This tally sheet is designed to assist judges in recording health observations during their appointment. While it is an optional aid and should not be returned, it is a valuable tool for accurately recording the number of dogs with concerns. Using this sheet ensures that a definitive number can be provided, rather than terms like "some" or "a few," which do not offer meaningful data. This tally sheet does not replace the mandatory online form. Please complete the online form at <https://bit.ly/3YcHd7D>.
