KC and breed clubs discuss new CC allocation model

A series of discussions have taken place between The Kennel Club and breed clubs regarding the new Challenge Certificate (CC) allocation model, resulting in the sharing of a number of ideas aimed at invigorating the show scene.

The breeds invited to the discussions, held via a series of video conference calls, were those which currently have CC rotations and where the number of CCs available at breed club level is likely to be fewer than the actual number of clubs in the breed. Under the current arrangements, some breed clubs have to wait two or even three years between the scheduling

of their championship shows.

The 11 breeds invited to the discussion sessions were Bulldogs, Bull Terriers, Chow Chows, Cocker Spaniels, Collies (Rough and Smooth), Dachshunds, German Shepherd Dogs, Old English Sheepdogs, Poodles, Welsh Corgis (Cardigan and Pembroke) and Yorkshire Terriers. At each session, representatives of the breed clubs and councils attended, as well as Kennel Club representatives. Almost all breed clubs responded to the invitation and were represented.

The new CC allocation model is being used to allocate CCs for the years 2024-28, the exact details of which will

be announced in the first half of 2021. At each discussion, it was explained that the number of CCs available to breed clubs for the next allocation has been protected; however, this situation is likely to change with effect from 2029 when the appropriate scale will be applied to each breed.

The clubs and councils in the 11 breeds have until the end of January 2021 to let the Kennel Club know exactly how they think their CCs should be allocated.

Discover Dogs returns to London in 2021

Discover Dogs is set to return to the ExCeL London on 20-21 November 2021 to celebrate its 25th anniversary.

The event, which was first held in 1996, didn't take place this year due to Covid-19, but it is hoped by the end of next year the event will be able to celebrate its silver anniversary in style.

Plans are still being worked on for how the event will look, but following the puppy boom that has taken place in 2020 it is hoped that the event will allow The Kennel Club to offer thousands of dog lovers the unique opportunity to meet and greet around 200 different pedigree

breeds. It will also provide the opportunity to educate prospective dog owners on how to choose the right breed for them.

It is anticipated that other old favourites will also return to the show such as training displays, the Young Kennel Club ring and the many different canine competitions including the Good Citizen Dog Scheme Pre Beginner Stakes Southern semi-finals, and possibly the Junior Warrant semi-finals that usually take place at the event.

KCAI Scheme accredited by City & Guilds again

The Kennel Club has been accredited by City & Guilds as meeting its quality assurance criteria and granted Accredited Programme status for the Kennel Club Accredited Instructors (KCAI) Scheme for the fourth year.

The purpose of the KCAI Scheme is to provide dog owners with a wide and accessible choice of dog training instructors and behaviourists who have proven specialist knowledge, skills and experience.

The KCAI Scheme is the first and only scheme for dog training instructors and behaviourists that has achieved programme accreditation from City & Guilds, which is a globally-recognised benchmark of quality. The City & Guilds accredited programme enables the Kennel Club to demonstrate that the processes and delivery of the KCAI Scheme meets City & Guilds quality standards, ensuring that the programme content is always relevant and that its structure and support are of the highest standard.

"...helping to further drive up the quality of Canine Care in the UK"

Kathryn Mansfield, Kennel Club Secretary, said: "The fact that City & Guilds has once again granted us accreditation is very welcome news indeed in a very challenging year which has highlighted the

very great importance of the companionship dogs bring to our lives and the need for responsible ownership."

David Phillips, Managing Director of City & Guilds and ILM, said:

"We are delighted to continue to quality assure the Kennel Club Accredited Instructors Scheme which is helping to further drive up the quality of Canine Care in the UK."

Regulations for judge requirements and eligibility

Further to the press statement of 24 February 2020 announcing the resumption of the Judges Education Programme (JEP) in tandem with the traditional routes for judges approval to award CCs, the Kennel Club has introduced regulations to support the introduction of the JEP including judge requirements and eligibility as of 1 January 2021.

In line with these new regulations and as previously announced, breeds clubs will be required to appoint a Breed Education Coordinator (BEC); hold a Breed Appreciation Day (BAD) at least once every two years; and select and promote at least two supported entry open shows for its breed at general or group open shows each year.

Full requirements for JEP Levels can be found at www.thekennelclub.org.uk/jep

From 1 January 2021, no one can judge unless they meet JEP Level 1 requirements (existing CC judges excluded). The exception to this is where a valid contract was in place before the 24 February 2020 press announcement and the appointment complies with Kennel Club Regulation F(1)20.b.

To be able to judge more than three classes of a breed (four if a puppy class is scheduled) at any show or any number of classes at a championship show without CCs, a judge must be listed on a breed club/council B list or above or meet Level 2 requirements. The criteria for breeds at Stud Book Band E have been rescinded. All breeds now have the same class number criteria.

Full requirements for JEP Levels can be found at www.thekennelclub.org.uk/jep

Judges are reminded that on accepting an appointment they must ensure that their name is included on a relevant breed council/club judges list or that they meet the appropriate level of the JEP. In the case of the latter, judges are asked to keep records to support their JEP level.

The Kennel Club advises societies to use the following wording within future judging contracts: "In accepting this appointment I confirm that I comply with the requirements of Kennel Club Regulation F(1)20b or the Judges Education Programme (Breed Shows)".

The new regulations will be published in due course. All enquiries should be directed to email judges.education@thekennelclub.org.uk

Events

The Kennel Club would like to advise and reassure competition organisers, exhibitors and competitors that our Sports Committees are working on solutions to help enable shows, competitions and other events to resume when Government guidance allows and the current restrictions are sufficiently reduced or relaxed. We are also actively seeking Government advice and clarification on guidance already issued. We are looking at the safety measures that may need to be put in place, together with any Kennel Club Regulations which may need to be amended or relaxed to enable competitions to resume. As soon as more information is available, our guidance will be issued. We are aware that everyone is keen to resume their dog-related activities as soon as it is practical to do so, but please bear with us as we work towards helping you to provide the safest possible environment to allow for this. The continued health, safety and security of all participants at Kennel Club events is of paramount importance.

BREED STANDARD AMENDMENTS

At its meeting, the Board approved the following amendments to Kennel Club Breed Standards from the 1st October 2020:

LAGOTTO ROMAGNOLO

Head and Skull Head moderately broad. When viewed from above, the widest point is at the zygomatic arch. When viewed from the side, planes of muzzle and skull diverge slightly. Skull slightly convex, as wide as it is long and flattening at occiput and with medial-frontal furrow. Length of skull from occiput to stop slightly longer than from stop to nose. Slight, but evident, stop. Well-developed eyebrow arches. Muzzle strong and wedge-shaped, rather blunt in profile. In depth, almost equal to length. Nasal bridge straight, with large nose protruding slightly with wide, open nostrils. Jaws wide, large and powerful. Lips tight, forming a wide semicircle when viewed from the front, covered with long, bristly whiskers.

Eyes Fairly large, nearly round, set fairly well apart. Close fitting eyelids with rims in various shades of brown. Well-developed eyelashes. Eye colour ranges from ochre to dark hazel and brown, depending on coat colour. Attentive, intelligent expression.

Ears Moderately large in relation to the size of the head, triangular, with slightly rounded tips, rather wide at the base and set slightly above the level of the eye. Hanging at rest, slightly raised when alert.

Forequarters Shoulders muscular, moderately well laid back, long in blade and equal in length to upper arm. Elbows fairly close fitting. Forearms straight with sturdy, oval bone. Wrist follows vertical line of forearm and is finer boned, robust and mobile. Pasterns sloping, elastic and slender compared to forearm.

Body Compact and strong. Length of back from point of shoulder to point of buttock equal to height at withers. Withers set slightly apart and placed just above the line of the back. Straight topline falls slightly from withers to croup. Loin short and wide. Croup long, wide, muscular and slopes gently. Well developed chest reaches down to the elbows. Chest rather narrow in front, broadening behind the elbows. Slight tuck up. Skin thin, close fitting and without wrinkles.

Hindquarters Powerful upper thigh long with well-developed musculature. Good bend of stifle; lower thigh slightly longer than upper. Broad hocks. Rear pasterns thin and upright. Angulation slightly greater than in forequarters but without exaggeration

Feet Compact with strong, curved nails. Webbing between toes well developed. Front feet almost round, toes tight and well arched, turning neither in nor out. Hind feet slightly more oval shaped and toes less arched.

Coat Woolly and waterproof, rather rough on the surface forming very thick, ring shaped curls, with visible, waterproof undercoat. Curls evenly distributed all over the body except on the head where the curls are less tight, forming well-furnished eyebrows, whiskers and beard. Cheeks covered with thick hair. On the ears, curls tend to be open but very wavy. The inner ear flap is covered with hair. Tail covered with woolly, bristly hair. The coat should evenly follow the line of the dog. It may be longer on the head but must not obscure the eyes. The coat should be of a length that curls are evident and texture can be assessed. The correct presentation is natural, without styling, and in keeping with the rustic character of the breed.

Colour Solid off-white, white with brown or orange markings, orange roan, brown roan, brown (in different shades), solid orange, brown with white markings, orange with white markings. Brown mask and tan markings permitted. Pigmentation ranges from light to very dark brown depending on coat colour.

Size Height: males 43-48cms (17-19ins), ideal height 46cms (18ins). Females 41-46cms (16-18ins), ideal height 43cms (17ins). Tolerance of one centimetre over or under. Weight: males 13-16kgs (28½-35lbs); females 11-14kgs (24-31lbs).

[Amendments underlined. No changes to other clauses.]

The Kennel Club supports the Trust by providing all its administration, fundraising and marketing requirements.
