The Kennel Club Chairman and Vice-Chairman

The Kennel Club Board has re-elected Tony Allcock OBE as The Kennel Club Chairman with Paul Eardley newly appointed as Kennel Club Vice-Chairman.

The previous Vice-Chairman, Dr Ian Gabriel, was thanked by the Board for his valuable contribution since 2019. Tony Allcock OBE said: "Ian has been a great asset to the board in his role as vice-chair. However, we appreciate that due to his professional commitments, Ian feels that he is unable to carry on such a leadership role. We are grateful that Ian will still remain on the Board as we benefit greatly from his expertise."

Record-breaking success for young agility handlers and dogs

The Young Kennel Club (YKC) Agility Team GB made history by winning three gold medals at the Junior Open Agility World Championships in Vantaa, Finland, which took place from 14-17 July.

13-year-old Taylor Lyon from Northampton won gold in the Medium Under 15 category with her Cocker Spaniel, Elliott, while 14-year-old Max Glover from Market Drayton, Shropshire took gold in the Medium Under 19 category with his crossbreed, Woody, earning the pair the title of Junior World Champions. Max also took overall bronze in the Large Under 19 category with Boost, a Border Collie, and a number of handlers also gained overall top 10 positions.

In addition, Team GB Purple, made up of Max, Taylor, 17-year-old Mariann Bayliss from Astley Burf, Worcestershire and 16-year-old Will Bacchus from Holsworthy, Devon also took gold in the Medium Team competition.

The Junior Open Agility World Championships attracted nearly 300 dogs and handlers from all over the world, with countries represented at the competition including the USA, Switzerland and Germany. This was the sixth time a junior team from Britain made up of YKC members had competed at the championships.

YKC Agility Team GB is sponsored by The Kennel Club, Natural Instinct, Galican and Dog Sports Derby. The coaching team consisted of Greg Derrett (team manager), Anthony Clarke (team coach), Victoria Fraser

(team vet), Ann Roberts (safeguarding and support officer), and Tina Davies (results analyst), who travelled to Finland with them.

YKC Agility Team GB Manager, Greg Derrett said of their achievement: “Bringing home three gold medals from any World Championships is an amazing achievement and I’m exceptionally proud of our handlers.

“Not only that, but the camaraderie within the team and watching them bond since being selected in March to a totally cohesive unit with every single one of them playing their part in winning the medals has been great to witness. I am excited to see what they

can no doubt achieve in their futures.”

Phil Keen, Managing Director of Natural Instinct, sponsor of YKC Agility Team GB, said: “Natural Instinct are proud to sponsor YKC Agility Team GB and were thrilled to learn of the success over the weekend in Finland with the team winning not one, not two but three gold medals. Performances by all were top class and we are extremely proud of all those who have competed. Well done!”

The European Open Junior Championship will be held in United Kingdom in 2023. Details of the squad selection process can be found on the Team GB website – thekennelclub.org.uk/agilityteamgb

The Kennel Club announces inaugural health and welfare conference

The Kennel Club has announced tickets are on sale for its first Health and Welfare Conference, bringing together dog health and welfare experts, breed community representatives, owners and breeders.

Following the increase in dog ownership, the inaugural two-day event, taking place on November 12 and 13 2022 at Chesford Grange, Kenilworth, aims to drive collaboration and discussion on pertinent canine topics to ultimately improve the health, well-being and welfare of dogs now, and in the future.

The Kennel Club is facilitating workshops, seminars and talks from a range of experts renowned in their respective fields of canine research and well-being – including genetic researcher Dr Joanna Iliska, cardiology specialist Dr Hannah Stephenson, Dr Dan O'Neill of the Royal Veterinary College, and veterinary historian Dr Alison Skipper – discussing prevalent topics such as 'What does DNA tell us and do breeders understand it?' and 'How can we breed healthier dogs in the future?'

The outline programme for each day is as follows:

Saturday

Seven talks on topics including: Understanding Estimated Breeding Values and Genetic Breeding Values for healthier breeding and heart health and pre-breeding screening

Sunday

Three workshop sessions on topics including: How to breed healthier dogs, the role of breed standards and what does DNA really tell us?

Open to anyone interested in discussing and collaborating to improve dog health and welfare, tickets for The Kennel Club's 2022 Health and Welfare Conference are available to purchase on The Kennel Club website. The cost per delegate is £35.00 for both days, including lunch and refreshments, with discounted tickets for Breed Health and Rescue Co-ordinators.

Bill Lambert, Health, Welfare and Breeder Services Executive at The Kennel Club said of the event: "We are so pleased to be introducing the first Kennel Club Health and Welfare Conference. After a turbulent few years, we felt it extremely important to bring together a host of different expertise and perspectives to discuss and align on priorities for improving dog health and welfare.

"These important seminars and workshops really benefit from being in-person where everyone can feel inspired to collaborate in discussion and ask big-picture questions to improve the wellbeing of dogs."

For further information about the conference, including details about the speakers, talks, accommodation, travel and stands from external organisations, please visit The Kennel Club website or email Health (The Kennel Club)

Skinner's renews sponsorship across The Kennel Club events

The Kennel Club is pleased to announce that Skinner's will be continuing to support a number of key Kennel Club field trial and agility events until March 2025, following the renewal of their sponsorship.

Commencing with The Kennel Club Gundog Working Test, which took place from Wednesday 15 June to Sunday 19 June 2022, Skinner's is remaining as an exclusive dog food sponsor across many Kennel Club field trial events, which are among the highlights of the working gundog calendar, including the Cocker Spaniel Championship, the Hunt Point and Retrieve Championship and the Any Variety Spaniel (Except Spaniel [Cocker]) Championship.

Furthermore, Skinner's will also remain as exclusive dog food sponsors of various Kennel Club events, with the exception of Crufts, which they will continue to support. These events include The Kennel Club International Agility Festival, the world's largest agility festival for dogs and their owners, and The Kennel Club Agility Stakes, held as part of The London International Horse Show at ExCeL London.

Vanessa McAlpine, Events Executive at The Kennel Club, said: "We are delighted that Skinner's will continue to offer support across our field trials and agility events. Both Skinner's and The Kennel Club recognise the importance of happy and healthy dogs competing to the best of their abilities, whether that is in the agility ring or out in the field, and we are looking forward to both this renewed partnership, as well as the events themselves, which will see both working gundogs and agility competitors at the top of their game."

Hiedi Hutchinson, Marketing Director at Skinner's, said: "We are thrilled to continue to be involved with The Kennel Club across an exciting few years of agility and field trial events. Skinner's has a proud heritage of supporting clubs, tests, trials and championships, as well as a long-standing commitment to the gundog community and we are looking forward to supporting this year's events, and many more in the future."

Hereditary clear status

The Kennel Club has announced that it is unfortunately necessary to pause the changes to its policy on 'hereditary clear' status, which were due to become effective from the start of next year.

The Kennel Club previously announced that, from January 2023, the assignment of 'hereditary clear' status of registered dogs would be limited to two generations, unless lineage is verified by DNA parentage profiling. Unfortunately, technical challenges have meant that we have needed to pause this complex project, which requires extensive testing before it can be implemented, and allow further development work to be carried out.

Therefore, The Kennel Club's current policy for assigning 'hereditary clear' status to progeny – if their parents are known to be clear for the same autosomal recessive condition, either because they have both been DNA tested as clear, or because they are hereditary clear themselves – will remain for the foreseeable future.

'Hereditary clear' status is given to dogs that are determined to be free of specific genetic material linked to a particular inherited disease.

The Kennel Club continues to strongly recommend that all breeding dogs, including apparently 'clear' lines, are retested every two generations

Following on from a Kennel Club study, published in the journal of Canine Genetics and Epidemiology, a decision to restrict hereditary status was made by The Kennel Club Board on the recommendation of the Dog Health Group. This change was put forward to safeguard against the impact that dogs with an incorrect 'hereditary clear' status could have on health issues within a breed. Dogs could be mistakenly given a false 'hereditary clear' status for several reasons e.g., if there has been a failure of laboratory protocols, pedigree errors or incorrectly recorded parentage.

In these instances, it is unlikely that the inaccuracies would be noticed immediately but instead several generations later, and the well-intended mating of two apparently hereditary clear dogs risks producing affected puppies. To mitigate the risks faced by a population following the incorrect assignment of hereditary status, The Kennel Club previously announced that, from January 2023,

the assignment of 'hereditary clear' status of registered dogs would be limited to two generations, unless lineage is verified by DNA parentage profiling.

The Kennel Club continues to strongly recommend that all breeding dogs, including apparently 'clear' lines, are retested every two generations to reduce the impact of errors and ensure the 'hereditary clear' status is as effective and reliable as possible, thereby reducing the risk of unintentionally breeding affected puppies.

Bill Lambert, The Kennel Club's Health, Welfare and Breeder Services Executive said: "DNA tests help breeders to eradicate health issues in dogs and we want our registration system to maximise the impact these tests are having. Therefore, we still plan to implement the limitation of 'hereditary clear' status and will release further communications regarding this in due course. In the meantime, we encourage all breeders to DNA test their dogs to ensure that they can remain confident that the puppies produced are free from the relevant inherited disease."

Additional Accredited Trainers for obedience needed for judges' training programme

The Kennel Club is calling for anyone interested in becoming an Obedience Accredited Trainer for the judges' training programme to get in touch.

This judges' training programme has been developed over a period of time and follows the requirements already in place for those involved in judging other canine activities. It underlines The Kennel Club's commitment to maintaining and improving the standard of judges and judging at official Kennel Club licensed events and, in so doing, ensures the quality of dogs and the value of awards they receive at these events.

As part of the training programme, The Kennel Club has a number of Accredited Trainers for each discipline, who are responsible for delivering each seminar and conducting the examination. All of the Accredited Trainers are established judges of long standing and have attended training and assessment

sessions prior to their appointment in order to prove their own knowledge and competence in delivering the seminar syllabus. There is a good geographical spread of trainers to ensure that each area of the country is covered to minimise distances for those attending seminars.

The Kennel Club is now inviting applications from interested parties who would like to be considered for the position of Obedience Accredited Trainer. Any candidates interested in applying need to meet the following criteria:

- Qualified to judge championship C level, to demonstrate judging knowledge and experience at all levels. Consideration would be given to experienced open C judges working towards CH C approval and having judged 10 Open Cs

- Knowledge of Class C as a competitor
- Show management experience, so as to demonstrate knowledge of the needs of societies when organising competitions
- Good presentation, facilitation and teaching skills are essential
- Have attended and passed the exam for the Obedience Regulations and Judging Procedure seminar and attended the Test Design and Practice of Judging seminar
- A willingness to travel to deliver seminars

Those interested should send their applications to the Working Dog Activities Team via email to obedience@thekennelclub.org.uk by Friday 15 July.

Vanessa McAlpine to retire in June 2023

The Kennel Club is sad to announce that Vanessa McAlpine, Events and Youth Development Executive, will be retiring from The Kennel Club in June 2023.

Vanessa joined The Kennel Club in 1977 as secretary to Bill Edmond who was then Assistant Secretary for Shows, Trials and Awards. In 1978 Vanessa also took on the role of Field Trial Secretary and in 1988 became Assistant Show Manager, followed by Crufts Show Manager in 1992. Over her time working in the Crufts team, Vanessa has been instrumental in helping the show to develop and grow, and has seen it move twice; from Olympia to Earls Court and later to the NEC, Birmingham in 1991.

Throughout her career at The Kennel Club Vanessa has also been very involved in other areas of the business, including the creation of

Discover Dogs in London, as well as a strong involvement in the foundation of the Young Kennel Club which began life as the Kennel Club Junior Organisation in 1985, and the development of the Good Citizen Dog Training scheme.

Said Vanessa; "When I leave The Kennel Club next year I will have worked at The Kennel Club for over 46 years, including managing Crufts for over 30 years. I feel honoured and proud to have worked for an organisation that strives so hard for the interests of dogs and am grateful for the many friends and colleagues that I have met along the way. I will miss it all very much.

"Before I leave next year I am looking forward to Crufts 2023 and helping to make sure it is our best show yet, as well as being involved in The Kennel Club's 150th anniversary celebrations."

Said Mark Beazley, Chief Executive of The Kennel Club; "I know I very much speak on behalf of everyone involved with The Kennel Club and Crufts in saying that it is with great sadness that Vanessa is leaving, Crufts won't feel the same for a long time without her. Vanessa's energy and enthusiasm for her work is going to be missed when she leaves but we wish her all the best for her retirement which is well deserved!"

Important message regarding awards gained at all licensed events

We would like to apologise that due to the operational issues currently being experienced by The Kennel Club, competitors at forthcoming licensed events will experience a delay on the issue of awards by our office. However, we would like to remind competitors that it is permitted to enter events where eligibility is dependent upon awards and/or titles which are pending confirmation, e.g. champion stakes. Any disputes regarding eligibility will be dealt with subsequently.

Any queries please email KCNotifications@thekennelclub.org.uk

We appreciate the patience of competitors and exhibitors.

Members' feedback shapes strategy

Over a thousand members, representing 60% of our membership took the time to feed back their views and thoughts in a recent Kennel Club survey.

The survey, emailed to members at the end of May, was the latest in a number of communication activities to inform and include members in our Strategy Development Programme. The survey sought to understand what members value about The Kennel Club, feel about its overarching aims, asked for feedback on how well we deliver on these in order to make a difference to dogs and the dog world, as well as understanding the relative attractiveness of the range of membership benefits.

Importantly, the survey also looked to seek the views of members on several Kennel Club activities including those we already provide, as well as services we might look to provide in the future, given the huge rise in the number of pedigree and non-pedigree dogs over the past two years. The data collected from these survey responses is now being analysed to provide robust insights which will be fed into The Kennel Club strategy development process.

Emerging trends

As promised, the survey's emerging trends were shared with members at the recent AGM on the 14 June at the Curzon in Mayfair. The session, introduced by Mark Bermingham, the Strategy Programme Lead, identified and shared the first two themes; namely that members firmly believe the role of The Kennel Club is to promote the safety and wellbeing of all dogs, and to encourage the responsible breeding of pedigree breeds. This came as no surprise to us, but the high scores seen show how dedicated our members are to the wider UK dog community. We also heard how much members appreciate being part of The Kennel Club and having their views considered as we look to develop our strategy to ensure we remain relevant, recognised and respected in today's dog world.

Members survey themes 2022

Improve the health and welfare of all dogs

Influence breed standards to benefit pedigree dogs

Facilitate and encourage the responsible breeding of pedigree dogs

Support local dog clubs and competitions to help the sport to flourish at a local level

Grow participation in dog showing and other canine activities

Facilitate and promote good quality local dog training for all dogs

Provide information and support to dog owners to choose and care for their dogs

A final theme indicated the appetite to look further at various aspects of what we do and our range of services. This is most heartening given where we are in our strategy development process and we appreciate the clear voice of our members' support in this. The full deck of slides that were presented by David Douglas of Membership Matters (the membership consultancy that we are partnering with) was emailed to members following the AGM.

Focus groups add to the story

Additional insights to add to the mix were also gleaned from four focus groups of 75 members, held at the end of June and beginning of July to further explore some of the themes in greater detail. Due to the very nature of small focus groups the numbers of members were limited. There was an extremely high response to this invitation and whilst not everyone who wished to was able to participate, The Kennel Club wishes to thank everyone who put their name forward.

[Continued >](#)

The conversations covered several key themes and included; the reasons and motivations members had for joining The Kennel Club; the perceptions of the key purpose for The Kennel Club, for example health and welfare of all dogs and how The Kennel Club delivers on these key purposes; how we engage members and how they prefer to be communicated with. Finally we asked further questions to understand members' perceptions and beliefs on developing the proposed future-facing strategy. Members were assured of anonymity and as such there were full and frank conversations.

Members' reasons for joining

Members cited several reasons for joining The Kennel Club including, prestige; playing a key role in the dog world; placing a high value on the publications we produce as well as use of The Kennel Club itself either on a regular, infrequent or special occasion basis. All of which were good to hear. When we spoke about how we communicate with them the response was again favourable but there was a clear wish to have more of it. This was useful feedback and is something we shall be looking into as we plan our communication activities over the next six months and beyond.

What more could we be doing?

On the side where members felt more could be done, inevitably there was the reflection on the current levels of customer service, impacted by systems, which we are working hard to improve. Similarly, members felt that more

could be done in the areas of public education and championing the choice of pedigree over non-pedigree dogs. Although there was discussion on how non-pedigree dogs could be made to feel more welcome with potential service options available to them.

Could we do it differently?

Finally, and perhaps most positively the groups all discussed how The Kennel Club works, expressed frustration at some of our decision making processes and even put forward some suggestions for doing it differently. We welcome these honest and pragmatic views and will take them into consideration as we progress forward.

So what are we planning to do with the survey information?

The insights that come from our members are being integrated with the results from three other areas of research; firstly, the Kennel Club brand perceptions and customer insights research conducted across dog owners across the UK. The early findings and recommendations from this large piece of research are currently being analysed to help us to understand what dog owners think, know, and feel about The Kennel Club and where there are opportunities for us to shift perceptions. It will also help us to understand the unmet needs, attitudes, and behaviours of our existing and potential customers. Secondly, a process mapping exercise to enable us to better understand some of our key products and services, in particular those that impact positively on dogs. We have been working closely with staff and stakeholders to understand the benefits we expect to see, and those we actually do, and we will be using data and evidence to check our assumptions. Establishing clear, consistent descriptions of what we already do will form an important part of our decisions about our future direction.

Checking out the competition

Finally we have conducted a comprehensive review of the 85+ organisations that deliver activities that compete with, or complement, areas of the Kennel Club's work. Our competitive environment is fierce, with the boom of dog ownership in recent years making the petcare industry increasingly attractive to new competitors. Times have changed in that there won't be one big competitor replicating everything that The Kennel Club does, but rather lots of competitors across each of our products and services. Understanding our competitors, demographic changes and macroeconomic trends that may reduce our customers' spending habits is vital when determining which areas The Kennel Club should focus on, and how we differentiate ourselves.

What comes next?

Clearly, there is much work to be done, including taking the information from the focus groups and looking at a variety of potential options before recommending which areas The Kennel Club should focus on to ensure its longevity. By understanding what we currently offer, how we can continue to uphold our traditions but still be relevant and respected in a modern dog world we will ensure that we will be present and thriving for the next 150 years. Making a difference to dogs.

As the Strategy Programme team progress further through the Summer and into the Autumn there will be plenty of opportunities for members to be updated on the progress of the strategy development in a number of ways. Please do look out for them – we look forward to talking with you at some of the activities we have planned.
