The Kennel Club issues advice as international travel gears up

As international travel begins to open up via the government traffic light system, The Kennel Club has issued advice for dog owners looking to make holiday plans abroad with their four-legged friend. Continued on page 3

The July issue of the Kennel Gazette welcomes back guest author Alison Skipper MRCVS who discusses the complications of international travel for dog owners and how it has been fraught with different difficulties over the last century, as the prospect of foreign holidays looks increasingly uncertain we look at the growing popularity of motorhomes with dog owners heading to both

Kennel Club issues advice as international travel gears up

“To ensure a smooth journey and holiday, there are a number of considerations and additional steps owners must now think about if they’re wishing to travel abroad with their dog, due to both Brexit and the pandemic,” commented Dr Ed Hayes, Head of Public Affairs at The Kennel Club. “This is not only the case for Europe and further afield, but Northern Ireland too.

“Coming into Great Britain, pet passports are still accepted, but going elsewhere there are some new rules and requirements to be aware of. We want dogs and owners to be happy and safe on holiday, and this does require some preparation and especially with the pandemic, things are changing at a rapid pace. There also continues to be a lot of confusion about the post-Brexit rules and it’s important that owners are able to plan pet-friendly trips without unnecessary stress and hassle – post-Brexit and post-pandemic.”

Vital Dachshund spinal screening scheme launched

The Kennel Club is launching a vital health screening scheme for Dachshunds, in partnership with Dachshund Health UK.

The Kennel Club Intervertebral Disc Disease Scheme will be available for all Dachshund varieties and has been developed based on the existing Dachshund Breed Council IVDD screening programme, in conjunction with The Kennel Club Neurology Development Group. The scheme aims to improve the health and welfare of these dogs for generations to come by providing breeders with the information they need to reduce the risk of breeding puppies with a progressive spinal disease known as intervertebral disc disease (IVDD).

As part of the launch, and to reward early adopters, The Kennel Club is offering a £100 subsidy for the owners of dogs that participate in the scheme during 2021. Other subsidies may also be available to owners from Dachshund Health UK.

IVDD is caused by a gradual deterioration of the shock-absorbing parts of the spine, known as intervertebral discs. These discs are filled with a jelly-like substance and sit between the bones in the spine. Intervertebral discs help hold the spine together, give the back its flexibility and also protect the spine by cushioning any impact. As dogs get older these discs can degenerate and harden (calcify). In Dachshunds this can happen at a much earlier age compared to other breeds. The calcification of these discs means they don’t absorb shock as well and can lead to a slipped disc (disc herniation) and spinal cord compression.

Government commitments to tackle puppy smuggling welcomed by The Kennel Club

The legislation, set out on 8 June by the Department for Environment, Food and Rural Affairs (DEFRA), introduces new laws to tackle unscrupulous puppy smuggling and restrictions on ear cropping, and modernises livestock worrying powers.

Dr Ed Hayes, Head of Public Affairs at The Kennel Club commented: "We've long voiced serious concerns about cruel puppy smuggling and its devastating consequences - imported puppies are often bred and reared in appalling conditions, and subjected to long journeys across Europe, with no consideration for their welfare or health.

"With the suffering caught up in the illegal import trade, and unscrupulous importers greedily rushing to fill the gap during the pandemic puppy boom, the new commitments and measures from the Government to crack down on this are absolutely essential. The Kennel Club has also always been against ear cropping, leading the ban in the UK over 100 years ago, so the steps outlined to restrict the import of dogs with cropped ears are an important step forwards for animal welfare.

"We similarly welcome the Government’s plans to replace and improve the current livestock worrying legislation. With more people enjoying the great outdoors during the pandemic, alongside the reported increase in dog ownership, it’s crucial that everyone understands their responsibilities and there is clear messaging and laws to ensure the safety of people, animals and the environment.

"We look forward to seeing further details and working with DEFRA and MPs to finalise this important and wide-ranging bill, for the sake of the nation’s much-loved pets."

Simon Parsons discusses the resurgence of canine events and his recent visit to watch his first dog event since lockdown.

Continued from page 1 shows and on holiday. The doors of The Kennel Club Art Gallery have reopened with an exhibition by contemporary artist Amy Balch, we launch a new series on all the presidents’ dogs courtesy of the curators at the AKC Museum of the Dog. Kennel Club members receive a special offer on tickets to The Game Fair and our favourite dog walk this month is provided by Jane Lilley who highlights the vast choice of walks and trails within the glorious Leonardslee Lakes & Gardens.

Simon Parsons discusses the resurgence of canine events and his recent visit to watch his first dog event since lockdown in his Viewpoint column, in health matters we invite Dr Penny Watson to explain the difficulties to recognise and treat pancreatitis and if diagnosed correctly dogs with this condition can go on to live happy lives, and the courageous and highly intelligent Scottish Terrier is our breed of the month. We look at its history, artistic depictions from The Kennel Club Art Gallery collections, success at Crufts and seven judges choose their three favourite Scottish Terriers in Judges’ Choice.

Using the NAF, TAF and CNAF facilities when entering events

As competitive events begin to open up as a result of the phased easing of some Covid-19 restrictions, The Kennel Club wishes to remind competitors that they can use the ‘Name Applied For’ (NAF), ‘Transfer Applied For’ (TAF) and ‘Change of Name Applied For’ (CNAF) facilities, if necessary, when entering dogs for competition in any of The Kennel Club disciplines.

Kennel Club regulations dictate that dogs entered for any form of Kennel Club competition must be registered in the name of the person(s) making the entry. If, at the closing date of entries, the owner(s) have applied for but not received confirmation of The Kennel Club registration, the dog shall be entered in the name shown as the first choice on the application form for registration and the name should be followed by the letters ‘NAF’. An example of this would be ‘Clarges Oliver Twist NAF’.

Similarly, if the owner(s) have applied to register an imported dog but not received confirmation of The Kennel Club registration, the dog shall be entered using the letters ‘NAF’ after its name.

In the case of applications for transfer of ownership, the dog should be entered ‘TAF’ where the application has been made but the confirmation of the transfer has not been processed. Similarly, if an application for change of name has been submitted but not processed, the dog should be entered ‘CNAF’. Examples of this would be ‘Clarges Jane Eyre TAF’ or ‘Clarges Jane Eyre of Greepark TAF CNAF’.

Owners of agility dogs are asked to note that, as their dogs are required to be measured before they compete, The Kennel Club does not allow the ‘NAF’ facility to be used in this discipline, unless a dog falls into the obviously Large category.

Crufts 2022 qualifications updated for Imported Register breeds

As a result of feedback received from exhibitors, the Crufts Committee has amended the Crufts qualification criteria for the 2022 show in relation to Imported Register Breed classes. In addition to the Crufts qualifications announced earlier this year for such breeds, exhibitors are asked to note that group places (both adult and puppy) won at premier open shows held on the group system now count as qualification, as do Best in Show, Reserve Best in Show and Best Puppy in Show awards won at general and group open shows.

In making these updates, the Crufts Committee acknowledges that the Hungarian Pumi breed, which will have separate classification for the first time at Crufts 2022, will be able to qualify via both the Imported Breed Register route, through awards won at Crufts 2020, as well as via the separate classification route, through awards won in 2021 and early 2022.

Tom Mather, Crufts Chairman, said:
“Further to releasing the Crufts qualifications in May, we have been listening to feedback, and hope the additions to the set qualifications will help ensure with not as many shows taking place, that people and their dogs still have a fair opportunity to qualify for Crufts 2022.”

To read the full qualifications for Crufts 2022, please visit the Crufts website at bit.ly/3SZiBLv

Further Crufts announcements will be made in due course and the website will be kept updated at crufts.org.uk

The Kennel Club creates new Toydog and Utility group championship shows

The North East of England Toydog Society and the Scottish Utility Breeds Club have become the first registered societies to be awarded group championship show status for over 35 years. With effect from 2024, the two societies will hold their group championship show in the North East and Scotland respectively and these will carry the usual Crufts qualifications.

The creation of these new championship shows came about as a result of the work undertaken by the project group developing a new model for Challenge Certificate (CC) allocation. It noted that entries in these groups had held up significantly better than in other groups, and therefore sufficient sets of CCs would be available to make a new show in each group viable. These CCs are in addition to those to be allocated to the breed clubs and general championship shows which will be announced in due course in line with the announcement for current general and group championship shows.

The Board agreed in principle to creating two additional group championships for the Toy and Utility groups and the Show Executive Committee (SEC) was asked to consider this. Following the usual process, relevant group open show societies were contacted and those which were interested were requested to submit an application.

Events

The Kennel Club would like to advise and reassure competition organisers, exhibitors and competitors that our Sports Committees are working on solutions to help enable shows, competitions and other events to resume when Government guidance allows and the current restrictions are sufficiently reduced or relaxed. We are also actively seeking Government advice and clarification on guidance already issued. We are looking at the safety measures that may need to be put in place, together with any Kennel Club Regulations which may need to be amended or relaxed to enable competitions to resume. As soon as more information is available, our guidance will be issued. We are aware that everyone is keen to resume their dog-related activities as soon as it is practical to do so, but please bear with us as we work towards helping you to provide the safest possible environment to allow for this. The continued health, safety and security of all participants at The Kennel Club events is of paramount importance.

Important message regarding awards gained at all licensed events

We would like to apologise that due to the operational issues currently being experienced by The Kennel Club, competitors at forthcoming licensed events will experience a delay on the issue of awards by our office. However, we would like to remind competitors that it is permitted to enter events where eligibility is dependent upon awards and/or titles which are pending confirmation, e.g. champion stakes. Any disputes regarding eligibility will be dealt with subsequently.

Any queries please email KCNotifications@thekennelclub.org.uk

We appreciate the patience of competitors and exhibitors. For more information please see thekennelclub.org.uk/resumptionofevents

At its meeting on 29 April 2021, the Kennel Club Disciplinary Committee carefully considered the convictions of Mr Andrew Bateman of Lampeter for offences relating to fraud and failure to meet the duty of a person responsible for an animal to ensure welfare from the Gloucester Crown Court on 11 December 2020.

The Committee impose the following penalties:

1. To disqualify him from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the Board shall have the power to increase the period of disqualification [A11 j (4)]
2. To disqualify him from being or becoming a member of any canine club or society registered with or affiliated to the Kennel Club [A11 j (5)]
3. To disqualify him from acting as an Officer or serving on the Committee of any canine society [A11 j (6)]
4. To disqualify him from taking part in the management of any event licensed by the Club [A11 j (7)]
5. To disqualify him from judging at any event licensed by the Club [A11 j (8)]
6. To disqualify him from effecting registrations of any or all dogs and/or progeny of such dogs which are owned and/or registered by him (whether or not jointly owned and/or whether or not owned and/or registered in the name of a nominee) [A11 j (9)]

The suspensions and disqualifications are to be for life from 29 April 2021.

The Committee noted that Mr Bateman was in tripartite arrangement with Mr JP Awdry and Mr AL Busby.

The charges related to fraud in the misrepresentation to puppy buyers of their credentials as licensed breeders and that the puppies were in good health and well looked after; unqualified microchipping and failing to meet the welfare needs of the animals in their care.

The Court’s view was that this was a ‘contrived exercise in cruelty and neglect and hallmarked by greed’. The conditions in which the dogs were kept were appalling.

The Court imposed a custodial (suspended) sentence and a disqualification from keeping animals for an indefinite period.

The Committee had no hesitation in imposing a disqualification for life from Kennel Club regulated activities.

As with previous cases involving offences under the Animal Welfare Act 2006 it is worth expressly stating that any breeder must ensure that the needs of an animal must be met to the extent required by good practice under the Animal Welfare Act 2006 including:

a  its need for a suitable environment,
b  its need for a suitable diet,
c  its need to be able to exhibit normal behaviour patterns,
d  any need it has to be housed with, or apart from, other animals, and
e  its need to be protected from pain, suffering, injury and disease.

At its meeting on 29 April 2021, the Kennel Club Disciplinary Committee carefully considered the convictions of Mr Peter & Mrs Jacqueline Portingale of Stoke-on-Trent for unnecessary suffering and failure to meet the needs of an animal offences contrary to the Animal Welfare Act 2006 from the North Somerset Magistrates Court on 15 December 2020.

The Committee impose the following penalties:

The suspensions and disqualifications are to be for an indefinite period.

The Committee noted that Mr Drury pleaded guilty to charges of failure to provide veterinary care and was found guilty of docking a dog’s tail.

Mr Drury in his mitigation to the Kennel Club said he had been stupid and naive and accepted it had been his fault. Mr Drury had sought information about the care of the breed from online sources.

Mr & Mrs Portingale were experienced breeders and the Committee wished to reinforce the message that there can be no reasonable excuse or mitigation for a breeder in failing to meet the proper needs for animals in their care. It is unacceptable – and a breeder should seek urgent assistance if finding that the welfare needs of the animals in their care is at risk of being compromised.

The Committee imposed a disqualification from keeping animals for 7 years. The Committee’s view was that a 10 year disqualification period from Kennel Club regulated activities was appropriate.

It is unacceptable – and a breeder should seek urgent assistance if finding that the welfare needs of the animals in their care is at risk of being compromised.

As with previous cases involving offences under the Animal Welfare Act 2006 it is worth expressly stating that any breeder must ensure that the needs of an animal must be met to the extent required by good practice under the Animal Welfare Act 2006 including:

a its need for a suitable environment,
b its need for a suitable diet,
c its need to be able to exhibit normal behaviour patterns,
d any need it has to be housed with, or apart from, other animals, and
e its need to be protected from pain, suffering, injury and disease.

The Court imposed a disqualification from keeping animals. The Committee’s view was that a disqualification of 5 years from Kennel Club regulated activities is a proportionate duration to reflect the seriousness of the matter.

The Kennel Club Charitable Trust’s sole purpose is to ‘make a difference for dogs’. Since its inception in 1987, the Trust has awarded over £10 million in grants by funding a wide variety of work ranging from supporting research into canine diseases to welfare initiatives and the promotion of support dogs. The Kennel Club supports the Trust by providing all its administration, fundraising and marketing requirements. Therefore, every pound that is raised goes directly to the Trust ensuring that our canine companions and people within the world of dogs enjoy the maximum benefit.

If you would like to support the Trust, there are a variety of ways to achieve this, either by postal donations, direct debit or standing order, debit or credit card, gift aid and legacy.
