

Pauline Baltes

I have been in Agility since 1983 and carried out a variety of tasks in my time. I have been judging Agility since 1993 and I currently sit on the Agility Liaison Council. I have held the posts of Club and Show Secretary for several years and have been an Instructor at the Clubs of which I have been a member. I was the Show Manager of the first Agility Championship show in the North, and have taken part in promoting ABC competitions. I actually hosted the first semi-final outside of London and the Midlands, helping to make it what it is today.

I have judged both the ABC semi-final and several Pedigree team and individual qualifiers. I have been a Ring Manager at the Kennel Club International Agility Festival since it started and take pleasure in seeing this sport progress. I have also been on the Dog Activities stand at Crufts for several years showing the public what they can do with their ABC dogs.
