

Agility report from the judges Sub Group

Competition Manager - to be sent back to ALC

Define the Role - to include H&S.

This should include them taking the online Academy judges exam to make sure the person knows the rules and Regulations for Agility.

Can we include that if a show manager cannot resolve an issue at a show, they should include it in the incident book.

It has been suggested we look at Reg G(e) for the obedience version as a lot of time was put into writing this, and it is working well for both obedience and Rally.

Judges Trainers

The KC will be advertising for more Judges Trainers.

Applications will be vetted by the Judges Sub Group to make sure applicants meet the criteria required. It will be made clear that not everyone who apply will make interview stages.

Interviews should take place from September onwards.

Online Exam

This is continuously ongoing. The Videos and questions have been updated.
