Amongst plenty of social activities, the campers had the chance to train their dogs in canine activities including handling, agility, scent work, obedience and heelwork to music.

The showground was transformed for a week as the young dog lovers took over, having fun whilst learning skills with their dogs and keeping them both healthy and active.

YKC Summer Camp is a great way for children to keep active, have fun, make new friends and take part in a wide range of dog training and social events.

The programme was packed with a range of activities and evening entertainment that kept the attendees busy from morning till night.

A typical day at the camp includes four one-hour training sessions for the children and their dogs and a selection of team time activities, with some days also including a workshop or masterclass from dog experts.

Evening activities includes a quiz night and sports evening.

Young dog lovers interested in future YKC events should visit ykc.org.uk to find out about becoming a member.

In health matters, we look at the role of the Breed Health Co-ordinator and hear from the winner of The Kennel Club’s Breed Health Co-ordinator Award, Dr Maura Lyons, and other winners of the International Canine Health Awards, organised by The Kennel Club Charitable Trust.

This year the Welsh Springer Spaniel Club celebrates 100 years and events begin on 2 September with their championship show and open show. The breed will also have a presence at the Welsh Game Fair on 9 September. In other news we look back at an incredible record-breaking gathering of 466 Golden Retrievers at Guisachan House, in Glen Affric, where the breed originated from, we congratulate our youngsters at the Junior Open Agility World Championships and the winners from The Kennel Club’s Gundog Working Test that featured a very special 150th anniversary competition. Frank Kane retires as a Kennel Club committee member and looks back on his time as Chairman of the Breed Standards and Stud Book Committee, we hear the latest political updates from our public affairs team and a new capsule exhibition of 37 porcelain dogs from the Royal Crown Derby Museum collection which has opened in the art gallery.

Our breed of the month is the iconic Border Collie and we look at its origins as a working sheepdog to its versatility in many canine activities, from agility, heelwork to music to search and rescue, plus its success in the show ring. In breed health we advise readers on the important health tests that should be carried out for a healthy litter plus nine judges choose their three favourite Border Collies that they have judged in the show ring.

“Westminster Dog of the Year 2023

Westminster is set to go barking mad on Thursday 14th September as the annual Westminster Dog of the Year competition returns.

This year’s theme is responsible ownership, highlighting the joys that dog ownership brings while drawing attention to factors such as training, socialisation and responsible owner behaviour, which can help ensure that all dogs live happy and healthy lives. Organised by The Kennel Club and Dogs Trust, Westminster Dog of the Year, is open to dog loving MPs and their canine companions of all ages, breeds, shapes and sizes – pedigree and crossbreed alike. The aim of the event is to highlight the unique role dogs play in society and provide MPs with the opportunity to raise any key canine issues that strike a chord with them.

Previous years have seen politicians and their dogs turn out en masse to demonstrate their political and canine clout and this year’s event will see some of the country’s best paw-litical pooches battling it out for the chance to be named 2023’s Westminster Dog of the Year.

Marbles, a cat from Warrington who went missing from her home more than two years ago, has been reunited with her owner thanks to her microchip.

Marbles went missing in 2021, two weeks after moving to a new home and town with her owner, Jade Webb, from Warrington. Marbles wasn’t familiar with the area and as she jumped into a neighbour’s garden, she was scared by a dog, and bolted into a wooded area. Jade and her partner searched for days and nights on end, published missing posters and spoke to neighbours, but they never had a sighting of Marbles.

“After a year of searching, myself and my partner started to give up hope, thinking the worst could have happened to her,” commented Jade. “I still continued to share posts on local missing pet sites but never heard anything. We missed Marbles every day.”

Then, in July, Jade and her partner got a phone call from the vets – they had Marbles! She had been taken in by someone in the local area who thought Marbles was a stray. They had gained her trust over six months by feeding her, which enabled them to get Marbles into a carrier and to the vets.

The vets scanned Marbles and checked for a microchip. Luckily, the day Marbles went missing Jade had updated her details on Petlog, the database Marbles was microchipped with, with her new address, and reported her as missing. This meant the vets could contact Jade so they could be reunited, after two long years of searching for her beloved pet.

“When I got to the vets to collect Marbles, my emotions were very high,” added Jade. “As the veterinary nurses brought her to me in the waiting area I burst into tears, I couldn’t believe she was actually alive and back in my arms. It was such an emotional, overwhelming reunion.

“Marbles is absolutely loving human contact and cuddles back in her home again. My message to other pet owners is please, please, please ensure your pet is microchipped, and all of your contact details are kept up to date and correct.”

Marbles, who had a full health check at the vets, is now happily settling back into home life.

Bill Lambert, spokesperson for The Kennel Club, which manages Petlog, commented: “We’re so pleased that Marbles was found safely and could be reunited with her family because of her microchip, and due to Jade’s diligence in notifying Petlog as soon as Marbles went missing to ensure the information we had was correct and up to date.

“Sadly not all pets are so lucky. Microchipping gives owners the best chance of being reunited with their pet if they go missing, but it is only effective if your contact details are up to date. Cat owners should also be aware that the Government have announced plans to make microchipping a legal requirement for all cats in England next year. Amid the trauma and heartbreak of losing a pet, the future owners could also face fines if their cats are not microchipped – so it is really important not to leave this until the last minute.”

Petlog, the UK’s largest lost and found pet database, urges all cat owners to make sure their pets are microchipped and details up-to-date ahead of new legislation.

A microchip is the size of a grain of rice which is inserted under the skin at the back of an animal’s neck. It permanently identifies pets and connects them with an owner’s contact details, which are held on a database, like Petlog, enabling vets, local authorities and animal charities to scan the chip and match it to the owner’s details to reunite stolen, lost and found pets.

Currently, it is a legal requirement for all dogs to be microchipped in England, Northern Ireland, Wales and Scotland. The UK Government has announced the intention to make microchipping compulsory for cats in England by summer 2024.

More information about this change is available at petlog.org.uk/complursorycatmicrochipping and further advice about keeping your pet safe, or information about microchipping and how to register with Petlog, can be found at petlog.org.uk

**DISCIPLINARY COMMITTEE HEARING**

**27 July 2023**

Mr SD Manson, Kennel Club Rule A12

The Committee carefully considered the conviction of Mr SD Manson of Bridstow, Herefordshire from the Cheltenham Magistrates’ Court on 20 March 2023 for causing unnecessary suffering to an animal contrary to the Animal Welfare Act 2006.

The Committee imposed the following penalties:

1. To disqualify him from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the Board shall have the power to increase the period of disqualification (A11(j)(4))

2. To disqualify him from being or becoming a member of any canine club or society registered with or affiliated to the Kennel Club (A11(j)(5))

3. To disqualify him from acting as an Officer or serving on the Committee of any canine society (A11(j)(6))

4. To disqualify him from taking part in the management of any event licensed by the Club (A11(j)(7))

5. To disqualify him from judging at any event licensed by the Club (A11(j)(8))

6. To disqualify him from effecting registrations of any or all dogs and/or progeny of such dogs which are owned and/or registered by him (whether or not jointly owned and/or whether or not owned and/or registered in the name of a nominee) (A11(j)(9))

The suspensions and disqualifications are to be for Life from 27 July 2023.

The Committee noted that Mr Manson pleaded guilty to an charge under the Animal Welfare Act 2006, of causing unnecessary suffering to a protected animal, namely a male grey Arab horse, by hitting the animal’s legs with a hammer, and he knew or ought reasonably to have known that the act would have that effect or be likely to do so.

The Court imposed a 12 week custodial sentence suspended for 18 months due to the seriousness of the offence and the breach of trust constituted by Mr Manson hitting the horse nine times with a hammer.

The Court also imposed a 10 year disqualification in respect of any animals from owning them, keeping them, participating in keeping them and from being party to an arrangement under which Mr Manson is entitled to control or influence the way in which they are kept.

Mr Manson submitted representations to the Committee and the Committee noted all of the circumstances. The Committee noted that Mr Manson had shown contrition and the significant impact upon Mr Manson’s life.
KC File for September

All breeders/owners must ensure that the needs of any animal in their care must be met to the extent required by good practice under the Animal Welfare Act 2006 including its need to be protected from pain, suffering, injury and disease.

Mr Manson pleaded guilty to an offence which involved a clear and unacceptable lack of the Animal Welfare Act considerations. This is entirely incompatible with being associated with and using Kennel Club registration facilities.

The Kennel Club is duty bound to follow and at least reflect any period of disqualification given by the Court. Due to the sustained nature of the attack, that Mr Manson repeatedly struck the horse and did so with a hammer, the Committee’s view is that it is obliged to impose a lifetime disqualification from Kennel Club regulated activities to reflect the seriousness of the matter. It is not considered that a return to Kennel Club regulated activities could be countenanced at any point.

The Kennel Club Accredited Instructors scheme offers its members the opportunity to gain a nationally-recognised vocational accreditation based on a robust standard set by The Kennel Club. It is the first and only scheme for dog training instructors and behaviourists that has achieved programme accreditation from City & Guilds, a nationally-recognised vocational accreditation body. The scheme offers its members the opportunity to gain a City & Guilds accreditation in canine instruction and behaviour. It is the first and only scheme of its kind in the UK.

As a member of the KCAI Scheme, you can take advantage of the following resources:

The Members area is a secure web portal for KCAI Scheme members. It can be accessed via the KCAI website and contains all of the information related to the scheme and the relevant documents to help support members that are working towards accreditation.

You can access the Members area here.

**KCAI RESOURCES AND DISCOUNTS CODES**
Remember to check out your exclusive discounts to various products, including Pet Business Insurance, DNA testing, grooming products and more, visit the KCAI members page.

Jane Ardern KCAI (WG) Kennel Club Accredited Instructor

The Kennel Club Accredited Instructors Scheme

Jane began her dog training journey in the early nineties after rescuing a St Bernard/Rottweiler cross. Interested in instructing and with little reward based training in her area at the time she was keen to promote a better way to train dogs, and in 2004 decided to start training classes of her own. She now runs a canine college called Wagga Wuffins.

**JANE ARDERN PREVIOUS TRAINER OF THE YEAR WINNER, ACHIEVES HER ACCREDITATION**
Congratulations to Jane Ardern from Lancashire on achieving her accreditation in Working Gundogs (WG). Jane won the prestigious 2015 KCAI Trainer of the Year award which recognises inspirational trainers who have made a positive difference to the lives of dog owners and their dogs.

**APPLICATION**
The Accreditation Adviser and KCAI Team are available to provide you with support and guidance with the accreditation application process, please contact the us at kcai@thekennelclub.org.uk

**KENNEL CLUB ACADEMY**

The Kennel Club Annual General Meeting

The Kennel Club held its AGM on 13 June 2023 at the Curzon Cinema, 38 Curzon Street, London. Members were also able to view the meeting and ask questions online.

The Chairman, Mr A Alcock OBE, chaired the meeting. The Chairman explained that ballots would be used for many items with a show of hands used only when deemed appropriate. He advised that the postal and proxy votes received in advance of the meeting had been counted by the independent scrutineers, Mi-Voice, who would also oversee the counting of votes at the meeting.

1. The Chairman read the notice convening the meeting at 11.30am.

Before continuing with the agenda, the Chairman reported that the following members had died since the last meeting: Vice-President: The Earl of Buchanan; Honorary Life members: Mr WA Dyke, Mrs V Foss, Mr G Mitchell, Mrs M Purnell-Carpenter, Mrs J Robin-Smith, Mrs FA Somerfield; Honorary member: Mr WT Turner; Members: Mrs H Bakewell, Mrs P Carmichael, Mr D Clark, Mr I Ferris, Mr G Gvilk Pedersen, Mrs M Harper; Mr J Morris, Mrs E Parsons, Mr E Price, Mrs J Revill. The members stood in their memory.

2. The members received the report of the Annual General Meeting held on 14 June 2022 and published in the September 2022 issue of the Kennel Club Journal.

3. The Chairman advised that there had been no notification of items arising from the 2022 Annual General Meeting.

4. The Chairman then moved to item 4a, which was to receive a report from the Board in accordance with the Articles of Association of The Kennel Club Limited (Article 413.3). The Chairman gave the following report:

   ‘Good morning ladies and gentlemen, I hope that the video gave you a flavour of all that we should be and aim to plan to talk about today and thank you for joining us at our AGM 2023. It is wonderful to see again some of the people who joined us at the magnificent Buckingham Palace Garden Party, just a few weeks ago. It was, and has been described, as a once in a lifetime event. There we are amongst people who contributed to the whole event, particularly from the staff and volunteers. I’d like to particularly pay tribute to our Vice President, Sir John Spurling, for helping to make it happen and our President, Prince Michael of Kent.

   That event, of course, was hosted in recognition of our 150th anniversary, and was something that we were honoured to have bestowed upon us as an organisation we have had the privilege of many years of royal patronage, most recently by the late Queen Elizabeth II, before her sad passing, in September last year – which was an incredibly sad moment for us as an organisation, as well as for the nation at large.

   I have to say that standing on Buckingham Palace’s ancient, historic lawns, with their impressive flowers in full bloom, felt for me, incredibly poignant; a reminder of being anchored by the roots from which we have grown, however far back they go, whilst always striving for growth, so that we can continually flourish and blossom in a changing world. It seemed to speak of the importance of walking a careful path between the old and the new. As we go through a period of important review for our organisation, the parallels between us and the royal family, in whose grounds we stood, were not lost on me. Our long standing Patron, Queen Elizabeth II embodied a core set of values that we can see reflected in our own work throughout the years: she stood for living a meaningful life, which for us translates as supporting and enabling the joy that comes from canine companionship and dog activities, and she stood for a dedication to doing the right thing, which for The Kennel Club means a responsibility for ensuring that all that we do is underpinned by a commitment to protect and promote the welfare of dogs. The royal family have been through a momentous period of change in the last decade – and no doubt will need to continue outwardly to go through many more changes, but these core values I am sure will remain in place.

   Likewise, the principles that have long sat underneath The Kennel Club’s work unapologetically reflect those strategic aims that have been developed over the past 12 months, clearly outlining and reminding us and others of who we are, as The Kennel Club of today.

   Nonetheless, for all the consistency there may be, in our core aims and the traditions we will continue to hold dear, evolution is essential. As the world changes, so should we and the way we do things must change as well. It is not optional; if we don’t, our future simply won’t be a viable one. We need to make sure our values are truly reflected in everything that we provide and everything that we do, and that those values themselves reflect what the people or animals we exist for need and require of us.

   We will hear more about the strategy work later today but I wanted personally to give my most sincere thanks to all members who have engaged with this process, so that we can be certain that it will be built upon a solid foundation, in the knowledge that our newly formed strategic aims, derived from our values, are underpinned by listening and analysing what our membership and the public want from us. Thank you to everybody who took part in the members’ survey. The sharing of your knowledge and experience has been invaluable.

   This was followed later in the year by an activities survey, in which many of you shared your experiences and views, the results of which are still being analysed and insights from which will be shared. We know that dog activities are going through a challenging time. There is a cost of living crisis meaning pet owners are having to look at ways of cutting costs, and show societies are under pressure; at the same time we are competing with new sports and wrestling with how to be relevant to a younger, changing generation. This is essential for the continuation of our sports, which is our core activity and our exciting new participants, volunteers and enthusiasts. Your insights will be central to the roadmap we develop for tackling these challenges.

   Whilst we still have a significant amount of work to do, our thoughts to the future, there are great highlights to celebrate in terms of what we are achieving today. Nowhere is this more apparent than at our flagship annual event, Crufts. Anybody who had the pleasure of attending this year will be able to testify that the positivity and joy was palpable. Crufts 2023 saw over 19,000 dogs competing for Best in Show, including just under 4,000 dogs from 38 different countries. Attendance at the show was over 155,000, back to the kind of figures we saw pre-2020.

   New to Crufts this year was the Members’ Lounge – something that we have had overwhelmingly positive feedback on, and which we will continue in the future, in order to give you a space to break away from the crowds, to relax and to speak to the staff about The Kennel Club’s work and future direction, sharing your views and insights and asking questions in a face-to-face environment.

   This has just been one part of our continued commitment to ensuring that we have varied opportunities to speak to you, which have also provided via our new communication channels, our monthly members’ newsletter, our Facebook members’ zone, the roadshow events hosted throughout the autumn and our recent pop-up shows at SKG, Birmingham and Bath, which have incorporated into our branding and our strategy incorporated into our branding and our strategy.

   All of this has been for one very simple purpose – we want to make sure that we are being completely open and transparent with you about where we are at in terms of formulating and implementing our plans for a future direction; about what research and insights underpin this; about what the next steps are and about what we need, financially, in order to move us into the future. What we will talk more about in this address but I must say, in no uncertain terms, the money that we bring in through subscriptions is a crucial part of enabling us to be successful in the future and I hope that I can count on your support on votes when it comes to supporting a realistic and reasonable increase to these, as we try to navigate these challenging financial times.

   In addition to improving how we communicate with you, we also as part of future direction, want to make sure we are offering an excellent member experience. This year our talented club staff delivered an exceptional 150th anniversary lunch, we have had new and well-rated exhibitions in the gallery, but going forward we want to explore new ways that we can make your membership experience truly special. At the same time, we must cast our net wider and find ways that we can bring new members into our fold. Failure to do so would be to miss a crucial opportunity to create a broader base of ambassadors who will help to move The Kennel Club into the future. Membership does not always have to come with voting rights but it should be an inclusive, exciting and positive experience that will enable us to reach dog lovers who might otherwise remain distant from our organisation.

   Finally, I would like thank you, the members, for your valuable insights and positivity over the past year and thank our staff and directors who have been unremitting in their commitment to the review of our organisation and the mapping out of our future. In addition to everything else that they are working on, they will also look at how the other great honour bestowed upon us this year – the esteemed royal prefix – is incorporated into our branding and our strategy in the knowledge that we are at an exciting stage of development and which will be communicated to you over the coming months. As I am sure you will appreciate, this is a significant honour that we are immensely proud to have been awarded. Ensuring that it is embedded properly into our organisational strategy, with an understanding of where and how we can best capitalise on its impact, is crucial. Finally, I want to thank Mark Beazley, whose vision, leadership and
The Kennel Club Club Annual General Meeting

dedication have shaped the past twelve months and been key to what we have been able to achieve, and what we will be set up to achieve in the future, as an organisation.”

5. Under item 4b, the Chief Executive, Mr M Beazley gave the following report:

“Thank you Tony, and thank you everybody, for making the journey here today, minus the magnificent hats and in slightly different attire than we had the pleasure of wearing just a few short weeks ago. I have to admit that when I came to think about what I would like to say to you today the first thought that crossed my mind was “where do I start” because, as the video played we clearly demonstrated and as Tony has outlined, a great deal has happened in the year of our 150th anniversary.

But I have to say, it has also given me great pleasure to go through the process of pausing and reflecting on what has been achieved, all the foundations that have been laid and to have the chance to share some of that with you today. It has, truly, been a momentous year – a transformative year – with a great many highlights, a number of significant challenges and an immense amount of hard work by the staff, the government, you, our members, as we have identified opportunities for the future and started mapping out what the next 150 years might look like for our Club.

Tony has spoken at length about the binding nature of the future and about the values that we stand for, today, which underpin our new strategic aims. But of course, this is only one step in our journey, An organisation does not succeed or fail on the basis of what it stands for alone but on a number of other important factors. It is built upon not just who we stand for but what we do, in terms of the actual products and services we provide and how well they are helping us to deliver our aims. And the final element is how we do it, which means that we need to be flexible, agile and efficient to survive in a competitive and changing world.

The challenge of looking critically at what we do, in terms of making sense of the significant range of services that we provide and ensuring that they are fully supporting our strategic aims, has been and continues to be an important part of our ongoing strategy process. But of course, taking stock and evolving and improving what we are doing also requires us to celebrate all that we are doing well, right now, and there have certainly been a number of highlights.

In terms of dog activities, we have continued to put on, support and license successful shows and events across all of our disciplines. All of this has been taking place against an exceedingly challenging backdrop and we must address the problems of retention and recruitment into our existing disciplines, as well as launching new and upcoming areas. But, despite the challenges, and as Tony already touched upon, Crufts 2023, our flagship event, was truly impressive and uplifting.

Not only was the event itself a huge success but the coverage of it was widespread and positive, with 6,000 press articles in the week of Crufts alone, coverage that was carefully placed to convey messages that are at the heart of what we want to position dog activities in the future, as demonstrating the strong bond between those dogs and their owners and the inclusivity of the hobbies.

Not only that, but Crufts tended number 1 on Twitter on Saturday and on Facebook was over 11 million. We also saw a further 8.7 million viewers watching on Channel 4 and More with 10% on the previous year and 2 million people watched the live stream.

I must take this opportunity to pause and thank the lady overseeing this event and central to its success, Vanessa McAlpine, our Events and Education Director. We also acknowledge that many of you will know well and who, after 45 years, will be retiring this month. Vanessa has shaped Crufts into what it has become, and I have been very honoured to work with her, or should I say for her, over the last few years. I am sure you will join me in wishing her a long and very happy retirement.

2022 was also a year of pressing the accelerator on our health and welfare work, something which we know you and the public want to be at the front and centre of everything we do. For wins for us this year have included Westminster’s ban on electric shock collars, which we have been a leading voice in campaigning for, for well over a decade. There was also the launch of our DNA testing services, where a single cheek swab can test for multiple inherited disorders, which enables us to provide a superior product that really supports our mission in helping people to breed and buy healthier puppies. This is further supported by the continued development of The Kennel Club/University of Cambridge Respiratory Function Grading Scheme for brachycephalic dogs, which is now licensed in nine countries, which saw a 21 percent increase in uptake over the past year, and 51 percent of dogs at Crufts undertaking the test.

Of course, and being totally honest, this is still only a tiny proportion of the dogs that we register being tested by these vital products and is a still smaller proportion of the dogs in the UK at large, and much more needs to be done in terms of expanding the infrastructure to support this kind of testing. But we are proud to be the only organisation offering practical solutions to puppy buyers looking for brachycephalic breeds, as well as standing with those organisations in raising awareness of the health concerns that they may face.

Continually raising the welfare of the dogs represents a need to also be in forefront of our minds, as we look at how we build and implement the proposals that we will hear more about today.

Impact, alongside perception, how people experience us and how they view us, are of course, critical words to always turn our minds towards. We do not want people to have just a single or limited interaction with us or to hear of us, but much less that those experiences or exposures be negative, conflicting or confusing ones. We simply can’t have that to be the case. We certainly achieve a significant share of voice when it comes to the public conversation around health and welfare and pedigree dogs, with an impressive 15,000 pieces of press coverage in 2022, with an overwhelmingly positive sentiment, equating to a value of almost £50million if we were to pay for this, through advertising. This coverage is frequently objective hitting, positioning us as experts in the field of pedigree dogs, puppy buying advice, dog health and welfare and dog activities. This is also supported by the outreach to potential customers through our marketing, social media and website.

Despite all of this, when we surveyed the public last year to understand what proportion that people of have of us, we have received the message, in no uncertain terms, that we need to change. Only 12 percent of dog owners think that The Kennel Club is an organisation that is relevant to people like them and words like elitist, irrelevant and unwelcoming were common. We need to be careful not to get carried away on that figure. That means 88 percent of dog owners, a demographic which should be front of mind for us, do not think that we are relevant to them, but if we are to engage with them, we need to be careful to not to register with The Kennel Club; 88 percent of people choosing not to take part in Kennel Club regulated sports or to use the Kennel Club training; 88 percent of people volunteering at other types of events.

This should tell us that it is not an option for us to change; it is a necessity if we want to survive for the benefit of future generations. Here, it also represents an immense opportunity to expand and improve our reach. This shift of perception will not be something that is going to happen overnight. Brand building takes many years, but fundamentally to it is ensuring that we are clear about our purpose, that we do not undermine what we claim to do with our actions and that we have a laser focus, enabling us to be something clear and meaningful to our target audience, rather than trying to do all things to all people, all the time. It is not about a wholesale change of what we do; it is about making it much more straightforward, accessible, relevant and clear.

And of course, we need to do it well, so that people’s direct experiences with us are good ones, if we don’t want to lose potential and existing customers along the way, something that we know happens far too frequently.

This direct customer experience has of course been central to our work over the last 12 months. We know that the changes to our CRM system and the pandemic demand for puppies had a significant impact on customer service levels and we had to respond decisively. It demanded process re-engineering, extra staff training and additional support systems to be put in place. There have been deep-seated and lasting improvements, with turnaround times for registration certificates under 80 percent of customers now being delivered within 100 days, to name just one example. We are making significant headway, although there is still more to do.

But this alone is not enough. We don’t just want to offer a pleasant but functional customer experience, we also want, and need, to offer an enhanced one. We need to be able to respond in an agile way to the needs of new and existing customers, so that what we are offering is competitive, tailored and well thought-through, so that people can move seamlessly through what should be not just a single interaction, but potentially a dog owning lifetime experience with The Kennel Club. Our surveys showed us clearly that we are not doing this well enough, that people don’t find the experience of ‘getting things done’
The Kennel Club Annual General Meeting

with The Kennel Club an easy or intuitive one and we know that our retention or transitioning of customers from one product or service to the next, is poor, as is our ability to attract new people into our fold. We are leaking existing customers and we are putting barriers up to new ones.

This is what lays at the heart of the extensive governance and organisational development work that we have begun undertaking, analysing how we are governed, how we do things and the processes that we have in place. It is process that also underpins every successful system and every successful business, and we need to get right, so that we can then ensure that our IT systems and every other aspect of our operations and we evolve in a way that enables us to realise our full potential in the years ahead.

For all of this, the precise scale of the ambition that we have and the impact we can make is, quite frankly, determined by the money that we have to do it with. This is why an important part of our strategy is to develop medium and long-term plans for increasing our financial stability. What we want to ensure that our products and services, many of which are currently loss-making, turn a profit or break even in the future. We can do this, for example, by investing in our investments, including our property assets, work much harder for us in the future, of which we will hear more about later.

However, in the short term, our major challenge is that, much like the nation at large, we are in challenging times, including inflation, which is at its highest level for 40 years, has had an impact on our costs and income streams and interest rates look set to continue to climb. Added to this registration levels are falling back to pre-pandemic levels. But registrations prices have remained fixed for five years. This means, quite simply, that we are now spending more than we are bringing in and we may have to fall back on our reserves to fund our day-to-day costs, money that should be reserved for investment in major step changes and security for the future. This is not a sustainable situation and we need to put ourselves on a steady financial footing, to get to where we aspire and need to be in the future. I hope you are as excited an energised about potential and the opportunity as I am.

Finally, I would like to thank everyone who does the work that we do, everyone who supports and informs this process. We are all very much a team and if we are to get to where we aspire and need to be in the future, of which we will hear more about later.
