doors and fittings which should be considered when planning. A judge must be familiar with the venue surface before planning any jumping exercises for Levels 3-6.

General Guidance, applicable to all levels:

- (1) There should be a minimum distance of 2 metres between exercises.
- (2) Once used, an exercise should not be repeated, with the exception of right and left turns and normal pace.
- (3) There should be a balance between static exercises and moving exercises.
- (4) A static exercise is one that ends in a sit, stand or down position. Others are moving exercises.
- (5) In levels where they are permitted, there should be a maximum of two jump exercises.
- (6) All exercises stand alone (except where two exercises are linked). The positioning of exercises should be planned carefully to ensure that one does not impact on another.
- (7) Courses should be designed so that the route between exercises does not transit other exercises. Competitors may only be required to pass through cone and distraction exercises when performing that particular exercise.
- (8) Sometimes it may be necessary for competitors to pass a Distraction or Jump exercise - where this is unavoidable these exercises should be on the handler's right.

### a. Level 1

There should be a minimum of ten and a maximum of twelve exercises, with no more than six static positions.

### b. Level 2

- (1) The same markers may be used in the execution of two exercises, for example cones used for Spiral Left, Spiral Right, Figure 8 or Serpentine. Junctions may not be used at this level.
- (2) There should be a minimum of twelve and a maximum of fifteen exercises, with no more than eight static positions.
- (3) There should be a ratio of one-third Level 2 exercises to two-thirds Level 1 exercises.

### c. Level 3

- (1) There should be a minimum of twelve and a maximum of fifteen exercises, with no more than eight static positions.
- (2) There should be a ratio of one-third Level 3 exercises to two-thirds Level 1 and 2 exercises.
- (3) A maximum of two exercises may be linked at this level.
- (4) There should be a maximum of one Distraction Exercise, including the Bonus Exercise.

### d. Level 4

- (1) There should be a minimum of fifteen and a maximum of seventeen exercises, with no more than twelve static positions.

- (2) There should be a minimum of one and a maximum of four exercises from Level 3, and a minimum of one and a maximum of four exercises from Level 4.
- e. Level 5**
- (1) There should be a minimum of fifteen and a maximum of seventeen exercises, with no more than twelve static positions.
- (2) There should be a minimum of one and a maximum of four exercises from Level 4, and a minimum of one and a maximum of four exercises from Level 5.
- f. Level 6**
- (1) There should be a minimum of sixteen and a maximum of eighteen exercises, with no more than sixteen static positions.
- (2) There should be a minimum of one and maximum of four exercises from Level 5, and a minimum of one and a maximum of four exercises from Level 6.

### 3. RING MANAGEMENT

#### a. Sign placement

Signs must be placed so that they are on the handler's right with the following exceptions:

- (1) Turns and pivots may be placed directly in the handler's path.
- (2) Side Step Right should be placed in the handler's path.
- (3) Figure 8, distraction exercises, Spiral Left and Serpentine signs are placed so that they are on the handler's left.
- (4) For all two-sign exercises, the signs will be placed 2-3 metres apart unless otherwise stated.
- (5) When stops and pivots are combined, it may be necessary to place a sign so that it is on the handler's left. Judges shall make handlers aware of this during the judge's briefing.
- (6) In some circumstances due to space constraints or safety issues a sign may be placed in a position other than the handler's right. The judge shall make handlers aware of this during their briefing.

#### b. Linked exercises

Linked Exercises are designed to share a static element (e.g. Stop Sit and Stop Sit Down). The dog/handler team may choose to perform the second sign separately. Linked exercises may not be used in Levels 1 and 2. At Level 3, no more than 2 exercises may be linked at a time. At Level 4 and above, more than two exercises may be linked.

#### c. Judge's briefing

Judges should give a briefing at the start of the walk-through. They should use this time to draw competitors attention to any matters of concern, particularly any signs which have not been placed where expected.

#### d. Booking in

All competitors must report to the ringside of all classes entered and book in, by marking a list of entries, within one hour of the scheduled time for the commencement of judging of the class. The class lists are to be provided by the show management and should be available from the stated opening time of the Show.

**e. Walk-throughs**

Handlers are provided with a maximum 30 minute period during which to walk the course (without dogs) and ask the judge questions. The time allocated should be relevant to the number of entries. Only handlers entered in the class may walk the course.

**f. Course time**

Rally Levels 1 and 2 courses shall have a maximum course time of 4 minutes and Levels 3 to 6 courses shall have a maximum time of 5 minutes. The Bonus exercise, if undertaken, is not included in course time.

**g. Start**

The Judge will indicate to the dog/handler team that they may begin. Timing will begin when the dog/handler team crosses the Start line, with the sign on their right. The dog does not have to be sitting in heel position to begin the course. Dog/handler teams should cross the start line at their normal heeling pace.

**h. Finish**

Timing concludes as the dog/handler team crosses the Finish line. If the dog/handler team has not chosen to perform the Bonus exercise, judging concludes as the dog/handler team crosses the Finish line. If the dog/handler team has chosen to perform the Bonus exercise, judging will conclude after the dog/handler team completes the exercise. Once a dog/handler team has crossed the Finish line the handler is permitted to release the dog from the heel position and to physically praise and play with their dog prior to undertaking the Bonus exercise which commences as the dog/handler team pass the Bonus sign.

**i. Bonus exercise**

The Bonus exercise is an optional exercise. Handlers are not required to perform the Bonus exercise. Each level has several bonus exercises. The judge will choose the Bonus exercise to be offered. Judges may only use one Bonus exercise on a course, which must be clearly identified on the course map.

#### **4. SCORING GUIDELINES**

Each dog/handler team enters the ring with a perfect score of 200 points. Deductions are scored based on the exercise requirements and the scoring guidelines. The judge indicates point deductions on the score sheet as faults occur on the course. He or she may be assisted by a scribe steward in recording the deductions.

- a. The minimum deduction is one point.
- b. Dogs which are unmanageable and/or bark excessively will receive deductions based on the severity of the behaviour. The judge may require the removal of a dog from the ring for unmanageable or disruptive behaviour. In severe cases the dog may be required to be removed from the event as set out in the Removal of Dogs regulation.
- c. Any handler who has been required to leave the ring due to physical or harsh verbal corrections or for the dog being out of control shall be reported to the chief steward and the competition secretary or competition manager. This must be noted in the competition's incident book, which must be submitted to the Kennel Club.

- d. **Tied scores for place awards** - In the event that two or more dog/handler teams score an equal number of points, the team(s) with the fastest recorded time(s) shall be placed above those with slower times. In the event that one or more such dog/handler teams have equal scores and equal times or where at least one of the competitors has not had a time recorded, they shall be invited to participate in a run-off using the Bonus exercise.

## 5. SCORING

### a. 1 point deduction

- (1) Tight lead, each occurrence
- (2) Slightly out of position
- (3) Additional cues (given to prompt the dog to perform the exercise)
- (4) Dropped lead (the lead should be picked up by the handler prior to continuing. If the lead is not immediately picked up a 5 points deduction should be made for performing an exercise incorrectly).

### b. 2 points deduction

- (1) Moderately out of position
- (2) Failure of the dog to move on the handler's cue as specified in the exercise description
- (3) Lack of attention/motivation
- (4) Excessive barking or jumping up whilst competing
- (5) Minor movement out of position during statics

### c. 3 points deduction

- (1) Failure to maintain a consistent pace
- (2) Dog sitting on or not completing turns
- (3) Significantly out of position
- (4) Harsh cues/signals
- (5) Wide/curved/inaccurate/loose turns
- (6) Overly large circles/weaves/spirals and walk arounds etc.
- (7) Dog sniffs distractions.
- (8) Extended/Excessive cue e.g. giving a continuous hand signal when leaving a dog for a recall or continuous hand-touch in heelwork.

### d. 5 points deduction

- (1) Handler is in front of jump/uprights when sending a dog over
- (2) Failure to sit, down, stand, wait, come or finish
- (3) Failure of handler to pivot
- (4) Incorrect finish
- (5) Knocking a cone, exercise sign or piece of ring equipment (e.g. jump upright, distraction covers) so that it has to be reset (or with sufficient force that it would have moved if not pegged down). If a dog taps a piece of equipment with their wagging tail this should not be penalised.
- (6) Exercise performed incorrectly e.g. in the wrong direction; static positions in the wrong order; failure to change pace.
- (7) Handler and/or dog pass on the wrong side of a piece of equipment.
- (8) Dog refuses, misses or knocks down a jump.
- (9) Dog fails to pick up a retrieve article.

**e. Non-qualifying**

- (1) Touching the dog to prompt an exercise
  - (2) Nipping or mouthing
  - (3) Exceeding course time (unless an exercise modification for time has been approved)
  - (4) Dog leaves the ring or dog is not under sufficient control to continue
  - (5) Consistently tight lead
  - (6) Handler and/or dog misses or does not attempt an exercise or goes off course
  - (7) Dogs which eliminate or become ill in the ring will be excused from the ring and receive a non-qualifying score
  - (8) Physical/harsh verbal correction
  - (9) Dog competes wearing the wrong type of collar or the handler carries food or a toy.
- f. In Levels 1 and 2 when an exercise requires more than one sign to complete, each exercise sign should be listed on the judge's score sheet. Each sign should be scored separately. In Level 3 and above where an exercise requires multiple signs, this is scored as 1 exercise on the judges score sheet.
- g. The Bonus exercise has a total point value of ten points. If no deductions are taken, ten points are added to the dog/handler team's score. If errors are made in the performance deductions are taken off the total bonus exercise value of ten. The score for the bonus exercise is added onto the team's score from their round to give their final score. A score of zero on the bonus does not impact the dog/handler team's final score. If the handler chooses not to perform the bonus exercise at any time there is no impact on the dog/handler team's score. All normal non-qualifying criteria apply. This exercise is performed after the dog/handler team crosses the finish line and the timer has stopped timing.

## EXERCISES AND SIGNS

## LEVEL 1

There are 22 Level 1 exercises and 3 bonus exercises as follows:

**START**

 THE FEDERAL BUREAU OF INVESTIGATION

1. **SIT.** The handler and dog stop with the dog sitting at heel. When the dog is sitting, the handler cues the dog to heel forward. This is a static exercise.

 THE FEDERAL BUREAU OF INVESTIGATION

 THE FEDERAL BUREAU OF INVESTIGATION

 THE CHERRY CLUB

4. **SIT-DOWN-SIT.** The first part of this exercise is performed as described in Exercise 3. When the dog is down, the handler cues the dog into a sit position. When the dog is sitting, the handler cues the dog to heel forward. This is a static exercise.

 THE CHERRY CLUB

5. **RIGHT TURN.** This is an accurate 90-degree right turn.

 THE CHERRY CLUB

JSA  
THE HANDLER CLUB

9. **270 DEGREE RIGHT (Turn).** While heeling, the dog/handler team makes a 270-degree turn that begins to the handler's right. The final direction taken toward the next exercise is to the left of the dog/handler team's original position.

360°  
RIGHT

JSA  
THE HANDLER CLUB

10. **360 DEGREE RIGHT (Turn).** While heeling, the dog/handler team makes a 360-degree turn (a complete circle) that begins to the handler's right. The final direction is the same as that of the dog/handler team before starting the exercise.

CALL  
FRONT  
FORWARD  
RIGHT

JSA  
THE HANDLER CLUB

11. **CALL FRONT – FORWARD RIGHT.** While heeling the handler stops his/her forward motion approximately level with the sign and calls the dog to the front position. The dog continues to move during this portion of the exercise – the dog does not sit as it goes to the front position. The handler may step backwards as the dog turns and moves to sit in front of and facing the handler. The backward movement of the handler must be no more than three steps taken straight back.

The handler is not to move to the side to position him/herself in front of the dog; the dog must move to sit directly in front of the handler. The dog may go past the sign to accomplish this. For the second part of the exercise, the handler cues the dog to move from the front position to the handler's right, around behind the handler and into the heel position as the handler continues forward. The dog does not sit in the heel position.

CALL  
FRONT  
FORWARD  
LEFT

JSA  
THE HANDLER CLUB

12. **CALL FRONT – FORWARD LEFT.** The Call Front part of this exercise is performed as in Exercise 11. For the second part, the handler cues the dog to move from the front position to the handler's left and into the heel position as the handler continues forward. The dog does not sit and the handler moves forward as the dog comes into heel position.

13. **CALL FRONT – FINISH RIGHT.** The Call Front portion of this exercise is performed as in Exercise 11.

For the second part, the handler cues the dog to finish by moving from the front position to the handler's right, around behind the handler and finally sitting in the heel position. The handler then cues the dog to heel and moves forward. This is a static exercise

14. **CALL FRONT – FINISH LEFT.** The Call Dog Front portion of this exercise is performed as in Exercise 11.

For the second part, the handler cues the dog to finish, moving from the front position to the handler's left, and sitting in the heel position. The handler then cues the dog to heel and moves forward. This is a static exercise.

15. **SLOW PACE.** As the dog/handler team draw level with the sign they decrease their pace so that there is a noticeable difference from the dog's normal pace. In Level 1-5 this exercise must be followed by Exercise 17 (Normal Pace), or it may be placed as the last exercise on the course, in which case the exercise and performance are concluded as the dog/handler team crosses the Finish Line. In Level 6 it is permissible for this exercise to be followed by either Exercise 5 (Right Turn) or Exercise 6 (Left Turn) but this must then be followed by either Exercise 17 (Normal Pace) or the Finish sign.

16. **FAST PACE.** As the dog/handler team draw level with the sign they increase their pace so that there is a noticeable difference from the dog's normal pace. This exercise must be followed by Exercise 17 (Normal Pace), or it may be placed as the last exercise on the course, in which case the exercise and performance are concluded as the dog/handler team crosses the Finish Line. This exercise requires approximately 4 metres between Exercise 16 (Fast Pace) and Exercise 17 (Normal Pace) or the Finish.

17. **NORMAL PACE.** As the dog/handler team draw level with the sign they move forward at a normal pace that is comfortable for the dog and handler.

 THE PARABELLUM CLUB

**MOVING  
SIDE STEP  
RIGHT**

18. **MOVING SIDE STEP RIGHT.** While heeling past the sign, the handler takes one diagonal step with his/her right foot, forward and to the right with the sign on the right. The handler then steps with the left foot, also forward and to the right, along the newly established line. The exercise is performed AFTER the sign.

 THE PARABELLUM CLUB

19. **SIT – RIGHT TURN – FORWARD.** The handler and dog stop with the dog sitting at heel. They then execute a 90 degree turn to the handler's right, the dog moves with the handler as they turn. They then heel forward.

 THE PARABELLUM CLUB

20. **SIT – LEFT TURN – FORWARD.** The handler and dog stop with the dog sitting at heel. They then execute a 90 degree turn to the handler's left, the dog moves with the handler as they turn. They then heel forward.

 THE PARABELLUM CLUB

## FIGURE 8

21. **FIGURE 8.** Four cones are placed in a straight line approximately 1.5 metres apart. The sign is placed near the first cone in the line. Entry into the weaving pattern is between the first and second cone with the first cone on the dog/handler team's left. Dog and handler weave through the cones, loop the end cone and weave back to the beginning of the pattern. The exit direction from the pattern is dependent on the placement of the next exercise.

 THE PARABELLUM CLUB

## SERPENTINE

 THE KENNEL CLUB

22. **SERPENTINE.** Four cones are placed in a straight line approximately 1.5 metres apart. The dog/handler team enters with the first cone on their left, weaves through the cones and exits at the last cone. The dog/handler team does not weave back through the cones.

Once the dog has moved sideways and is sitting in front, the exercise is complete.

 THE KENNEL CLUB

The handler then cues the dog to heel from the down position and heels forward. This is a static exercise.

270° LEFT

 THE KENNEL CLUB

25. **270 DEGREE LEFT (Turn).** While heeling, the dog/handler team makes a 270-degree turn that begins to the handler's left. The final direction taken toward the next exercise is to the right of the dog/handler team's original position.

360°  
LEFT

THE KENNEL CLUB

26. **360 DEGREE LEFT (Turn).** While heeling, the dog/handler team makes a 360-degree turn (a complete circle) that begins to the handler's left. The final direction is the same as that of the dog/handler team before starting the exercise.

90° PIVOT  
RIGHT

THE KENNEL CLUB

27. **SIT - 90 DEGREE PIVOT RIGHT - SIT.**

The handler and dog stop with the dog sitting at heel. The handler pivots 90 degrees on the spot to his/her right and stops. The dog moves with the handler and resumes a sit in the heel position when the handler stops. The handler then cues the dog to heel and moves forward. This is a static exercise.

90° PIVOT  
LEFT

THE KENNEL CLUB

28. **SIT - 90 DEGREE PIVOT LEFT - SIT.** The handler and dog stop with the dog sitting at heel. The handler pivots 90 degrees on the spot to his/her left and stops. The dog moves with the handler and resumes a sit in the heel position when the handler stops. The handler then cues the dog to heel and moves forward. This is a static exercise.

TURN RIGHT

THE KENNEL CLUB

29. **SIT - TURN RIGHT - 1 STEP - SIT.** The handler and dog stop with the dog sitting at heel. The dog then moves with the handler as they turn to the right and take one full step and stop with the dog sitting at heel. This is a static exercise.

TURN LEFT

THE KENNEL CLUB

30. **SIT - TURN LEFT - 1 STEP - SIT.** The handler and dog stop with the dog sitting at heel. The dog then moves with the handler as they turn to the left and take one full step and stop with the dog sitting at heel. This is a static exercise.

31. **SIT - SEND AROUND - SIT.** The handler and dog stop with the dog sitting at heel. The handler then sends the dog clockwise around behind them as though in a right finish and the dog completes the exercise sitting at heel. This is a static exercise.

32. **SIT - SEND AROUND - FORWARD.** The handler and dog stop with the dog sitting at heel. The handler then sends the dog clockwise around behind them as though in a right finish, as the dog returns to heel the handler and dog heel forward. The dog does not sit.

33. **SPIRAL RIGHT - DOG OUTSIDE.** Three cones are placed in a straight line approximately 1.5 metres apart. The "Right" direction indicates that the handler turns to his/her right when moving around each of the cones (clockwise). This places the dog on the outside of the turns. The sign is placed next to the first cone facing the direction of the dog/handler team's approach. The dog and handler pass the first cone and proceed to and around the third one, then loop the first cone, proceed to and around the second, then loop the first cone one last time before making an exit to the right.

34. **SPIRAL LEFT - DOG INSIDE.** Performed as in Exercise 33, except that the turns of the spiral are to the handler's left (anti-clockwise) and the dog is on the inside of the turns. The exit is made to the left, towards the next exercise.

## WEAVE THROUGH DISTRACTIONS

 THE KENNEL CLUB

35. **WEAVE THROUGH DISTRACTIONS.** This exercise requires two freestanding mesh covers which are placed approximately 1.5 metres apart. The distractions are placed under the covers to prevent a dog which breaks heel position from being rewarded from accessing the distractions. The distractions will be an empty bowl under one cover and a toy under the other.

The dog/handler team approach the sign on a straight line from the previous exercise with the first cover on their left, weave between the covers to exit with the second cover on their right. This is not a turn exercise.

### FINISH.

 THE KENNEL CLUB

### BONUS

 THE KENNEL CLUB

 **SIT  
LEAVE DOG**

 THE KENNEL CLUB

 **CALL TO HEEL**

 THE KENNEL CLUB

#### Bonus Exercise 4

**SIT - LEAVE DOG - CALL TO HEEL.** This exercise requires two signs. At the first sign (A) the handler and dog stop with the dog sitting at heel. The handler may take the lead off or the dog may drag the lead. The handler walks to the second sign (B), which is placed approximately 2 metres from sign A. The handler will not turn to face the dog but instead, with his/her back to the dog, will call the dog to move to the heel position. The handler may turn his/her head slightly while cueing the dog to heel. The dog must come promptly and sit at heel. Once sitting, the exercise is considered complete. NB: If this bonus is used at Level 3 or above there is no requirement to reattach the lead before attempting this bonus exercise

**Bonus Exercise 5****SIT - LEAVE DOG - TURN - RECALL - HANDLER FINISH.**

This exercise requires two signs. At the first sign (A) the handler and dog stop with the dog sitting at heel. The handler may take the lead off or the dog may drag the lead. The handler walks to the second sign (B), which is placed approximately 2 metres from sign A, turns and recalls the dog to the front position. The dog remains in the sit whilst the handler moves left to take up the heel position. Once the handler has moved to the heel position, the exercise is considered complete. This is not a walk around exercise. NB: If this bonus is used at Level 3 or above there is no requirement to reattach the lead before attempting this bonus exercise.

**Level 3**

The handler walks to the second sign (B), which is placed approximately 2 metres from sign A. The handler turns to face the dog, leaving ample room for the dog to complete a finish, the handler recalls the dog to the front position. With the dog sitting in front of the handler, the handler cues the dog to finish by moving from the front position to the handler's right, around behind the handler and finally sitting in the heel position. The handler then cues the dog to heel and moves forward. This is a static exercise.

37. **SIT - LEAVE DOG - RECALL - FINISH LEFT.** This exercise requires two signs. At the first sign (A) the handler and dog stop with the dog sitting at heel. That is, the dog and handler do "opposite" about turns and then come back together as a team.

 THE KENNEL CLUB

The handler walks to the second sign (B) which is placed approximately 1.5 metres from sign A. The handler calls the dog to heel as he/she passes sign B. The dog rejoins the handler in heelwork and they then heel to the next exercise which must be a minimum distance of 3 metres away from Sign B.

45. **LOOP AROUND DISTRACTIONS.** This exercise requires two freestanding mesh covers which are placed approximately 1.5 metres apart as in Exercise 35. The distractions are placed under the covers to prevent a dog which breaks heel position from being rewarded from accessing the distractions. The distractions will be an empty bowl under one cover and a toy under the other. The dog/handler team approach the sign on a straight line from the previous exercise with the first cover on their left, weave between the covers to loop the second cover on their right and weave back to exit with the first cover on their left. New Regulation S7

**Societies are required to apply for permission to hold Special Events. Applications should be submitted to The Kennel Club by email at least six weeks before the start of any qualifying heats for the event.**

Where competitors qualify for a final via heats held at that and other shows/trials/competitions, special event permission must be sought for the final whether it is held in conjunction with a licensed show/trial/competition or as a separate standalone event. This would not apply where all of the heats are held at the same show/trial/competition at which the final is held.**

**The regulations relating to the disqualification and forfeit of awards will apply to these events.**
