The Kennel Club Charitable Trust updates readers on its partnership with the Fédération Cynologique Internationale (FCI), and where the FCI is already directing funds to where they are needed most, helping the Ukrainian Kennel Union support its local branches.

In our news pages we hear the latest canine political updates, we invite Carolyn Menteith to answer a dog behaviour question, provide details on how to book a breed lunch at The Kennel Club, and Bill Moores reflects on general and group championship show anniversaries and in marking these special anniversaries how officers and committees have an opportunity to renew the interest in their events, welcome novice owners new to the show scene and tempt back those who were supporters in the past.

Kennel Club members are encouraged to join its new Facebook group

In health matters we welcome back Rachel Mowbray who discusses treatments for soft tissue injuries and conditions, our favourite dog walk this month comes from Vicki Wentworth, Managing Director of Agria Pet Insurance, who takes us around Worcestershire, and Kennel Gazette readers are offered special ticket rates at The Game Fair, Ragley Hall, Warwickshire on 29-31 July.

The athletic and strong Norwegian Elkhound, with its distinctive grey coat, is our breed of the month. We look at its heritage in Norway as guardians of the family and stock, Crufts winners, what it is like to train plus the breed's outstanding tracking abilities, the invaluable work of the Elkhound Rescue Fund, an update on breed health, and four judges choose their three favourite Norwegian

Elkhounds they have judged in the show ring in Judges' Choice.

Kennel Club members are encouraged to join its new Facebook group: Kennel Club members news from @thekennelclubuk and in

anticipation of The Kennel Club's 150th anniversary next year members are encouraged to share their memories as part of a memory project that Ciara Farrell, Library & Collections Manager is working on. For more information email ciara.farrell@thekennelclub.org.uk

Kathryn Mansfield, Kennel Club Secretary

The Kennel Club has been sad to announce that Kathryn Mansfield, Kennel Club Secretary will be retiring from her role in December 2022.

Kathryn joined The Kennel Club as a Junior Secretary in the shows department 46 years ago in June 1976. Over the years, Kathryn's career and role in the organisation grew where she managed the Canine Activities Team for many years, and in 2019 became Kennel Club Secretary.

Said Kathryn; "I have very much enjoyed my time at The Kennel Club and feel privileged to have been part of the organisation for all of my working life. I am especially pleased to have

been involved in the start of the Good Citizen Dog Training scheme and The Kennel Club Accredited Instructors scheme, both so central to the welfare of dogs, contributing to a good start in life. Added to which I was project manager for The Kennel Club Building at Stoneleigh Park.. Also, watching and where I could guiding members of staff to grow and progress in their Kennel Club careers has been a particular pleasure.

"I have seen many changes during my time

here, of course, some quite challenging. However, it is the goodwill of all involved, from the staff to the committees, who work tirelessly for The Kennel Club which has made me very proud to have played a role in making a difference for dogs."

Said Tony Allcock OBE, Chairman of The Kennel Club; "It is with great sadness that The Kennel Club is losing Kathryn. Kathryn has played a huge part in the history of The Kennel Club through her time spent working for the Club. Kathryn's tireless dedication

to her role and her expertise is going to be very much missed by all that work with her and we wish her all the best with her retirement."

The Kennel Club AGM

Continued from page 1

Other business conducted at the AGM included the election of four Honorary Life Members of The Kennel Club as follows:

- Mr P Follows
- Mr KR Newhouse
- Mrs GF Simpson
- Mrs EA Stannard

The following four Vice Presidents of the Kennel Club were re-elected:

- The Earl of Buchan
- The Rt Hon Lord Fairhaven JP DL KStJ
- The Lord Kirkham KCVO
- Sir John Spurling KCVO OBE

The members elected a new Vice President, Professor SP Dean BVetMed MRCVS DVR.

Reports were made to the members by Tony Allcock OBE, Kennel Club Chairman on the Club's activities; Mark Beazley, Kennel Club Chief Executive, who provided a report from the Executive as well as a presentation regarding the latest staff survey; Tom Mather, Chairman of Crufts Committee on the 2022 show; Kathryn Mansfield, Kennel Club Secretary with a report on the Non-Breed Standard Colours Working Party; Mark Johnstone, Chief Finance Officer, who provided the financial report for the Club; and Mark Bermingham, Head of Strategy, Planning & Insight, who provided an update on the new strategy and topline findings from the recent members' survey were provided by David Douglas from Membership Matters, the company who conducted the survey.

Mark Beazley said: "The AGM provided the opportunity for us to update our membership on the strategy progress currently being undertaken at The Kennel Club.

I am pleased that we have been able to give topline feedback on some of the

research that has been gathered so far which will be reviewed and will help shape the future direction of The Kennel Club as we approach our 150th anniversary.

"We have been extremely delighted with the feedback so far from our membership survey and have had a very good response rate of over 60%. Although early days, in analysis we can already see key themes emerging. The first two being that members firmly believe the role of The Kennel Club is to promote the safety and wellbeing of all dogs, and to encourage the responsible breeding of pedigree breeds. This comes as no surprise, but the high scores have shown how dedicated members are to the UK dog community. We have also noted that members wish their views to be considered as we look to develop our strategy to ensure The Kennel Club remains relevant, recognised and respected.

"Another theme indicates the appetite to look further at various aspects of what we do and our range of products and services. This is most heartening given where we are in our strategy development process and we appreciate the clear voice and support of the membership.

"As well as the member research we were also delighted to be able to share with the membership results from the recent staff survey that took place. The survey received an 83% response rate and it was great to see that there has been significant improvements in positivity for all comparable questions across the entire survey. It is worth noting that the agency executive carrying out the survey stated that in over 20 years delivering employee surveys, these

improvements are the most significant of any organisation that they have worked with across a similar timescale."

At the meeting, members were asked to vote on three motions regarding registration and transfer fees. These included raising puppy registration fees in line with inflation from £17 to £20; raising Assured Breeder puppy registration fees in line with inflation from £15 to £18; and raising transfer fees in line with

inflation from £17 to £20. Finally,

for a change in regulation which would allow the Kennel Club Board to increase such fees in line with inflation based on the UK Retail Price Index (RPI) monthly index as are required for the registration of dogs, pedigrees, kennel names, clubs and societies

together with the show and trial licences. In the case of increases above RPI, the members in the general meeting would, on the recommendation of the Board, determine such fees.

Representations were made to the meeting to why The Kennel Club Board had put forward these recommendations by Mark Johnstone with the message that underinvestment could be detrimental for the future of The Kennel Club. Mark outlined that it can lead to outdated services and systems that are not truly future-proofed, and that it is only realistic, inflationary rises which would enable The Kennel Club to provide its core services to the best possible level and enable it to support the most effective delivery of our not-for-profit activities, for the betterment of dogs. A 66.6% majority vote was needed on all three of these recommendations in order for them to pass, which was not received and therefore these motions were not carried.

The full report of the AGM will be included in the August issue of the Kennel Club Journal

The Kennel Club gives advice to improve Bulldog health

The Kennel Club has responded to new research analysing Bulldog health in comparison to other breeds.

Funded in part by The Kennel Club Charitable Trust, the research looked at the risks of the most common conditions in Bulldogs, when compared to other breeds, which included Brachycephalic Obstructive Airways Syndrome (BOAS) that is often linked to flat faced breeds. BOAS affected four per cent (112 dogs of 2,662) of Bulldogs in the study – but they were 20 times more likely to suffer from the condition than other breeds of dog.

The research showed other similar conditions linked to brachycephaly (flat faces) and the likelihood of the conditions occurring in Bulldogs – for example 7 per cent of Bulldogs in the study suffer from skinfold dermatitis, 6 per cent were affected by cherry eye and 2 per cent by a jutting lower jaw – and it also showed the increased chances of the condition occurring when compared to other breeds.

Researchers compared the risks of common disorders in Bulldogs to other dogs by analysing records from veterinary practices across the UK from 2016 using the VetCompass database.

Overall, this study showed the most likely conditions to affect Bulldogs after ear infections were obesity and overgrown nails, which can be tackled by better owner care and awareness.

The five health conditions most common in the Bulldogs studied were:

- **Ear infections** (16 per cent, or 431 dogs in the study)
- **Obesity** (10 per cent, or 253 dogs in the study)
- **Overgrown nails** (7 per cent, or 187 dogs in the study)
- **Skin fold dermatitis** (7 per cent, or 178 dogs in the study)
- **Cherry eye** (6 per cent, or 151 dogs in the study)

Bill Lambert, spokesperson for The Kennel Club said: “This research, funded in part by The Kennel Club Charitable Trust, enables us and all those who care about improving Bulldog health to understand more about these complex issues. It is vital that people are aware of the health problems that can be associated with flat faced dogs like Bulldogs – which we must all work together to continually address – and stop and think before they buy.

“The most common health conditions that Bulldogs were shown to suffer from in this study – which after ear infections were obesity and overgrown nails, can be tackled by better owner care and awareness. Those conditions that Bulldogs rank the most highly for in comparison to other breeds, such as a breathing condition known as BOAS that affects around 4 per cent of Bulldogs studied, can be tackled by better use of the health tests available to breeders, such as our breathing test, the Respiratory Function Grading Scheme, which is mandatory for Kennel Club Assured Breeders.

“Our overriding message to owners and prospective owners of Bulldogs is that whilst the number of Bulldogs impacted by many of the conditions in the study is thankfully low, their chances of suffering from them are much higher than other breeds because they are conditions often related to flat-faced dogs, but there are steps they can take to reduce these risks, such as using health tests and going to a Kennel Club Assured Breeder.

“We urgently want to see people choosing dogs not just because they like the way they look, which is often

driven by celebrity and social media, and instead find breeders who use the health tools available and breed a non-exaggerated dog, where health comes first, as described in the breed standard. Whole breed bans, in contrast to responsible breeding and buying, fail to address the issues and drive breeding further underground, to the detriment of dog welfare.”

Dr Alison Skipper, who co-authored the study, said: “Around 1900, some Bulldog breeders were already concerned that the exaggeration of ‘certain typical points’ was ‘intensifying predispositions to disease’ and producing ‘cripples and deformities’ with ‘a sadly shortened duration of life’. This new research provides strong evidence that modern Bulldogs remain troubled by many diseases linked to their body shapes, most of which have been recognised for more than a century. It confirms the need to follow the example of more responsible breeders who prioritise health in breeding decisions to improve the welfare of this popular and iconic breed in the future.”

The full research can be found **here** and more information about what The Kennel Club is doing to improve and protect dog health, tools for responsible breeders and advice for owners is available at thekennelclub.org.uk/Brachyhub

Find a Show/Trial service returns to The Kennel Club website

The Kennel Club has announced that the new and improved Find a Show/Trial service is now available online at thekennelclub.org.uk/FAS.

The new Find a Show/Trial service will now include listings for field trials and companion dog shows, alongside all licensed events for agility, Bloodhound working trials, dog shows, heelwork to music, obedience, rally and working trials.

As well as the addition of the new activities, 'Find a Show' will also include an 'add to calendar' function so particular shows can easily be added to personal calendars via desktops and mobiles. Each show profile will be enhanced with approved Championship show/trial judges and a link to the judge's profile on Find a Judge to easily reference a judge's previous judging history.

The popular general and group championship show list, which was previously only available as a PDF, will

also be merged into the new Find a Show/Trial service to bring everything together and enable exhibitors to easily access up-to-date information as changes happen in The Kennel Club's live system. Coming soon will be a further new option which will include general and group open shows when searching by breed; previously this search was only possible for championship shows and breed club shows.

Kathryn Mansfield, The Kennel Club Secretary said: "We hope that those exhibiting and competing at Kennel Club licensed events will find this new service valuable in making decisions about which shows and trials to attend.

"We apologise for the delay in relaunching this popular service whilst

all the popular functionality such as searching by date, location and activity were developed. The additional enhancements we have now included ensure all activities are provided with the same level of service.

"Whilst every effort has been made to ensure the data is accurate and up-to-date, the service reflects what show and trial societies have provided. Should anything be incorrect, an online form has been set up to enable show and trial organisers to contact our dedicated team who are on hand to resolve these as quickly as possible.

"We hope that this improved functionality on our website is of benefit to our customers and look forward to receiving feedback."

The Kennel Club 'Find a Rescue' returns

The Kennel Club has also announced that the new Find a Rescue is now available on its website.

The new Find a Rescue service, includes the contact details of co-ordinators and area representatives for each breed rescue and an 'about us' section which will contain further information about the breed rescues and links to websites as supplied by the individual organisations.

The Kennel Club promotes the general improvement, health and wellbeing of all dogs through responsible breeding and ownership. As part of this objective, it plays an active role in rescue, bringing together the many breed specific rescue organisations within the UK. The online Breed Rescue Directory provides initial

points of contact for the many enquiries received about dog re-homing and rescue.

Said Bill Lambert, Health, Welfare and Breeder Services Executive; "Breed rescue organisations are operated by experts in specific and individual breeds who will have specialist knowledge about the type of environment and care the breed requires.

The primary aim of any rescue organisation is to find a permanent, loving home for a dog in need, and by using this specialist knowledge these breed experts can assist and advise prospective owners about whether the breed that they are seeking is the right match for them and will fit

into their lifestyle providing a greater chance of a happily ever after.

Some rescue dogs may have been uprooted from a loving family due to misfortune. Some may have been abused or neglected and will need a lot of patience and care to recover from any trauma they may have already

experienced in their short lives. Therefore, a potential owner can expect the rescue organisation to undertake careful checks to ensure that the home being offered suits the particular needs of the dog.

Providing a home to a rescued dog can be challenging, but it is also very rewarding to offer a fresh start and a happy life to a dog in need. Breed rescue organisations will work with new owners to advise where possible on the background of the dog concerned and any associated behavioural traits, ensuring that the dog's long-term future will be secure."

Vulnerable British and Irish Breeds competition returns this year

Heats for The Kennel Club Vulnerable British and Irish Breeds competition have started to take place and will again culminate in a grand final at Crufts 2023.

To raise awareness of vulnerable British and Irish dog breeds, and to recognise those people who are dedicated to their survival and prosperity, The Kennel Club created the competition in 2015. The competition has proved very popular and at Crufts 2022, six-year-old Elsa (Sh Ch Flaxheath Top Model at Glenmaurangi), a Gordon Setter, owned by Angela Phillips from Lincolnshire, and Tereza Watkins from Gloucester, won the grand final.

Following a similar format to the one used in 2021, only the Best of Breed winners at designated championship shows this year, one of which has already taken place, will qualify for the final.

The competition is open to all vulnerable British and Irish breeds competing at the following championship shows:

- Hound Association
- National Working and Pastoral Breeds Society
- National Gundog Association
- United Kingdom Toy Dog Society
- National Terrier Club

Dogs of breeds which are on The Kennel Club's Vulnerable British and Irish breeds list which win Best of Breed at the above shows will be

invited to compete in the grand final at Crufts 2023. In cases where the Best of Breed winner is unable to compete in the final, the Best Opposite Sex winner will be invited.

“It is a fantastic way to promote them as the wonderful dogs they are”

Following registration statistics from 2021, the Miniature Bull Terrier, Old English Sheepdog and Bearded Collie have shown an increase in registrations at just over 300 a year and are therefore no longer on

The Kennel Club's Vulnerable British and Irish Breeds list so are unable to qualify for the Crufts 2023 competition.

Vanessa McAlpine, Crufts Show Manager, said: “The Vulnerable British and Irish Breeds Competition final is a very important event at Crufts. It is a fantastic way to highlight the plight of these breeds and promote them as the wonderful dogs they are.

“It is important that the show societies work with breed clubs of vulnerable British and Irish breeds so that these clubs can inspire their membership to enter the classes and take part in the competition. Crufts is a great showcase for pedigree dogs and the perfect chance to show the world just how special the vulnerable British and Irish breeds really are.

“We are delighted to see the increase in registrations for the Miniature Bull Terrier which is up 97%, the Old English Sheepdog, 66% and the Bearded Collie, 28% and hope that the registrations for these breeds continue to rise.”

To find out more about the competition, please visit
crufts.org.uk/dog-exhibitors/dog-showing/vulnerable-breeds-competition

All Crufts finalists will be notified by The Kennel Club.

Events

Important message regarding awards gained at all licensed events

We would like to apologise that due to the operational issues currently being experienced by The Kennel Club, competitors at forthcoming licensed events will experience a delay on the issue of awards by our office. However, we would like to remind competitors that it is permitted to enter events where eligibility is dependent upon awards and/or titles which are pending confirmation, e.g. champion stakes. Any disputes regarding eligibility will be dealt with subsequently.

Any queries please email KCNotifications@thekennelclub.org.uk

We appreciate the patience of competitors and exhibitors.

Important message regarding awards gained at all licensed events

We would like to apologise that due to the operational issues currently being experienced by The Kennel Club, competitors at forthcoming licensed events will experience a delay on the issue of awards by our office. However, we would like to remind competitors that it is permitted to enter events where eligibility is dependent upon awards and/or titles which are pending confirmation, e.g. champion stakes. Any disputes regarding eligibility will be dealt with subsequently.

Any queries please email KCNotifications@thekennelclub.org.uk

**We appreciate the patience of competitors and exhibitors.
For more information please see thekennelclub.org.uk/resumptionofevents**

Important message regarding awards gained at all licensed events

We would like to apologise that due to the operational issues currently being experienced by The Kennel Club, competitors at forthcoming licensed events will experience a delay on the issue of awards by our office. However, we would like to remind competitors that it is permitted to enter events where eligibility is dependent upon awards and/or titles which are pending confirmation, e.g. champion stakes. Any disputes regarding eligibility will be dealt with subsequently.

Any queries please email KCNotifications@thekennelclub.org.uk

We appreciate the patience of competitors and exhibitors.
For more information please see thekennelclub.org.uk/resumptionofevents

Important message regarding awards gained at all licensed events

We would like to apologise that due to the operational issues currently being experienced by The Kennel Club, competitors at forthcoming licensed events will experience a delay on the issue of awards by our office.

However, we would like to remind competitors that it is permitted to enter events where eligibility is dependent upon awards and/or titles which are pending confirmation, e.g. champion stakes.

Any disputes regarding eligibility will be dealt with subsequently.

Any queries please email KCNotifications@thekennelclub.org.uk

We appreciate the patience of competitors and exhibitors.

THE KENNEL CLUB
ASSURED BREEDERS

Find a puppy with the Assured Breeders scheme

Owners who buy from a Kennel Club assured breeder spend nearly 20% less in vet bills* compared to those who buy a dog elsewhere.

Our dog is the light in our lives. Would always recommend a Kennel Club assured breeder.

Cherith Hancock

I love my dog because this little bundle of fluff is the best thing that ever happened to us.

Jeffrey Howarth

I love my dog because of the way he looks at me, his playful nature and his unconditional love.

Anna Clarke

I love my dog because she is my devoted best friend.

Stephen White

For a healthy, happy puppy always buy from a Kennel Club assured breeder and do your part to help put puppy farmers out of business.

The Emblehope & Burngrange Estate Northumberland

A Centre of Excellence for Working Dogs

This beautiful moorland estate stretches to some 7,550 acres and is absolutely ideal for walked up trialling and training for Retrievers, Spaniels and HPRs. The estate offers both Pheasant and Partridge shooting and the varied terrain offers opportunities for all breeds of Gundog to demonstrate their natural working abilities. Woodland cover provides excellent hunting for Spaniels whilst the stretching moorland is ideal for challenging retrieves and for the pointing breeds to show off their hunting abilities to the full.

As a Centre of Excellence for Working Dogs, the Estate also welcomes the full range of working dog activities including:

- Field Trials including Pointer and Setter Spring Stakes
- Gundog Working Tests
- Gundog Training Days
- Live Game Training Days
- Pointing Tests
- Working Trials
- Bloodhound Trials
- Activity Training Days
- Shooting and Gundog Activities

RULE A11

DISCIPLINARY COMMITTEE

28 APRIL 2022

MRS M WATSON & MS E DISNEY

The Committee having carefully considered the evidence, find that the complaint brought by the Kennel Club under Kennel Club Rule A11 a (1) (b) against Mrs Michelle Watson and Ms Elisabeth Disney is upheld; namely that Mrs Watson and Ms Disney behaved discredibly or prejudicially to the interests of the canine world in that they have misrepresented and provided incorrectly amended or altered copies of preliminary canine test results issued by Animal Genetics UK to puppy owners to

the effect that parents of respective puppies were clear/not affected of the CDDY mutation but which was false information and they failed to show due care and consideration to puppy owners.

The Committee imposes the following penalties:

1. To warn them as to their future conduct [A11 j (1)]
2. To censure them [A11 j (2)]
3. To disqualify them from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Kennel Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the Board shall have the power to increase the period of disqualification [A11 j (4)]
4. To disqualify them from being or becoming a member of any canine club or society registered with or affiliated to the Kennel Club [A11 j (5)]
5. To disqualify them from acting as an Officer or serving on the Committee of any canine society [A11 j (6)]
6. To disqualify them from taking part in the management of any event licensed by the Kennel Club [A11 j (7)]
7. To disqualify them from judging at any event licensed by the Kennel Club [A11 j (8)]
8. To disqualify them from effecting registrations of any or all dogs and/or progeny of such dogs which are owned and/or registered by them (whether or not jointly owned and/or whether or not owned and/or registered in the name of a nominee) [A11 j (9)]

The suspensions and disqualifications are to be for a period of Four (4) years, except the suspensions and disqualifications under A11.j.5 – A11.j.8 which are to be for a period of Seven (7) years, from 28th April 2022.

The Committee, following the impositions of these penalties, would draw the attention of the Respondent/s to the effect of Rule A11 sub-sections l and n.

Summary of the Committee Observations

1. This is a rare case based upon the dissemination of incorrect genetic health test results about the health of the parent dogs for various puppies supplied by Mrs Watson and Ms Disney, two breeders in partnership. The breeders are alleged to have provided false and incorrect health test result confirmation documentation for parents of puppies being supplied by the breeders.
2. This case involved two preliminary genetic health test confirmations for CDDY mutation from Animal Genetics UK which were not genuine documents. Animal Genetics UK denote Upper Case annotations for results for dominant genes (CDDY) and lower case annotations for recessive genes.

The relevant email health test confirmations for the CDDY results were shown in lower case – and Animal Genetics UK confirmed that they were not genuine and had been altered as the annotation was not in line with their reporting protocol.

There were clearly two false documents – copy email preliminary canine test results confirmations from Animal Genetics UK dated 28 November 2018 showing the Dam/Sire listed below with test results misrepresented.

RISHLYN LA BELLE AMOUR

Result for CDDY shown as n/cddy

Animal Genetics system would show result in upper case N/CDDY
RISHLYN LA BELLE AMOUR is therefore shown (with incorrect annotation) as a carrier for CDDY

PETIT CASSON'S OMEGA

Result for CDDY shown as n/n
Animal Genetics system would show result in upper case N/N

PETIT CASSON'S OMEGA was shown as not affected (clear) of CDDY – albeit with incorrect annotations.

Animal Genetics confirmed results altered/tampered with.

3. The fact the results were not correct became apparent as progeny from the parents when tested were showing as affected or carriers for the CDDY mutation. That being so – both parents must have been at least carriers. The actual results have never been disclosed by Mrs Watson or Ms Disney and it is said that no actual health test certificate from Animal Genetics UK has ever been produced.
4. This was a troubling case which the Disciplinary Committee has worked through carefully. The Committee is tasked with establishing whether Mrs Watson and Ms Disney did on the balance of probabilities, in other words more likely than not, provide misleading or altered information to puppy buyers and as such contravened the Kennel Club Code of Ethics.

The Kennel Club Code of Ethics provides breeders/owners:

Will not knowingly misrepresent the characteristics of the breed nor falsely advertise dogs nor mislead any person regarding the health or quality of a dog.

5. The two email preliminary canine test result confirmations were sent to Ms Disney via her email address by Animal Genetics UK. It is by virtue of direct witness evidence and also as confirmed by Mrs Watson that these documents were in the possession of Mrs Watson and Ms Disney and were given to two puppy owners in their puppy packs.
6. In terms of the listed and affected puppy buyers – the DNA test for CDDY became available in 2018. There is evidence of direct proximity between Mrs Watson and Ms Disney and the two puppy buyers receiving puppy packs with the misleading email confirmation of the CDDY results in 2018. The other puppy owners listed in the complaint have seen or been made aware of the email confirmation of the test results (the puppies having been born well before the date of the test introduction) and there is anecdotal evidence of verbal assurances of 'clear' status for the respective parents being given by the breeders. The Committee has focused on the evidence of the two puppy owners to retain a sensible chronology and because the test was actually only available from 2018.
7. Mrs Watson appears to admit that the email documentation with the false hood was given to the puppy owners;
Point 4) As stated previously I no longer have access to the computer that stored the test results as the files corrupted and could not be retrieved. The computer was subsequently disposed of and this is an inconvenient truth on my part.

I would like to reiterate that I have never been in receipt of the paper watermarked copies of

KC File for July

the final results. The preliminary results sent by email is all that were available and these have been passed onto the puppy owners. All our dogs test results were on that computer.

8. One of the puppy buyers provides evidence that Mrs Disney subsequently advised that upon a retest of PETIT CASSON'S OMEGA the 'results had changed'. There has been no evidence of the changed test result, despite requests, and this has been explained by the loss of the relevant computer upon which all the results were held. Despite request, the actual test certificate either from 2018 or the changed result in September 2020 has never been produced.
9. The Committee noted that Ms Disney has not participated in the proceedings and that her sister Mrs Watson confirms that she was unavailable due to illness and has retired from the dog world. Mrs Watson asserts that it was Ms Disney who was responsible for the paperwork.
10. In terms of responsibility – the two parent dogs, RISHLYN LA BELLE AMOUR and PETIT CASSON'S OMEGA were jointly registered dogs owned by Mrs Watson and Ms Disney. The Committee does not accept that responsibility can be separated and attributed individually in this context. The dogs supplied were in joint registered ownership. Mrs Watson and Ms Disney were both breeders of the dogs concerned and under the joint Kennel Name, HappyPaws.
11. Mrs Watson suggested that Animal Genetics UK is prone to making mistakes but there is no evidence of sustained challenge by Mrs Watson with the laboratory for providing them with incorrect test results and not producing the actual health test certificate.
- In any event Animal Genetics UK has confirmed on several occasions that the respected email confirmations are not genuine and incorrect.
12. The Committee is satisfied that on the balance of probabilities and on the basis of the evidence of the direct connection with the two puppy buyers that Mrs Watson and Ms Disney supplied the incorrect test results and misrepresented the genetic test results to those puppy buyers and upheld the complaint accordingly.

Footnote

The Committee understand that there is debate over the usefulness and relevance of testing for CDDY. The Kennel Club does not require or record the test and that there are other scans/ investigations that could be carried out for those concerned with the CDDY status or otherwise of their dogs.

The Committee were given notes from the Kennel Club about its position on the CDDY health testing which was thought to be helpful and beneficial to any puppy buyer affected in terms of impact of such tests results or doing other examinations and checks. The note on the Kennel Club's position has been included for reference for all interested parties in this case.

The relevance of the test or otherwise does not detract from the central allegation over the dissemination of incorrect information about a genetic test result given to the puppy buyers in this case.

DISCIPLINARY COMMITTEE

28 APRIL 2022

MR MARK GIBSON

The Committee having carefully considered the evidence and the submissions, find that the complaint brought by the Kennel Club under Kennel Club Rule A11 a (1) (b) against Mr Mark Gibson namely that he behaved discreditably or prejudicially to the interests of the canine world in that at the Usk Valley Working Gundog Club Novice AV Spaniel Trial held on 9 December 2021 he was threatening and abusive towards the judges at the Trial, is upheld.

The Committee imposes the following penalties:

1. To warn him as to his future conduct [A11 j (1)]
2. To censure him [A11 j (2)]
3. To disqualify him from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Kennel Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the Board shall have the power to increase the period of disqualification [A11 j (4)]
4. To disqualify him from being or becoming a member of any canine club or society registered with or affiliated to the Kennel Club [A11 j (5)]
5. To disqualify him from acting as an Officer or serving on the Committee of any canine society [A11 j (6)]
6. To disqualify him from taking part in the management of any event licensed by the Kennel Club [A11 j (7)]
7. To disqualify him from judging at any event licensed by the Kennel Club [A11 j (8)]
8. To disqualify him from effecting registrations of any or all dogs and/or progeny of such dogs which are owned and/or registered by him (whether or not jointly owned and/or whether or not owned and/or registered in the name of a nominee) [A11 j (9)]

The suspensions and disqualifications are to be for a period of Five (5) years from 28th April 2022.

The Committee, following the impositions of these penalties, would draw the attention of the Respondent/s to the effect of Rule A11 sub-sections l and n.

Committee Statement:

Field Trial competitors visibly represent the sport in front of host estate owners, other participants including the guns and any inappropriate behaviour can have a detrimental effect on sourcing grounds to accommodate future field trials. It is uppermost in the minds of field trial organisers that the conduct of competitors should be beyond reproach.

Under Kennel Club Regulation J.9.b.(13), all participants at licensed events should be aware of and abide by the Codes of Conduct and in particular should never publicly impugn decisions of the judges.

Abusive or aggressive behaviour towards judges, other participants, management or other officials is not acceptable in any context.

Mr Gibson's behaviour had been confrontational and threatening towards the judges to the extent he had to be restrained by others and has brought the sport into disrepute.

The Committee noted no response or mitigation had been received from Mr Gibson.

The Disciplinary Committee hold strong views

about aggressive, challenging and disrespectful behaviour and in keeping with those view the above penalties have been imposed.

DISCIPLINARY COMMITTEE

28 APRIL 2022

MRS HELEN GRACIE

The Committee having carefully considered the evidence and the submissions of Mrs Helen Gracie, find that the complaint brought by the Kennel Club under Kennel Club Rule A11 a (1) (b) against Mrs Gracie, namely that she behaved discreditably or prejudicially to the interests of the canine world in the submission to the Kennel Club of an application for a litter registration which was incorrect, is upheld.

The Committee imposes the following penalties:

1. To warn her as to her future conduct [A11 j (1)]
2. To censure her [A11 j (2)]
3. To disqualify her from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Kennel Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the Board shall have the power to increase the period of disqualification [A11 j (4)]
4. To disqualify her from being or becoming a member of any canine club or society registered with or affiliated to the Kennel Club [A11 j (5)]
5. To disqualify her from acting as an Officer or serving on the Committee of any canine society [A11 j (6)]
6. To disqualify her from taking part in the management of any event licensed by the Kennel Club [A11 j (7)]
7. To disqualify her from judging at any event licensed by the Kennel Club [A11 j (8)]
8. To disqualify her from effecting registrations of any or all dogs and/or progeny of such dogs which are owned and/or registered by her (whether or not jointly owned and/or whether or not owned and/or registered in the name of a nominee) [A11 j (9)]

The suspensions and disqualifications are to be for a period of Five (5) years from 28 April 2022.

The Committee, following the impositions of these penalties, would draw the attention of the Respondent to the effect of Rule A11 sub-sections l and n.

Following the expiry of the disqualifications should Mrs Gracie resume registration activity then all litter registrations should be subject to the Regulation B22.f DNA verification process.

Committee Statement:

The facts of the case involved two litters which were sired by Mrs Gracie's stud dog Wynele Reason to Believe in Summergate. There was a litter of six puppies (born 6 March 2021) and a litter of four puppies (born 11 March 2021 however three of the four puppies did not survive). Mrs Gracie was looking after the litter of six puppies on behalf of another breeder. When the dam of the litter of six puppies also unfortunately died, the dam of the litter with the one surviving puppy then reared all seven puppies.

Mrs Gracie explained that due to personal circumstances, her husband had completed the litter registration on her behalf and had amalgamated the seven puppies and registered as one litter which was not correct as six puppies

KC File for July

were being registered with the wrong dam being cited.

The Committee's view that as Mrs Gracie is an experienced breeder who has been registering litters for over twenty-five years, that this was not satisfactory mitigation.

The Committee considered Mrs Gracie's husband would have had sufficient familiarity to understand and appreciate that the submission of a litter registration with the wrong dam attributed for six puppies was an improper thing to do. In any event, Mrs Gracie, as the breeder, bears the ultimate responsibility for the litter registration and such mis-registration from an experienced breeder is unacceptable.

The impact in this case is that a litter registration consisting of seven puppies was compromised to the extent that six puppy registrations had to be removed.

The Committee noted that Mrs Gracie had admitted the mis-registration occurred and co-operated with the Kennel Club in the correction of the registrations.

The Committee noted that Mrs Gracie has stated her intention not to continue breeding in the future.

The Kennel Club relies upon the honesty and integrity of breeders when registering their dogs and takes very seriously any mis-registration of Kennel Club registration records. The impact upon the registration system is that the trust and confidence in Kennel Club registration is compromised and undermined. A mis-registration may also result in the potential distortion of health test results if the registration is incorrect or untrue. In the case of a mis-registration the Committee is tasked with determining the proportionate penalty, with factors to consider in determining penalties being:

1. If the mis-registration was deliberate or inadvertent/accidental/mistake
2. The impact of the mis-registration
 - i. The volume of litters/puppies affected
 - ii. The consequences i.e. if the registration is corrected, annotated or cancelled
 - iii. Whether the mis-registration relates to one parent or both
3. If the breeder has admitted to the mis-registration

4. If the breeder has co-operated in repairing and rectifying the mis-registration
5. If the breeder has shown contrition
6. Whether the breeder is a novice or experienced breeder
7. Character testimonials
8. Precedent from previous cases

The Disciplinary Committee reviewed the case in light of the factors above and in view of the seriousness with which the Disciplinary Committee views these offences the above penalties have been imposed.
