and satisfying way to work your dogs. Earlier this year the Icelandic Sheepdog became the 224th breed to be recognised by The Kennel Club, and Evelyn Ýr, an Icelandic researcher from the Icelandic Sheepdog Society shared the good news that in May she opened the Icelandic Sheepdog Heritage Centre located almost at the edge of civilisation in Iceland – the first of its kind. The centre aims to raise awareness of the breed as a vital part of Iceland's cultural heritage and its story now has a space to be visible and preserved. This is a heartwarming story of how one person worked tirelessly for two and a half years to research a breed that is at the heart of the Icelandic Sheepdog community. We complete our series of articles regarding provisions for pets in your Will and invite Anna Boucher, Senior Associate from The Burnside Partnership, to present a legal viewpoint to ensure your pet is cared for after you've gone. And Bill Moores, the Kennel Gazette's Editorial Panel Chairman, presents the highlights from The Kennel Club's Annual General Meeting.

Del Richards discusses dilated cardiomyopathy (DCM) in health matters. Whilst intensive studies have been ongoing by the highest qualified cardiologists in an effort to track down the cause, so that DCM can be eradicated, progress has been slow

due to the nature of the condition and its variances in some breeds. However, when The Kennel Club featured a webinar on the topic presented by Dr Emily Dutton BVM&S DVC MRCVS RCVS Recognised Specialist in Veterinary Cardiology, she was eager to attend and find out more.

Our public affairs team shares the good news about its latest report, 'The reality of responsible dog breeding,' launched at a well-attended drop-in event in Parliament in July, kindly sponsored by Sarah Edwards MP, this year marks the 60th anniversary of Stan Laurel's death, aged 74, and one member stumbled across a 10% larger-than-life bronze sculpture of Stan Laurel and his comedy partner Oliver Hardy, that also features 'Laughing Gravy', the dog which featured in many films.

Carolyn Menteith answers another curious dog behaviour question and we review a crime novel, that features a pair of Salukis which ties in beautifully with our breed of the month. Plus, don't miss out on another sketch from Basil & Blossom.

Our breed of the month is the Saluki, an elegant and light footed hound of the Middle East. Discover the breed's exotic history - much prized by the Bedouins, along with their Arabian horses. We invite ten judges to choose their three favourite Salukis that they have judged in the show ring in the Judges' Choice. Five breed enthusiasts describe how versatile the breed is in a range of activities from agility to scentwork (despite being a SIGHThound), and how the breed's comforting temperament can make them the ideal assistance dog.

## Judges Education Programme update: Balancing progress and practicality

**In response to feedback from the dog showing community, the Judges Committee recommended to the Kennel Club Board that four changes to the transition from the traditional route to the Judges Education Programme (Breed Shows) be implemented.**

These adjustments address the concerns raised by our community and improve the overall experience for judges as they progress.

The Judges Education team is in the process of updating the website to reflect the following changes, which are effective immediately:

### Group and Best in Show judges

Existing Group and Best in Show judges will not be required to take and pass the Eye for a Dog assessment for further

breed nominations via the traditional questionnaire route, within the Groups they are already approved to judge.

### Transition to JEP via traditional nominations - extended by 12 months

The Kennel Club judges department will now accept nominations via the traditional questionnaire route until 31 December 2026 for shows up to 31 December 2028. Judges progressing via a questionnaire for a breed are not required to have taken and passed Eye for a Dog while the traditional route remains open until 31 December 2026.

### Grandfathering/A2 Route

The cut-off date for grandfathering and A2 applications for breeds will remain 31 December 2025, as previously

announced. No grandfathering or A2 applications will be accepted after this date. The previously agreed changes to Grandfathering remain in place\*.

### Ongoing review

The Kennel Club Board also agreed to carry out a wider educational review of the Judges Education Programme to ensure it meets its objectives of improving judging standards for all exhibitors and meets the demand for capable judges in the future.

### Further information

More information about the Judges Education Programme can be found on our website.

Judges are to note that there will be no further extensions to any JEP deadlines.

\*Grandfathering is not allowed for Groups and Best in Show (JEP criteria apply for those categories). Judges must be on at least 50% of breed clubs' A3 lists. Judges must complete Eye for a Dog assessment for 4th or subsequent breed.

## The Kennel Club urges Scottish Government to deliver long-awaited ban on shock collars

The Kennel Club has expressed serious concern over delays from the Scottish Government in taking action towards banning electric shock collars.

As part of the review of the Animals and Wildlife (Penalties, Protections and Powers) (Scotland) Act 2020, the Scottish Government committed to undertaking a public consultation regarding the use of these devices. However, a date has yet to be set and The Kennel Club fears that this inaction could cause further delays on a pivotal animal welfare issue – despite clear scientific evidence demonstrating their ineffectiveness, as well as calls from leading welfare, veterinary and dog training organisations campaigning for a nationwide ban.

Electric shock collars are devices that deliver an electric shock to the dog's neck via a remote control, up to a radius of two miles – meaning a dog not within sight of its owner could still receive the stimulus – and for up to 11 seconds at a time. Despite having been banned in Wales since 2010 under The Animal Welfare (Electronic Collars) (Wales) Regulations, they have remained legal in Scotland, England and Northern Ireland.

Wide-ranging evidence has demonstrated the detrimental effect these devices can have on the welfare of dogs. In 2019, a study carried out by the University of Lincoln showed that electric shock collars were no more effective

in training than positive reinforcement and dogs' well-being was compromised, even when used by 'professional' e-collar trainers. And, in 2023, the Scottish Animal Welfare Commission (SAWC) concluded that, based on extensive evidence, electronic training collars should be banned.

Holly Conway, Head of Public Affairs at The Kennel Club, said: "We are deeply disappointed that, despite the Government's recognition of the harm caused by shock collars and the Scottish Animal Welfare Commission's strong recommendation for a ban, no meaningful steps have yet been taken.

"Shock collars are outdated and ineffective. Even though they are touted as a solution to prevent livestock worrying incidents, in reality this is highly unlikely to be the case. The long range of the remote-control collars means a dog with a strong chase instinct may not even be in sight of their owner, and it's highly probable that, at that point, it wouldn't be deterred easily from chasing. In addition, were a farmer to see a dog chasing sheep, it would be impossible for them to know if it had a shock collar on."

Further information about The Kennel Club's campaign to ban electric shock collars can be found by visiting [thekennelclub.org.uk/banshockcollars](https://thekennelclub.org.uk/banshockcollars).

# The Royal Kennel Club Annual General Meeting

## The Royal Kennel Club held its Annual General Meeting on 24 June 2025 at Friends House, 173-177 Euston Road, London.

The Chairman, Mr A Allcock OBE, chaired the meeting. He explained that ballots would be used for many items with a show of hands used only when deemed appropriate. He advised that the votes received in advance of the meeting had been counted by the independent scrutineers, Mi-Voice, who would also oversee the counting of votes at the meeting.

The Chairman advised that he would be retiring with effect from the close of the meeting and that the new Chair would be elected at the meeting of the Board of Directors the following week.

### 1. The Chairman opened the meeting at 11.30am.

Before continuing with the agenda, the Chairman reported that the following members had died since the last meeting: Honorary Life Members: Mrs GM Eady, Mrs CC Guard; Members: Mr M Andrew, Mrs D Arrowsmith, Mrs S Bateman, Mr N Bryant, Mrs R Goodfellow, Mr A Harding, Mr B Kidd, Mr D Lee, Mr B Leonard, Mrs BK MacDougall, Mr W Paterson, Mr S Peter, Mr S Roberts, Miss G Robertson, Mr D Scawthorn, Mr D Spencer, Mrs B Taylor, Mrs A Tester. The Members stood in their memory.

### 2. The Members received the report of the Annual General Meeting (item 2) and Special General Meeting (item 4) held on 11 June 2024 and published in the September 2024 issue of The Kennel Club Journal.

### 3. The Chairman advised that there had been no notification of items arising from the reports of the 2024 Annual General Meeting (item 3) and Special General Meeting (item 5). A comment was raised from the floor about the enforcement the dress code in the Club rooms at Clarges Street, which was noted.

### 4. The Chairman then moved to item 6, which was to receive a report from the Board in accordance with the Articles of Association of The Royal Kennel Club Limited (Article 41.3.1).

The Chairman gave the following report under item 6a:

'Before I give a report on the Club's activities over the past year, I would like to reiterate that this is an important meeting where some significant matters are going to be discussed and/or decided. So, thank you again for attending and being part of this important journey.

I'd like to start by acknowledging the honour and privilege we have as the Royal Kennel Club in having the Monarch as our Patron. Protecting this is something I will return to shortly.

We should all be proud of the Royal Kennel Club, and our iconic traditions, like Crufts, which is more than an event. It is a statement of who we are and what we stand for. And later, more will be said about the ways our Royal prefix and the magic of Crufts can help our organisation become more relevant and impactful – reaching all dog owners, whilst preserving our heritage.

Indeed, the need to secure our future is as important as it ever was, because we clearly do not have a financially viable future without ambitious change. With our new Chief

Executive, Jannine Edgar, at the helm, we have a strong focus on turning this organisation around so that you, our Members, can be proud of the impact we have on grassroots and pedigree dogs.

### 2024 was the start of the journey and here is some of the progress we've made:

**Health Standard** – supporting all breeders with clear, evidence-based guidance on essential health testing before breeding. The Health Standard Advisory Panel brings new perspectives and specialisms into the projects, and further discussion around complex cases.

**Regional Support Network** – launched last year, this provides clubs and societies with a dedicated point of contact for tailored guidance, streamlined communication, and practical resources to support dog activities.

**Judges Education Programme for Breed Shows** – this is the first step of many in a new era of judging, which aims to reinvigorate the sport and encourage greater participation. We acknowledge and recognise that this is an emotive issue at present, which is constantly being reviewed by the Judges Committee.

**Stud Book** – this is long overdue, but I'm pleased to report it will be made available digitally. Delays were unavoidable, as we had to ensure accuracy, protecting this vital repository of our historical legacy, while moving to a modern, digital format. We are aiming to publish the Stud Book for 2022 (which covers 2021) in searchable format, imminently. This is in the final stage of quality and accuracy checks and as soon as it is ready, you will receive a communication about how to access it. The 2023 Stud Book (which covers 2022) is also expected to follow later this year and 2024 (which covers 2023) should follow next year.

**In-depth finance review** – Our renewed focus on financial performance over the past year has revealed challenges that have been building for more than a decade. This reality calls for meaningful, bold action to secure our future. This will be covered by Jannine in her report.

**Our breed lunches** – The elegant ambience of the Club, paired with the camaraderie of like-minded guests, makes each lunch a truly memorable event, whether you are an established breeder or simply a lover of dogs. It provides an exceptional forum to deepen the connection to the world of dogs with Members coming together around lovely meals, conversations, and discovery. Guests have expressed their delight about their experiences, whether it's the fascinating Library tour, the impressive art collection, or simply the pleasure of sharing a meal with fellow dog enthusiasts. Breed lunches have a significant impact in bringing the Royal Kennel Club closer to a much wider audience of dog lovers.

**The Club at Clarges Street** – It continues to evolve as a stand-out place of heritage and celebration. Last year, we hosted our first wedding for a proud Member, marking another milestone for the Club. Looking ahead, Hector (Mr Heathcote) will share more about our future plans for the Club in Mayfair.

We have been making important improvements to ensure we operate more effectively in 2025 and 2026 and for many years to come.

**Governance** – We've made progress by reducing the number of committees and groups and improving how they work. But

your feedback is clear: there's a lot more to do. Ideas have been tabled including that a smaller Board might be appropriate, and that becoming a Board member should be based on having the right skills and knowledge. It has been suggested that a business Board and a sporting Board might be appropriate. Also, people have asked if perhaps Members should have opportunity to vote for their Chair. The Board is committed to exploring all suggestions where appropriate. An independent review of best practice is being undertaken, with a view to bringing proposals for change to the SGM in November.

**Safeguarding** – We're making safeguarding a priority, ensuring clear guidance, thorough training, and straightforward procedures for everyone involved. We are updating our policy and ensuring it is clearer and more accessible. Then, we'll roll out training for Board members, staff, committees, and clubs. Most importantly, we're committed to making our events safe and welcoming for all. Crucially, each and every Director and Executive have recently taken the DBS check.

**Social media** – Many of us grew up in a time when conversations stayed between friends. Today, a passing comment online can travel far. Sometimes that's helpful, raising issues that matter. But it can also create upset or confusion. What we say online reflects on all of us. This isn't about avoiding honest views. It's about choosing words carefully.

**Listening to our Members** – On that note, we were pleased to meet many of you in person at Crufts, including at the Members' Lounge, with 280 Members and 174 additional guests enjoying this peaceful retreat away from the five busy halls. We have also spoken with hundreds of Members at recent Roadshow events in Birmingham, Scotland and Bath as well as at other shows, which has given us the chance to hear your views directly and answer questions.

We also held two online sessions to share updates on the Club's direction and take questions ahead of this AGM. We had 132 participants, so thank you to everyone who joined and contributed. Your feedback helps guide our thinking, and we hope you found the sessions useful. They were certainly valuable for the Directors and Executives to receive feedback.

At the end of April this year I wrote to let you know that, after much reflection, I had informed the Board and Executives that at the conclusion of today's AGM, I will be retiring as Chairman and as a Director of the Royal Kennel Club. This decision has not come easily, but I believe it is the right moment as I recently celebrated a 'special' birthday.

For the last six years, serving the Royal Kennel Club as its Chair has been one of the greatest honours of my life. I have been privileged to work alongside some of the most dedicated, passionate, and principled individuals in the world of canine welfare, competition, and companionship. We have so much to be proud of; but we must not forget that there is, as always, a lot to do.

You, our Members, have unmatched experience and know-how, and ultimately as dog enthusiasts have already made a significant contribution to the world of dogs. However, we are at a crossroads. If we do not all take responsibility for the positive advocacy of our Kennel Club, we will not survive.

# The Royal Kennel Club Annual General Meeting

We hope, with the support of our Members and by working together, we can help improve our financial situation, grow our beloved Club and in the long term reinvest for the benefit of dogs and our grassroots community, securing a strong, thriving Kennel Club for generations to come.

I would like to thank our staff colleagues and Directors who have been unrelenting in their commitment to the review of our organisation and the mapping out of our future. They are all vital to the Royal Kennel Club and pivotal to these efforts, and I thank them for their contributions.

Many thanks to all involved in promoting the Royal Kennel Club. And, of course, Tom Mather and the Crufts committee, the events team and staff, and all who worked extremely hard to pull this great event together yet again this year. This year's show was arguably one of the most successful Crufts to date – it was a joy to be part of it.

On behalf of the Directors and myself, sincere thanks to Jannine Edgar and her team. Their hard work, determination, and steady leadership through a challenging 2024 have laid the foundations for a stronger future in 2025 and beyond.

I must take the opportunity to sincerely acknowledge each member of the Board for their valuable contributions. Their dedication, insight, and steadfast commitment steer us through our many challenges, and this year has been no exception. I must, however, underline the vital importance of ensuring our Board continues to reflect the breadth and diversity of the sports we serve – from agility and obedience to the exceptionally large, passionate field trials community. Each discipline, along with the show community, plays a crucial role in shaping the integrity of our work.

I am extremely confident and excited by the new and ambitious direction that will be shared with you shortly. Though I will no longer be at the helm, I will remain a great supporter.

Before I hand things over, I just want to leave you with this: We all care about our Kennel Club and that's why we're here. But caring means more than pointing out what's wrong. It means being part of the solution. I've seen too much energy wasted airing frustrations online, when real change happens in rooms like this: face-to-face, with respect and honesty.

As I step down, my hope is this: that you keep talking, constructively. Be kind, and help this organisation move things forward. Because if we pull together, I am confident we are capable of great things.

I will watch with pride as the organisation moves into the next chapter of growth, confident that the future is in capable and compassionate hands. The Royal Kennel Club will always have my undivided support. It has been an honour to lead, but an even greater privilege to serve alongside you.'

- Under item 6b, the Chief Executive, Mrs J Edgar gave the following update on The Royal Kennel Club Limited finances:

'Today's financial overview will follow a different format to what you've seen in the past. The reason being, as mentioned in your AGM Members' pack ahead of the AGM, we will not be sharing the financial report

today. However, I do hope that you find the information good background ahead of my next presentation, which will outline our revenue generating plans for the future.

As your new Chief Executive, I am committed to being transparent and building confidence in our financial affairs. Last AGM, I was very new to the Kennel Club and I stood up here and I made you a promise. I promised to lift every stone. That's exactly what I have been doing with my team over the last 12 months. Working alongside our new auditors, Price Bailey and supported by a forensic accountant, we've been through our financial affairs in detail to understand precisely where we are and how we got here. This deep and rigorous financial review goes back at least a decade.

At this stage I can confirm that we can see no evidence of fraud, but it has uncovered several long-standing issues, some of them stretching back years. This is why we need to look at our accounts and how they have been historically prepared and reconciled. My commitment at last year's AGM and my commitment now has been to make sure that we address all of those historic issues once and for all. We need to make sure that we can draw a line under things and be 100% confident we're on a solid footing moving forward.

Therefore, that is the reason why we cannot present audited 2024 financial accounts at this AGM. We will be sharing them at the Special General Meeting later in the year. This delay comes with no penalty and it enables us to continue the most extensive financial review in our history. This prioritises accuracy over speed. Our statutory deadline for submitting the accounts is September. However, we will be applying for an extension at no penalty to the end of the year. Lifting the stones is never an easy exercise, but I have found it absolutely necessary. Hector will be sharing a little bit more about his thoughts in item 7, but we already know that the 2024 accounts will show a significant loss. I know that this is very difficult to hear. It's very difficult to be in my position as well. But I want to be completely transparent and face up to the truth about our situation. I believe that truth is our only way forward. Now, as I've already said, there will be a loss for 2024 and this is due to a number of factors which I'll give you at a very high level and I'll cover some of those now.

On a positive note, what I can share is that we expect the revenue to be slightly up year on year, approximately 4%. This is as a result of some positive things that we've done during 2024. We've made improvements at the Club, which has generated more revenue. We had a more successful Crufts than planned. We've done more in the activities and event space to ensure we're closer to break even. We've entered into a new partnership with Mars and we have rented out the office space at Clarges Street and Aylesbury.

However, these were impacted by the declining registrations trend, which I know you're all aware of. This is a multifaceted issue. I would like to do a little bit of myth-busting, as we can't find any evidence to suggest that the decline in registrations has been influenced by our decision to increase the fees last year. There are several well-known behavioural and structural shifts that we can explore, however.

In 2021, we recorded a peak of approximately 347,000 registrations. This is now around 187,000, falling below pre-pandemic levels.

We are also seeing similar trends throughout the world with other kennel clubs – in the US and also in Europe. The rise of the crossbreeds such as the Cockapoo and the Labradoodle, is reshaping the canine landscape, diverting registrations away from pedigree dogs. Campaigns promoting adoption over purchase is becoming more popular, particularly with the younger generation, which is impacting the demand for registered litters.

The public scrutiny over breed-specific health issues has also influenced ownership choice and there are also regulatory changes that we're all aware of. The HMRC regulatory requirements are also affecting the choices that some of our breeders make, with some of them completely opting out of the registration process altogether.

To address this declining trend and our future relevance and impact, we must engage and support breeders more whilst addressing the evolving expectation of today's dog owners, especially in the digital era. This is part of our 2025 plan. In addition to the declining registrations, there have been some other contributing factors to our loss in 2024: the cost of exploring commercial opportunities, which should grow in fruition for a more sustainable future; professional fees that include resolving the pension issue, which I'll talk about in a few minutes; some one-off costs, such as reorganising our teams to make sure we are better set up for the future, and corrections in terms of errors relating to prior years.

Now on the point of the pension, because I know a lot of people have asked me about this, this is really good news for the Kennel Club. Firstly, the funding of the scheme moved from a deficit to a surplus position. As you might know, the pension scheme goes through an actuarial valuation every three years in line with UK pensions regulations. When the valuation was done in December 2023, it showed that the pension scheme had moved from a deficit to a surplus. This surplus had improved even further when we did an estimated valuation in December 2024.

With the pension scheme being in surplus, it gave the trustees, in consultation with the company, an opportunity to de-risk the pension scheme's investment strategy. Following the de-risking, the trustees, again in consultation with the company, took the opportunity to buy in a contract with a regulated insurer. So, what this means is that the insurer is now responsible for making future pension payments to members of the pension scheme. This arrangement lowers the financial exposure for the Royal Kennel Club. This buy in is the first step towards a full buy out, and eventually a wind up of this scheme.

The next steps involve a detailed verification of the data which will take approximately 18 months, but the Kennel Club no longer needs to make any contributions to this scheme and this transaction significantly de-risks our financial position. This demonstrates more prudent management and hopefully delivers longer term financial sustainability in respect of the pension scheme.

So, I'm sure you're all asking what is the solution to our problems? Well, it's obvious that we need to start making a profit and we have to start turning a profit by 2026 by bringing in and diversifying our revenue. We also need to get to a place where our exceptionals are foreseen and also contained.

# The Royal Kennel Club Annual General Meeting

So, in other words, the amount of money it costs for us to offer our valuable services and products to Members and the public far exceeds the money that we bring into the organisation. To turn a sustainable profit, we must launch a bold, first-of-its-kind range of products and services, and do so consistently. Otherwise speaking very plainly, we will run out of money.

I'm sure many of you recognise this building (on screen). I'm a particular fan of Downton Abbey and I don't know if many of you saw the last Downton Abbey film, but it really resonated with me where a fictional family was struggling to fix the leaky roof when they live in this beautiful stately home.

It was a real challenge to observe a seemingly wealthy family living in this property, but not being able to run it properly. They were asset-rich and cash poor – that is the Kennel Club. That is exactly where we are. We have a wonderful home in Mayfair. We have a wonderful art collection, but we are cash poor. We need more money to run our home.

The reality is we cannot continue to sell our family silverware, draw down on investments and we cannot save our way out of the current situation. These measures will only get us so far. We need to find a more sustainable, longer term solution. So, we've already started to make some adjustments, some of which were outlined in the annual report that you received. Firstly, we are embracing digitisation: with nearly £1 million spent annually on printing and postage, digitising certificates alone will slash this cost by 20%.

Going digital is not just about efficiency. We aim to deliver a better customer experience. In 2024, we took the first step of digitisation in terms of award certificates, field trial certificates and export certificates, reducing wait time, print cost and stationery spend. We are targeting £600,000 in savings, through reducing printing and postage. Secondly, we are working hard on securing our partnerships and sponsorships with organisations with the same value set as the Kennel Club. These collaborations provide essential funding and allow us to expand our impact and reach more dog owners.

We continue to grow our partnership with Agria, our valued range of Kennel Club pet insurance and we are proud that they have won awards in 'Which?', as the Best Buy for our Lifetime Plus and Lifetime Premium dog insurance 2025. We've also created greater financial stability for Petlog by renewing a large vet contract. In addition, our Mars partnership has provided great support and offers breeders and owners even greater support through our events and activities, particularly Crufts. And thirdly, we have started to maximise our assets: renting out parts of the Aylesbury and Clarges Street offices has contributed £580,000. We are working extremely hard to find tenants for the third floor and hope to realise a further £600,000 when we are able to do this.

Crucially, perhaps most importantly, we are crafting a new product and service model, which Emma (Ms Dyer) and I will talk you through in my next presentation. Furthermore, I believe we need to go back to basics, and we need to fix some of the fundamentals so that we can shape a different and more ambitious future. Work is in progress, making sure that these are part and parcel of how we operate.

**Internal governance** – ensuring we have accurate cost management, stricter finance controls and a better finance system in place.

**Accountable leadership** – my executive team with revenue generation mandates and P&L responsibilities.

**A talented team in place** – making sure we have the right people in the right roles with the right skills.

We also need to start insisting on commercial capability across the organisation, embracing and not shying away from being a proudly profit for purpose organisation with some real commercial nous. We need to move away from the notion that being commercial is a bad word and, on the contrary, it helps us deliver our purpose for our dogs.

In my next presentation where I will cover our 2025 plan, Emma and I will talk about the strong focus we have on repositioning our two brands, the Royal Kennel Club brand and the Crufts brand, and bringing new products and services to an expanded audience of dogs to our benefit. We believe that the only way to get ourselves out of this financial hole is to give us more relevance to people whilst respecting our heritage and building on our authority.

If we continue down the path, focusing only on pedigree audiences, we are looking at £11.7 million from that traditional base, which we know is declining year on year. But if we open up our world, we could find that figure rises to at least £34 million tapping into a broader community of 7.7 million dog lovers. And the good news is that there are more dog lovers out there than ever before. This is not just about revenue: it's about impact, it's about relevance and it's about sustainability. We've already done a lot of work to craft this future and I look forward to sharing it with you shortly. Thank you for your attention on this topic. I hope that was as much of a good overview as I can give you at this stage.

Mr Heathcote, Chairman of the Business Committee, then gave the following report:

'Dear Members, ladies and gentlemen, those of you who've attended the AGM in previous years might recall that we would usually be presenting a summarised version of the audited financial statements at this point in the agenda.

However, as Jannine has already mentioned in the previous set of items, and as you will have read in your Member pack, we're not able to present the audited 2024 financial statements today. Instead, we'll share them at a Special General Meeting later this year. As mentioned already, our statutory deadline for publishing audited accounts of the company is 30th September, but we've applied for an extension until the end of the year, which means there will be no penalty to the Kennel Club in this regard.

The Board, the Business Committee and the Risk Assurance Committee are all fully engaged in this process and aligned in their commitment to transparency and thoroughness. We're very clear that the history of our financial issues did not start with Jannine, and we commend her for taking responsibility to get things fixed.

We're grateful for the hard work she and her team have put into this. This work was sparked in part by a significant PAYE overpayment identified in 2024. HMRC has since refunded the amount in full, but it rightly prompted a deeper review. As Jannine mentioned, and it's

worth repeating, no evidence of fraud has been identified, but the findings have uncovered a host of legacy issues. How past accounts were prepared, how figures were reconciled and indeed, whether our systems, our financial systems, are fit for purpose moving forward.

I'd like to stress this is not simply about ticking of boxes – it's a proactive and frankly much needed set of activities to make sure we can account for the 2024 financial year and the years to come on a foundation that is both accurate and credible. This will help us beef up our financial governance arrangements going forward. I want to thank Members for their trust and patience, allowing us the time and space we need to conclude this work properly and build confidence in every number that we report to you at the SGM later this year. Thank you very much for your attention.'

6. Under item 6c, the Chief Executive, Mrs Edgar gave the following report:

'So now that we've taken an honest look at our financial picture, I'd like to turn the page and talk about where we go from here. I'm aware of previous concerns about the strategy work that was undertaken in the past few years in terms of both cost and the time that it took. However, that work has given us a solid foundation, allowing us to create a sustainable and ambitious plan for the future.

What I'm going to share with you now is that forward-looking plan and it's not only one that is going to improve our Club, it's about strengthening the entire community around us. This is about creating a future where success at the centre ripples outwards, reaching the regional network, you, as Members, people in the grassroots and everybody that makes our community so special, it's about moving from survival to something far more sustainable and far more ambitious.

So bear with me on this one. This is our 'kennel' (on screen) and as you can see at the apex is an image representing our purpose to support dogs and their owners. Like all diligent organisations, a plan is vital for clarity, laser focus and removal of all confusion. Today I will focus on sharing some of that plan with you and hopefully bring our kennel to life.

Unsurprisingly, our plan is underpinned by making sure we become financially sound and in helping enhance our connectivity with the dog community that we work with. If we're serious about making a lasting impact and reinvesting in what really matters, we need to use our assets wisely, especially the two most powerful: our brands.

Firstly, the Kennel Club, a name rich in history, heart and authority, and I'm pleased to share that we'll soon unveil a plan that goes far beyond a logo refresh. It's about evolving how others see us. How others see the Kennel Club attracting the next generation of pedigree owners, by staying true to its core and making it shine. Then there's Crufts. Obviously, a world-renowned event celebrating dogs and the people who love them.

It may well be our greatest asset and we're ready to harness it to its full potential, driving sustainable growth and welcoming all dog owners. These brands hold unmatched value, not just in the dog world, but through society. We will invest in them, create new products and services and connect with more like-minded people like us.

# The Royal Kennel Club Annual General Meeting

In doing so, we will build long-term growth and a sustainable organisation. To help me share our plans, I'd like to invite Emma Dyer to the stage who is our Chief Revenue and Brand Officer to talk us through what we've been pulling together.'

Ms Dyer gave a presentation of how the Royal Kennel Club and Crufts brands would be developed and targeted across products and services. Mrs Edgar then concluded her report as follows:

'Many of you will know about the Petlog database, which plays a vital role in reuniting lost pets in our country with their owners. It is by far the most loved brand in this data space. This makes connections to millions of dog owners across the UK easy for us because we can speak to them directly. For example, we can speak to Geri, who lives in Teddington. She's got two labradoodles which she got five years ago, but she's looking for a pedigree dog but doesn't know where to start, or Mark in Bristol, who has a German Shepherd and he's keen to buy another dog but isn't sure what dog is right for his family.

We can speak directly to these people through Petlog. Petlog isn't and shouldn't be just about lost and found. It's a powerful route for us to strengthen the future of dogs, both for the Royal Kennel Club and for Crufts. We know that there are pedigree dogs registered on Petlog that are not registered with the Kennel Club. We have never used this unique and valuable Petlog dog-only detail ever before, and this will allow us to bring more people to the Royal Kennel Club with our dual strategy.

If we look at the two brands together, the Royal Kennel Club and Crufts are united by the purpose of this entire organisation to support dogs and their owners. That does not change. Petlog will connect both brands together. Through its data, we will be able to connect with dog owners throughout the entire life of the dog's journey. It enables us to target pedigree dog owners with Royal Kennel Club products and expand our audience, including crossbreeds with Crufts products. The Royal Kennel Club continues to build and protect upon our own heritage that we know and we love. The primary audience is you, our Members and our dog community.

If we look at Crufts – at the moment, this is only an event, but it could also be an opportunity to reach a wider audience of beloved dog owners all year round. And because people are exposed to Crufts as an all-year brand, then we can offer some products and services to a wider dog audience across the lifecycle of the dog, whether they have a pedigree dog or a crossbreed.

This is a sustainable longer-term plan as we attract new dog owners and make sure that the Royal Kennel Club and Crufts stay relevant in the world of the pedigree dog, and hopefully for those people who don't currently have a pedigree dog, their next one will be. This will also help increase participation at the grassroots as we give greater visibility to all of the activities we offer.

So how might this look in practice? Well, we have a purpose, which is to support dogs and their owners. The reality is that, as the Royal Kennel Club, we have an opportunity to present or represent all stages within the dog's life, some of which are shown on screen. And if we do this, we are absolutely achieving our purpose and the reason why we exist.

Now, as I've said, we already have an amazing store of Petlog data, and you remember I mentioned Geri from Teddington and Mark from Bristol. Well, think of them as individual dog owners multiple times over that we can connect with. To access this information is very unique to the Royal Kennel Club. We know who we are. Now we need to bring products and services that attract more people to the Royal Kennel Club and Crufts. By identifying the right partners to work with, we believe we can do this at scale and in areas we've never done before.

We do a lot of this already, but we can enhance and build new products and services for all life stages to bring not only our existing community with us, but also the wider dog loving community. We are already starting to talk to people in the dog grooming space. This is one of the additional activities that we could offer along this journey. Nobody else is as well positioned as us to be the go-to place for all dog owners in the UK and beyond, and importantly, all of this new outreach can be done with the utmost respect for who we are as an organisation without compromising on our identity and heritage.

Before I move on, I do want to make a point about our future tone of voice and how we want to speak to people who engage with us. As we move forward with our repositioning, it's important that the way we speak as the Kennel Club also evolves with us. You'll notice that the tone is starting to evolve to be more approachable, warmer, easier to relate to while still being grounded in expertise and the authority that you would expect from us.

It's about being clearer, more engaging and more human in how we support you, and champion dogs and owners across the UK. We want to be seen as a trusted voice and a thought leader making sure that we are on solid ground, being genuinely helpful, informed and present in conversations.

Now, at the outset I mentioned this was more than a logo change and hopefully we've painted and put some colour on that for you. This is a bold new chapter – one which identifies and reflects our heritage with boldness and bravery. We will welcome more people and hopefully create more advocates. It means more growth, engagement, revenue but also impact, the result of which is an investment back into you, your clubs, your work and our shared purpose. This is how we honour our legacy by securing its future.

All that I have shared today and what I will be doing, what we're doing, is summarised here. Please indulge me. We put dogs first. We always take the dog's point of view. We aim to be the dog's best friend. We set the standard. We take responsibility to do the right thing. We champion excellence. We want every dog to live a healthy and joyful life. We owe it to them for the joy that they bring us and the bonds that they make with us; returning their love and trust underlies everything we do. Our doors are open. We welcome all dog lovers with open arms and wagging tails. Anyone who shares our passion for dogs can be part of our story, because it's all about dogs. It always has been, always will be.

And in closing, we have been championing Britain's love of dogs since 1873.

After what you've seen and what you've heard today, I hope that you will support me and the

wider team in working with you, our Members, to continue championing the love of dogs. Protecting and enhancing the Royal Kennel Club, and indeed Crufts, for the future to come. Thank you.'

Following the reports, questions were raised and addressed on the role of the previous auditors, the PAYE overpayment, how to increase the registration of unregistered pedigree dogs, and how the organisation had targeted pet owners following the compulsory microchipping of cats.

7. Item 7 had been listed as an update on The Royal Kennel Club Limited's audited accounts for the year ended 31 December 2024. It was noted that this matter had been addressed at item 6b and the Chairman turned to item 8.
  8. Item 8 was to appoint Price Bailey LLP as auditors for the ensuing year. This was proposed by the Board and it was confirmed that no secondor was required under the terms of the Articles of Association. With the inclusion of the proxy votes, this was carried.
  9. The Chairman then turned to item 9, the election of Vice-Presidents for the ensuing year. The Chairman announced that The Rt Hon Lord Fairhaven had opted not to stand and thanked him for his many years of service in the role.
- The Chairman proposed the following for re-election as Vice-Presidents: Professor Steve P Dean, the Lord Kirkham and Sir John Spurling. It was confirmed that the proposal did not require a secondor under the terms of the Articles of Association and was voted on en bloc. With the inclusion of the proxy votes, the proposals were carried unanimously.
10. The Chairman invited the Vice Chairman, Mr Paul Eardley to present item 10 of the agenda, the proposed election of Mr Vince Hogan, Dr Val Marrian and Lord Watson of Richmond as Honorary Life Members of The Royal Kennel Club in accordance with Article 33. Mr Eardley invited the Members to vote using a ballot paper which would also be used for item 11.
  11. Mr Eardley was then invited to present item 11 of the agenda, the proposed election of The Duchess of Devonshire and Mr Paul Rawlings as Honorary Life Members in recognition of their dedication and service given to the Club over the years. Mr Eardley invited the Members to vote using the ballot paper for items 10 and 11. Once the ballot papers had been collected, the Chairman moved to item 12 of the agenda.

12. Item 12 was the election of ten members of the Board in accordance with Article 29; eight for a three-year term and two for a two-year term. The Chairman paid tribute to Mr Rawlings following his retirement from the Board. There were 11 candidates, seven of whom were retiring by rotation and who were offering themselves for re-election and four further nominations. Those standing were Mrs Y Rawley MBE, Mr S McCabe-Bell, Mr N Brooks-Ward, Mr J Bailey, Mr R Allen, Dr Gabriel, Mr D Craig, Mr L Janaway, Dr A Schemel, Mr I Seath and Mrs J Millard. Once the ballot papers had been collected, the Chairman moved to item 13 of the agenda.

13. Under item 13, it was proposed on behalf of the Board, that the Board was to be given the general authority and mandate to negotiate, agree and complete the sale at profit of the Emblehope and Burngrange Estates,

# The Royal Kennel Club Annual General Meeting

Northumberland. The Chairman invited Mr Eardley to outline this proposal further.

Questions were raised and addressed as to whether the properties had yet gone on the market, the potential deferment of Capital Gains Tax, and the potential use of the proceeds of a sale. The Chairman invited the Members to vote using a ballot paper which would also be used for items 14 and 15.

14. Under item 14, it was proposed on behalf of the Board that Kennel Club Rule A9: Fees, be amended to include, 'Fees will increase in line with inflation, based on the Consumer Prices Index (CPI). The increases will be published in July, using the CPI percentage from May of that year. For increases above CPI, Members in general meeting will determine the fees based on the Board's recommendation.' The Chairman invited Mr Heathcote to outline this proposal further.

Questions were raised and addressed on future Member approval of fee increases above CPI. The Chairman invited the Members to vote using the same ballot paper as for item 13.

15. The Chairman then turned to item 15, which was a proposal on behalf of the Board that Rule A(A): Use of the Club Premises by Members, be amended to include, 'In addition to the Members, the Board may grant access to the Club premises to a designated class of non-voting members to be known as 'Friends of the Royal Kennel Club' upon payment of an annual subscription, to allow use of the Club premises at times designated by the Board. This designated class shall have no voting rights. These rules governing use of the Club premises shall apply to Friends of the Royal Kennel Club, and the Board may set such further limits on their access and use of the Club premises as the Board deems appropriate.' The Chairman invited Mr Heathcote to outline this proposal further.

Questions were raised and addressed on whether Members would still be guaranteed access to the Club; whether Associates and Affiliates would be able to use the Club under this proposal; reciprocal agreements with overseas kennel clubs; how any additional hours would be staffed; and the behaviour and dress code expected of potential Friends.

The Chairman invited the Members to vote using the ballot paper for items 13-15. Once the ballot papers had been collected, the Chairman moved to item 16 of the agenda.

16. The Chairman introduced item 16 of the agenda, advising the Members that this was the first of four discussion items on the agenda. He invited Mr Parsons to outline his proposal, 'That the Board brings to the 2026 annual meeting of members a proposal which would enable all with a proven serious involvement in the activities licensed by the Royal Kennel Club to join the Club.'

Following Mr Parsons' address to the Members, the Chairman invited Mr Eardley to respond on behalf of the Board. Following comments from the Members, Mr Parsons was invited to respond further. The Chairman advised that the Club Committee would look into this suggestion further.

17. The Chairman then moved onto item 17, a discussion item proposed by Mrs Spavin, that 'the Articles of Association (Company Limited by Guarantee) and the Rules (The RKC) are

reviewed and amended to remove ambiguity and conflict.' He advised that Mrs Spavin was unable to attend the meeting in person and read out the rationale previously supplied by Mrs Spavin.

The Chairman invited Mr Eardley to respond on behalf of the Board. A comment was raised and addressed on the potential merging of the Articles of Association and the A Rules.

18. Item 18 was a discussion item proposed by Mr Searle, 'That 'a) A secret ballot must be undertaken to remove individual members as is the current process for the election of new members; b) A secret ballot must be undertaken to remove Board Directors; and c) The RKC must have an appeal process to contest the removal of individual members similar in spirit to the second sentence of existing RKC rule 11.h. No Member shall have been involved in the previous adjudication of the case.'

The Chairman advised that Mr Searle was unable to attend the meeting in person and invited Dr Hemstock to outline the proposals and Mr Eardley to respond on behalf of the Board. Following the discussion, the Chairman turned to item 19 of the agenda.

19. Item 19 was a discussion item proposed by Mr Stewart, that 'The Board is invited to explain, and justify, a policy which denigrates the status and integrity of pedigree dogs by the continual registration of dogs which are blatantly described as contrary to the breed standards, as set by the (Royal) Kennel Club.'

The Chairman advised that Mr Stewart was unable to attend the meeting in person and invited Mrs M Smith to outline the proposal and Mr Heathcote to respond on behalf of the Board. Following a general discussion, a question was raised and addressed on a previous proposal to split the Breed Records Supplement into dogs of Breed Standard and Non-Breed Standard colours.

20. Item 20 was to receive a report from the Crufts Committee. The Chairman invited the Chairman of the Crufts Committee, Mr T Mather to give a report on the 2025 show.

21. The Chairman then moved to item 21 of the agenda, General Business, and advised that none had been received. He then announced the results of the items voted on by paper ballot, as follows.

22. Under item 10, Mr Vince Hogan, Dr Val Marrian and Lord Watson of Richmond were elected as Honorary Life Members. Under item 12, The Duchess of Devonshire and Mr Paul Rawlings were elected as Honorary Life Members.

The Chairman announced the result of the voting on item 12, the ballot for members of the Board, and announced that the eight members elected for a three-year term were Mrs Millard, Dr Gabriel, Dr Schemel, Mr Brooks-Ward, Mr Craig, Mr Seath, Mr McCabe-Bell and Mrs Rawley MBE, and the two members elected for a two-year term were Mr Allen and Mr Bailey.

The Chairman thanked all the candidates for standing to be a Director of The Kennel Club.

The Chairman announced the result of the voting on item 13 (Emblehope and Burngrange Estates). The item had reached the simple majority threshold required and was carried.

The Chairman read out the voting results of item 14 (Fee increases) and 15 (Use of the Club premises). Both items had reached the

two-thirds majority threshold required and were carried.

Before closing the meeting, the Chairman advised that Dr Gabriel wished to speak. Dr Gabriel thanked the Chairman, Mr Eardley and Mrs Edgar for the way in which the meeting had been conducted, and then paid tribute to the Chairman and thanked him for his service on behalf of the Members.

The Chairman thanked the Members for attending the meeting and declared the AGM closed at 2.26pm
