### Sir David Amess

The Kennel Club was devastated to hear of the death of Sir David Amess on Friday 15 October and our thoughts are with his family and friends at this time.

A Kennel Club Honorary Member since 2000, Sir David was a true animal welfare champion in parliament for over 30 years, working with The Kennel Club and other

animal welfare organisations giving his support to crucial dog welfare issues, which included banning electric shock collars and reforming laws around pet theft, microchipping and puppy importation.

Sir David was a huge dog-lover and we had the pleasure of welcoming him to Westminster Dog of the Year on many occasions. This year he had entered with his French Bulldog

Vivienne, a dog he described as always lifting his spirits and making him smile. Sir David will be hugely missed by all involved in animal welfare.

of ear cropping and the history of this illegal procedure and we revisit the article about hunt buttons from the January 2021 edition and ask Patricia Sutton to share her early memories of walking the Foxhounds to riding with the pack and at the age of 15 earning her first set of four hunt buttons with two sets of cufflinks.

The Kennel Club Art Gallery provides a taster of its new exhibition entitled Julie Brenan: A Celebration that runs until 1 April 2022, the curator of The Kennel Club Photographic Collections finds a rather rare stud card advertising a Yorkshire Terrier and we welcome the return of Discover Dogs at ExCeL London now in its 25th year.

In our regular features we talk to Dr Cathryn Mellersh about the work going ahead at the new Kennel Club Genetics Centre at the University of Cambridge in health matters, our personality profile this month is Charlotte-Louise Page, The Kennel Club's Digital Marketing Manager who reveals all about her obsession with Dalmatians and a certain Disney film, and we invite new Kennel Club Board member Nicky Ackerley-Kemp to take us on her favourite dog walk through the Glenfeshie Forest in the Highlands of Scotland accompanied by her Gordon Setters.

This month it's the breed with the profuse, pure white coat that catches the eye – the Japanese Spitz, a relatively modern breed as it was recognised by The Kennel Club in 1977. We look back at the early

imports to its popularity today and notable winners from the show ring to its versatility in other activities like agility and obedience. We hear from the most successful Japanese Spitz Junior Handler in the UK, the breed's rescue and rehoming service and how it has managed during the pandemic to what the breed is like to live with.

**Alison Skipper MRCVS discusses the unwelcome return of ear cropping and the history of this illegal procedure**

We update readers on the breed's health and the work of the Northern Japanese Spitz Club and invite five judges to choose their three favourite Japanese Spitz that they have judged in the show ring in Judges' Choice.

## CombiBreed adds five more breeds to health packages

Five more breeds are now eligible for CombiBreed™ health test packages, providing a simplified process for canine genetic health testing for the benefit of both dog breeders and owners. The test packages are designed to help eradicate some of the most concerning genetic disorders facing certain breeds.

The new tests are now available for:

- Alaskan Malamute
- Leonberger
- Norwegian Buhund
- Papillon
- Poodle (Miniature)

CombiBreed™ health test packages simplify the process of genetic testing by using a single cheek swab to check a dog's DNA for markers associated with a number of different inherited disorders. By making genetic testing more accessible it will help responsible breeders work towards eradicating these conditions and will encourage first time breeders to make the health of the puppies they breed a priority.

Results from these tests will automatically be registered on the dog's record and will be freely available on The Kennel Club website, allowing puppy buyers to check if the dog they are thinking of buying has come from health-tested parents. The packages are already available for 61 other breeds and are priced between £50 to £135 (with a 10% discount for Kennel Club assured breeders), allowing breeders cost-effective access to the most impactful genetic health tests without the need to carry out each one individually, with results that are easy to interpret.

The CombiBreed™ health test packages are available to order directly from The Kennel Club Shop. For more information on CombiBreed™ health tests packages, please visit [bit.ly/2XR4Bc4](https://bit.ly/2XR4Bc4)

## Significant change to obedience regulations announced

**Following discussions by the Obedience Liaison Council and consultation with the obedience community, The Kennel Club Board has approved a number of regulation amendments under the terms of which all stays will be removed from the list of exercises for obedience with effect from 1 January 2022. Stays are currently suspended until 31 December 2021 as part of the Covid-19 regulation amendments.**

Consideration of this matter has been ongoing for some time. Recommendations by the Obedience Liaison Council and the Activities Committee were not made lightly and were submitted to the Board only after careful consideration, as the removal of stays represents the most significant change to obedience regulations in a long time.

**These latest amendments to the obedience regulations are mostly concerned with removing references to stays**

The suspension of stays during Covid-19 had been well received and the benefits it provided to the smooth running of shows was noted during discussions. Additionally, it was hoped that new competitors would be more willing to try obedience without the stays as an exercise.

It had been discussed whether it was necessary to include an alternative control exercise in place of the stay exercise; however, it was decided that there were enough elements of control included as an inherent part of other exercises, therefore a new and separate exercise would not be needed.

These latest amendments to the obedience regulations are mostly concerned with removing references to stays. However, due to the removal of stays the number of marks available have been amended.

The marks required to be awarded obedience certificates have been adjusted from 300 to 230 to account for the removal of the stay exercise. Therefore, the number of points needed to qualify for the obedience certificate is now 215.

The total marks available for each class have also been adjusted and are now as follows:

Introductory .....	30
Pre-beginners .....	45
Beginners.....	70
Novice .....	70
Class A .....	110
Class B .....	170
Class C .....	230

Please note the relevant amendments to the obedience regulations are included within this journal and will be published on The Kennel Club website in due course. All references to stays will also be deleted.

# Two prestigious global agility championships in the UK in 2024

**The Kennel Club is proud to announce that the UK has been selected to host both the Junior Open Agility World Championships in 2023, followed by the European Open Agility Championships in 2024.**

The UK was due to host the European Open Agility Championships in 2020, which was sadly cancelled in the wake of the Covid-19 pandemic, but will now take up the mantle for the world-renowned competition in 2024.

The championships, which is one of the world's most prestigious international dog agility competitions, is open to both pedigree and non-

pedigree dogs which have been selected to represent their country.

The competition, which is supported by the Fédération Cynologique

Internationale (FCI), will take

place from Thursday 1 to Sunday 4 August 2024 at Rutland Showground in Oakham and is expected to welcome competitors from over 40 countries.

The championships will be preceded by the Junior Open Agility World Championships, also supported by the FCI, taking place from Thursday 13 to Sunday 16 July 2023. This is open to competitors aged 18 and under, and

was last held in Switzerland in 2019.

The last European Open Agility Championships took place in the Netherlands in 2019, attracting dogs and handlers from 42 countries.

The Kennel Club also holds the International Agility Festival which attracts dogs from all over the world, and was hosted by Rutland Showground for the first time in 2021. The 2024 festival will follow the European Open Agility Championships, providing an action-packed and energetic fortnight of agility, of all abilities and ages.

## The Kennel Club criticises post-Brexit pet travel report

**The Kennel Club has criticised a new report released on 30 September by the House of Commons Environment, Food and Rural Affairs (EFRA) Committee examining the Government's response to Brexit and pet travel.**

The Committee's 'Moving Animals Across Borders' report follows a five-month inquiry into how new Brexit regulations will impact pet travel, illegal movements of animals across borders, and economic interests. The report claims that requirements for those travelling from Great Britain to Northern Ireland with pet dogs, cats and ferrets can be eased by the United Kingdom obtaining 'Part 1

listed' status under EU travel rules.

"During an EFRA Select Committee hearing in November, the Government gave assurance that there would be no difference in paperwork for pet owners wishing to travel between Somerset and Northern Ireland than if they were to travel from Somerset to Scotland or Wales," said Dr Ed Hayes, Head of Public Affairs at The Kennel Club.

"Unfortunately, this is not the case, and we hoped the EFRA inquiry would recognise that it's unnecessary and unacceptable to require dog owners to vaccinate their dogs for rabies in order to travel from one part of the UK to another. Instead, the Committee

has recommended that the Government merely seeks to reduce the amount of EU mandated paperwork required to travel with their dogs, cats or ferrets from Great Britain to Northern Ireland." Read The Kennel Club's full statement at [bit.ly/2YTgu5j](https://bit.ly/2YTgu5j)

Marks must be graduated in accordance with the Kennel Club's specimen stay chart.

Barking, whining or minor movement such as sniffing the ground, shuffling, hip rolling or turning, without moving from the place where the dog was originally left, should not be considered to be a broken stay but may only be marked a nominal amount for minor movement or noise. Marks must be graduated in accordance with the Kennel Club's specimen stay chart.

The Kennel Club Charitable Trust's sole purpose is to 'make a difference for dogs'. Since its inception in 1987, the Trust has awarded over £10 million in grants by funding a wide variety of work ranging from supporting research into canine diseases to welfare initiatives and the promotion of support dogs. The Kennel Club supports the Trust by providing all its administration, fundraising and marketing requirements. Therefore, every pound that is raised goes directly to the Trust ensuring that our canine companions and people within the world of dogs enjoy the maximum benefit. If you would like to support the Trust, there are a variety of ways to achieve this, either by postal donations, direct debit or standing order, debit or credit card, gift aid and legacy.
