| Breed | Dachshund (Smooth Haired) |

This tally sheet is designed to assist judges in recording health observations during their appointment. While it is an optional aid and should not be returned, it is a valuable tool for accurately recording the number of dogs with concerns. Using this sheet ensures that a definitive number can be provided, rather than terms like "some" or "a few," which do not offer meaningful data. This tally sheet does not replace the mandatory online form. Please complete the online form at <https://bit.ly/3YcHd7D>.

| Points of Concern | Tally | Total |
|--|-------|-------|
| Signs of visible eye irritation or discomfort (including redness, discharge and tear staining) | | |
| Inadequate ground clearance | | |
| Incorrect hind conformation and/or poor rear movement | | |

The table below is for recording any health concerns observed in the entry that are not breed-specific points of concern.

[illegible]
