## The Kennel Club elects new Chairman

**The Kennel Club Board has, on Tuesday 1 July, elected Ian Seath as The Kennel Club Chairman, while Paul Eardley has been re-elected as The Kennel Club Vice-Chairman.**

Ian, who has served on the Board since 2019, has owned Dachshunds since 1980 and first judged the breed in 1991 and awards Challenge Certificates in all six varieties. He said: "It is an honour and a privilege to have been elected as Chairman of The Kennel Club. I thank my fellow Directors for entrusting me

with this role. Forty-five years ago, my wife Sue and I bought two Miniature Long Haired Dachshund puppies. I never imagined that would lead me on a path to where I am today, following in the footsteps of so many illustrious previous Chairmen."

milestone the Staffordshire Bull Terrier Club, also 90 years old, will be hosting a number of special events throughout 2025 and Bill Moores discusses how diplomacy and thoughtfulness for others can be a kind of magic in Viewpoint.

In health matters, we invite Dr JA Samantha Goldberg MRCVS to report on bloat, following Del Richards's article on the life-threatening emergency in the July edition, and how an owner's vigilance can be the most important factor in their dog's survival.

A new exhibition from photographer and artist Nick Gardner, called Salty Dogs, is now open in The Kennel Club Art Gallery and new additions to the collection from avid collectors, the Irish Wolfhound Club celebrate their 140th anniversary with a variety of events not to be missed this year and find out what Basil & Blossom are getting up to this month.

Our breed of the month is the Finnish Lapphund, originating from the long-haired dogs used to herd reindeer. We learn how its origins as a hard worker in the harsh conditions of Lapland have ensured it is a breed that is content with very little. We invite ten judges to choose their three favourite Finnish Lapphunds that they have judged in the show ring in the Judges' Choice. Present a selection of Finnish Lapphund artefacts, how the Finnish Lapphund Club of Great Britain celebrated their 30th anniversary earlier in the year, the Finnish Lapphund Breed Health Co-ordinator discusses the importance of health testing and screening for a stronger future and the role Finnish Lapphund Club of Great Britain Rescue plays to keep rehoming requests to a minimum. Four breed enthusiasts describe how versatile the breed is in a range of activities from rally to mantrailing and a Finnish Lapphund owner from Edinburgh shares their favourite walk.

## The Kennel Club elects new Chairman

Continued from page 1

Former Chairman Tony Allcock OBE retired at the Annual General Meeting last month. Ian thanked Tony for his service as a Director, and Chairman since 2019, adding: "Tony has been ably supported by two Vice Chairmen in that time, Dr Ian Gabriel and Paul Eardley, and I am pleased to have Paul

continuing in that role. I thank them both for their contributions.

"It is worth remembering that my Board colleagues, and many others across the dog world, are all volunteers who willingly and enthusiastically give up their time to support The Kennel Club and numerous canine societies. Without these volunteers we would not have a Kennel Club or Crufts or the hundreds of canine activities that run throughout the year. We all have a role to play in ensuring that when dog owners participate in our events, they have an enjoyable experience and a fun day out.

"I look forward to meeting the members in my new role as

Chairman, and closely working with Chief Executive, Jannine Edgar, her executive team and all the dedicated staff at The Kennel Club.

"The Kennel Club has always been about dogs and always will be about dogs."

Mr Eardley, who has been a member of The Kennel Club since 2003, was elected to the Board in 2017 and elected as Vice Chairman in July 2022. Paul has an interest in all Terrier breeds. His principal breeds are Australian Terriers and Dandie Dinmont Terriers. He awards CCs to 15 Terrier breeds, one Toy breed and is approved to judge the Terrier group at championship level.

# The Kennel Club outlines vision for the future at AGM

**The Kennel Club outlined plans for growth and brand transformation at its Annual General Meeting on 24 June 2025, held at Friends House in London.**

The event marked a significant moment of change, with the retirement of Chairman Tony Allcock OBE after six years of dedicated service, and the election of new board directors to help drive the Club's future direction.

Making his last address as Chairman of The Kennel Club, Tony Allcock OBE, opened the AGM, by thanking the members for their presence at what was a crucial meeting with a considerable agenda. He also thanked the 132

members who joined and contributed to the two online question and answer sessions which had been held earlier in the month, to provide an opportunity to answer any questions that members may have had in advance.

In a speech that was both reflective and forward focused, Tony thanked members for their commitment and highlighted a number of achievements over the past year, including the launch of the Health Standard, the new Regional Support Network, the Judges Education

Programme for Breed Shows and increased engagement and continued attraction of utilising the Clarges Street premises, where the venue hosted its first wedding in October 2024.

Tony said: "It has been a privilege to serve The Kennel Club, and I leave confident that with the renewed energy and clarity of purpose, The Club is in strong hands for the future."

Members were asked to vote on a number of agenda items, which included;

- Appointment of Auditors
- Election of new Vice-Presidents
- Honorary Life Members and Directors
- The sale of Emblehope and Burngrange Estates at profit
- Extended access to Club premises for non-voting members (Friends of The Kennel Club)
- Proposed amendments to increase fees in line with the Consumer Price Index

All of the proposals were carried.

Jannine Edgar, Kennel Club Chief Executive, said:

"We are grateful to our members for voting these proposals through, helping us secure a bright, relevant and impactful future in a challenging economic climate.

"We are committed to diversifying our revenue streams and working to drive down the levels of subsidisation required across many of our treasured activities. We want to build now on what we have, so that we are best positioned to achieve our purpose. The Board and the Executive team, working hand in hand, will continue to focus on developing ways for The Kennel Club to

As part of its transformation journey, The Kennel Club reaffirmed its focus on strengthening two of its most recognisable assets, the Royal prefix and the global appeal of Crufts. These iconic brands will play a central role in enhancing public engagement and modernising the organisation's presence, helping The Kennel Club become more relevant and impactful to today's dog owning community.

Both efforts are designed to broaden reach, increase consumer relevance, and drive long term growth, all while preserving the traditions and values at the heart of the Club's history.

The AGM also spotlighted the success of Crufts, with Crufts Chairman, Tom Mather, providing an overview of the 2025 event, which attracted more than 18,500 entries and over 155,000 visitors. Tom said: “I would like to pay tribute to all of The Kennel Club staff and in particular, the Events team. Their professionalism and dedication to the show is superb. You all do so much to promote dogs and our organisation, and on behalf of all the member of The Kennel Club, I salute you.”

# The Kennel Club encourages dog owners and breeders to become clinic hosts

**The Kennel Club is calling on dog owners and breeders to help play a vital role in improving the future health of pedigree dogs.**

In order to help increase the availability and awareness of health testing across the UK, The Kennel Club launched the 'Clinic Host' initiative in 2023, which supports and rewards the dedicated volunteers that are playing a key role in helping to safeguard dog health.

Any individual or organisation can become a clinic host and, as part of the role, will organise and run health clinics to provide pre-breeding health assessments to all those that need to have their dog tested. Clinic hosts are entitled to a range of benefits, including free Crufts tickets, and have access to step-by-step guides, practical support for getting started, and tips for running a successful clinic. Further details can be found by visiting <https://www.thekennelclub.org.uk/media/h30bgftj/health-clinic-guidance-v1.pdf>

Clinics may be breed-specific, or open to all, and can offer one or multiple types of health assessments. They can be hosted by anyone – including owners,

breeders, or dog professionals - and may include schemes such as:

- The BVA/KC/ISDS Eye Scheme
- The Kennel Club Heart Scheme for Cavalier King Charles Spaniels
- The Kennel Club/University of Cambridge Respiratory Function Grading Scheme

Linda Hall, who has been a clinic host since 2023, explains why she chose to become involved in the initiative: "I was arranging and hosting eye screening clinics prior to the introduction of the clinic host programme because of a lack of clinics in the North East, and I wanted to help my fellow canine peers who had always supported and helped me and my dogs."

"Through the programme, I host three clinics a year and it gives me a great sense of satisfaction to know I'm giving something back to the dog world, helping breeders and stud owners to continue to breed responsibly."

For a full list of upcoming health testing clinics, and our current clinic

hosts, please visit [thekennelclub.org.uk/healthtestingclinic](https://www.thekennelclub.org.uk/healthtestingclinic). To apply to be a clinic host, or if you have any questions, please contact [health@thekennelclub.org.uk](mailto:health@thekennelclub.org.uk). Data gathered from these clinics, alongside all health testing, forms a vital part of the comprehensive information The Kennel Club uses to inform Breed Health and Conservation Plans and The Kennel Club Health Standard. This enables collaboration with breeders to provide clear guidance on ensuring the future health of pedigree breeds. These documents, which enable The Kennel

Club to track progress and make meaningful changes to breed health, have been developed as a result of reviewing more than 4,000 research papers, making the project the most comprehensive review of pedigree health data anywhere in the world. By arranging and supporting these clinics, you are contributing to dog health, both individually and at large. More information about what the organisation does for dog health can be found by visiting [thekennelclub.org.uk/dog-health](https://www.thekennelclub.org.uk/dog-health).

# The Kennel Club launches report highlighting failures of dog breeding licensing regulations

**A new report by The Kennel Club, which was launched last month in the House of Commons, called for an urgent review of the current dog breeding licensing regulations, which are having a significant impact on both responsible breeders, as well as buyers finding responsibly-bred, healthy puppies.**

The report also highlighted that many responsible breeders are being discouraged from breeding, following the introduction of The Licensing of Activities Involving Animals Regulations 2018, which has proven to be particularly burdensome for low-volume, high-welfare breeders. This deterrent is leaving a void in the market which is being exploited by puppy farmers and rogue sellers, who simply breed for profit without any regard for health or welfare, or the puppy's future.

Finding a puppy to suit a potential dog owners' lifestyle takes a lot of time and dedication yet statistics show, year on year, that many aren't doing the appropriate research. A quarter of dog owners only spend two hours or less researching their puppy purchase decision, according to research last year carried out by The Kennel Club as part of its Be Puppywise campaign, while two-fifths of owners (40%) fear they bought from a puppy farm after spending little time researching.

A dog breeding licence is required if someone breeds three or more litters in any 12-month period, and/or breeds dogs and advertises a business of selling dogs. However, with the many dependents and unknowns involved, the costs of breeding a litter nearly always outstrips the income and, as such, many breeders, particularly those operating on a smaller scale who are primarily driven by a deep commitment to the health and welfare of the dogs, are being unfairly penalised, and discouraged

from breeding, with detrimental consequences for puppy buyers.

The report details a Freedom of Information request project, carried out by The Kennel Club, which found that not only are two-thirds of licences being issued to those low-volume home breeders – such as those breeding one to two litters a year – as opposed to commercial large-scale breeders, but that the costs of such licences vary hugely, from £66 for a three-year licence, to over £1,500 for a one-year licence.

As well as the damaging effects to the provision of healthy, well-bred puppies, the overall impact on the marketplace from these stringent regulations is significant and could see prices for puppies surging and therefore attracting more inexperienced breeders who want to breed for profit, or driving the import of puppies from overseas to meet demand in the UK, which may be subject to lower welfare standards. Recent research, carried out by the Royal Veterinary College (RVC), identified the supply of well-bred puppies in the UK as a major issue in canine health and welfare.

The Kennel Club wants to see the Government doing more to encourage breeding dogs with full regard to their health and welfare, and the report recommends action focusing on:

- A tiered approach to breeding regulations
- The implementation of a mentoring programme between those who have more knowledge of breeding, and those planning their first litter
- Introducing mandatory puppy contracts, to help ensure all breeders are adhering to basic health and welfare standards
- Adoption of a Code of Practice for

those looking to purchase a puppy, alongside an educational and behavioural change campaign

Holly Conway, Head of Public Affairs for The Kennel Club, said: "There are many reasons that responsible breeders choose to breed, including for the love of the breed and dogs overall, to continue a family line, to protect the population of vulnerable breeds, and to provide good quality and healthy examples of a breed. However, we are hearing all too often how these small-scale breeders are unable to continue because of the costs and obstacles involved. "Therefore, as long as the

licensing regime continues to operate as it is, and targets ultra-low volume breeders as opposed to commercial large-scale breeders, there remains a huge market for irresponsible breeders to profit from.

"It is crucial for the long-term health and welfare of dogs that the high demand for puppies is met by responsible, loving, and high welfare breeders, and we want to explore how these breeders, and others like them, can be encouraged to continue."

As part of its commitment to encouraging responsible dog breeding and ownership, The Kennel Club recently implemented its Health Standard, which provides broader support, education and resources, and signposts buyers to responsible breeders more comprehensively than the current licensing model. The Health Standard, developed using extensive scientific research and breed community input, outlines the health testing priorities for every breed, for both breeders and puppy buyers. It is also based on prevalence and trends data, collated over the past decade as part of the Breed Health and Conservation Plans.

**"...small-scale breeders are unable to continue because of the costs involved"**

## Hungarian Vizsla nearly loses eye from tiny grass seeds

**Owners warned of the hidden hazards of summer, as July sees the highest surge in injuries.**

**New research released last month by The Kennel Club reveals that dogs are most at risk of injury from grass seeds in July, with a third (31%) of all claims in the last year made last month.**

The data, collected by Kennel Club Pet Insurance, provided by Agria, also revealed that three-quarters (76%) of all claims were made between July – September. As such, the organisation is urging dog owners to remain vigilant to these hidden hazards when out on walks, after one Hungarian Vizsla had a terrifying experience.

Grass seed injuries are a common problem for dogs, particularly during the summer months. Resembling tiny arrowheads, they can easily attach themselves to an animal's fur and burrow into the skin, causing pets pain and discomfort. The most commonly affected areas are the paws and ears, but they can also go up their nose, and breeds with hairy ears and paws are more at risk when in meadows or woodlands.

Max, a Hungarian Vizsla, startled his owner Megan Hofmann, from Gateshead, Tyne and Wear, when he let out a pained yelp. Upon initial check, Megan couldn't find anything wrong, but during a later walk he wouldn't pick up his ball, or open his mouth wide.

After being taken to the vets, a scan revealed a grass seed had pierced the roof of his mouth, travelling upwards before becoming lodged between his eye and a carotid artery.

"You wouldn't have thought something so small could actually have such a huge impact," commented Megan.

Due to the awkward positioning of the grass seed, extracting it was difficult and there were two failed surgeries, with the vets initially thinking they would have to permanently remove Max's eye to access

it. Thankfully, they were able to take a different route, using ultrasound and the strongest needle they had, where they successfully removed the grass seed. However, Max remained in hospital for a week, with pain relief and antibiotics after his three surgeries – which cost more than £7,000 in vet bills – and the psychological effects took a lot longer to subside. Megan adds: "For ages he wouldn't open his mouth or even pick up his ball, and he remembers where it happened."

Megan is keen to alert others to the risks, "A lot of people don't know about grass seeds! They are everywhere, and he's a dog who loves being outside and needs a lot of exercise, but we just try to avoid long grass in the summer to lessen the risk."

Lars Mortensen, Head Veterinarian at Agria App added: "Grass seeds may seem harmless due to their natural origin and small size and who would have thought that they could cause such problems? However, once attached to the coat, mouth or other parts of the body, they have the potential to penetrate into the deeper tissues and this can result

**Following this warning, The Kennel Club and Agria are urging owners to be aware of the common signs of grass seeds affecting dogs:**

- Shaking their head;
- Licking their paws;
- Looking uncomfortable;
- Lethargy;
- Appearing to be in pain;
- Excessive licking or dribbling
- Swelling between the toes and/or any discharging wounds on the feet

in very severe discomfort and devastating consequences in some cases.

"Owners should always remember to check over their dog after walks in meadows, woodlands or any green area and if you think they might be affected, contact your vet immediately."

Further information and advice for dog owners about avoiding summer hazards can be found at [thekennelclub.org.uk/summer](https://www.thekennelclub.org.uk/summer).

# Health Surveys

BREED AND AIM OF SURVEY	FURTHER INFORMATION
<b>ALL BREEDS</b> Does your dog ever eat things they shouldn't? Toys, stones, grass, paper, or even smelly socks? This study is looking to understand why some dogs eat non-food items and hopes to lead to insights that help keep dogs safe.	Click <a href="#">here</a> for the survey
<b>ALL BREEDS</b> This study is exploring the effect of early social experiences in puppies on a dog's behaviour, health and wellbeing, with the goal of supporting evidence-based recommendations for long-term welfare of dogs.	The first phase of data collection requires puppies between 8 to 12 weeks, with a Buccal (Cheek) swab and hair sample. If you are interested, please complete the survey <a href="#">here</a> . For further information, please contact Chih Hsin Kuo via 2792925k@student.gla.ac.uk
<b>ALL BREEDS</b> To investigate the potential role of heart disease in unexplained puppy deaths. Breeders can participate by allowing post-mortem heart exams for puppies lost before 4 weeks.	For further information please contact Caroline Cutler (Veterinary Cardiologist and Project Lead) via puppyhearts2025@gmail.com
<b>ALL BREEDS</b> To understand how and why UK residents use online classified advertisements to buy, sell or rehome dogs, and their experience of the process including before and after the advertising and sale.	Interview (one hour video call) For more information and to register interest, please visit: <a href="https://www.surveymonkey.com/r/pre-owned-interviewkwc">https://www.surveymonkey.com/r/pre-owned-interviewkwc</a> Any questions, please contact Bree Merritt via pre-owned.dogs@rvc.ac.uk
<b>ALL BREEDS</b> This survey is researching current use flea and tick treatments. If you own a cat or a dog in the UK, whether or not you use flea and tick treatments, we're interested in all experiences.	Click <a href="#">here</a> for the survey
<b>ALL BREEDS</b> To investigate vocal flexibility in dogs and understand the factors that might be driving individual variation in this ability (e.g. breed, age, sex, genetic similarity to wolves) and whether owners of vocally flexible dogs think they understand them better than owners of less flexible dogs. With a special interest in 'Ancient Breeds' such as Afghan Hounds, Salukis, Chow Chows, Shar Peis, Akitas, Huskies)	Click <a href="#">here</a> for the survey  For further information please contact: Dr Katie Slocombe at ks553@york.ac.uk

It aims to see how the relationship stands and what services breeders want from vets; with the goal of identifying ways in which this relationship can be improved.	Click <a href="#">here</a> for the survey  For further information please contact: Health@thekennelclub.org.uk
<b>ALL BREEDS</b> How do UK dog breeders perceive the impact of litter number on post weaning behaviour? The goal of this study is to better understand the potential stress factors involved during puppy removal, including dam characteristics, methods of weaning, and removal techniques. Through this research, the aim is to gather insights that could help identify ways to reduce stress for the dam during this critical period, ultimately promoting better welfare for both the dam and her litter.	Breeders must have experience breeding at least one bitch that has had 2 or more litters.  Click <a href="#">here</a> for the survey

## AMENDMENT TO BREED STANDARDS

**The Kennel Club has been working on a major project to introduce standardised terminology across all of the breed standards, to ensure that they are used and interpreted consistently by judges, exhibitors and breeders.**

The review came about, initially, as a result of feedback from those breed clubs which were consulted by the former Non-Breed Standard Colours Working Party. As a result, in some cases, new wording is proposed to be added to the colour clauses of breed standards.

The introduction of standardised terminology has also led to a wider review of breed standards and further amendments across these.

The following breed standards have been amended with effect from 1 August 2025:

### **Gundog**

Hungarian Wirehaired Vizsla  
Retriever (Chesapeake Bay)  
Spaniel (Cocker)

### **Jack Russell Terrier**

#### **Brief Historical Summary**

**The Reverend John Russell from which the dog takes its name developed a strain of Fox Terriers in the 1800s which were used to follow the fox hounds and bolt foxes from their dens. Many ex-pats took Jack Russell Terrier-type dogs to Australia with them and some were also imported. These dogs were the foundation of the dogs that were eventually registered. The Parson Russell Terrier, an over 12 inch terrier of old fox terrier type was registered in the UK in 1991, where at the same time the Jack Russell Terrier, under 12 inches, was registered in Australia.**

**GENERAL APPEARANCE** A strong, active, lithe, **lively and active** working terrier of great character with flexible body of medium length. Smart movement. Keen expression. The coat is predominately white, and may be smooth, broken or rough. **A good hunting terrier, sturdily built, that could go easily to ground.**

~~Sears not to be penalised~~

**IMPORTANT PROPORTIONS:** **The overall dog is slightly longer than high, i.e. rectangular. The depth of the body from the withers to the brisket should equal the length of foreleg from elbows to the ground.**

**CHARACTERISTICS** ~~Lively, alert and active. A good hunting terrier, sturdily built, that could go easily to ground~~

**EARS** Button or dropped, carried close to the side of the skull, of ~~good texture and~~ great mobility. The top of the ear is level with, or very slightly above the skull. The tip of the ear is in line with the eye.

**MOUTH** Jaws strong with a perfect, regular and complete scissor bite, i.e. upper teeth closely overlapping lower teeth and set square to the jaws. ~~Broken or missing teeth due to work are not to be penalised.~~

**FOREQUARTERS** Shoulders well laid back with visible forechest, and never heavily loaded with muscle. Upper arm of sufficient length with angulation to ensure elbows are set under the body. Well-boned forelegs as straight ~~as compatible with a short legged dog~~ when viewed from front or side.

**COLOUR** White must predominate with black and/or tan markings. The tan markings may range from light tan to rich chestnut tan.

**Any other colour or combination of colours unacceptable.**

## KENNEL CLUB RULE A11

### Disciplinary Committee 27 March 2025 Mr Patrick Williams

The Committee having carefully considered the evidence, find that the complaint brought under Kennel Club Rule A11 a (1) (b) against Mr Patrick Williams namely that he behaved discreditably or prejudicially to the interests of the canine world in that at the Westward Gundog Society Field Trial (Open Av Spaniel) on 12 November 2024 he became involved in an altercation after Mr Avery challenged his decision to eliminate him from the trial which escalated and resulted in a confrontation and altercation between both parties, is upheld.

The Committee impose the following penalties:

1. To warn him as to his future conduct [A11 j (1)]
2. To censure him [A11 j (2)]
3. To fine him the sum of £300.00 [A11 j (3)]
4. To disqualify him from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the General Committee shall have the power to increase the period of disqualification [A11 j (4)]
5. To disqualify him from being or becoming a member of any canine club or society registered with or affiliated to the Kennel Club [A11 j (5)]
6. To disqualify him from acting as an Officer or serving on the Committee of any canine society [A11 j (6)]

7. To disqualify him from taking part in the management of any event licensed by the Club [A11 j (7)]

8. To disqualify him from judging at any event licensed by the Club [A11 j (8)]

The suspensions and disqualifications are to be for a period of three (3) years from 27 March 2025.

The Committee, following the impositions of these penalties, would draw the attention of the Respondent to the effect of Rule A11 sub-sections l and n.

The Committee found the whole incident to be extremely troubling and found the actions of Mr Williams to be indefensible. The Committee noted that the catalyst for the incident was Mr Avery not only questioning Mr Williams' decision as judge but upon confirmation of his elimination from the Trial that he (Avery) continued to challenge Mr Williams' decision using foul and unnecessary language in a personal attack.

The Committee would expect an A panel Judge to have maintained composure and dealt with the matter by way of a formal complaint at the close of the Trial. The Committee was therefore shocked and extremely disappointed that there followed a physical altercation between Mr Williams and Mr Avery. The Committee found Mr Williams' actions in making physical contact with Mr Avery in the incident to be completely inexcusable. The Committee felt that Mr Williams had created a volatile situation and aggravated matters significantly by his reactive and physical confrontation towards Mr Avery and in his capacity as an A panel judge – this was of extreme concern.

The Committee were very concerned about the potential for an adverse impact that this incident would have on the image of Kennel Club Field Trials and how it might be viewed by the estates that allow Field Trials to take place on their land and upon which the Field Trial Community are reliant.

The penalty imposed is to reflect the seriousness of the matter and to highlight that behaviour of this type has no place whatsoever at Kennel Club licenced events.

The Committee noted that Mr Williams, in his correspondence with the Kennel Club acknowledged that his behaviour was unprofessional and not acceptable.

The Committee also noted that he expressed remorse for his part in the matter.

It was noted that there were some personal circumstances causing pressure upon Mr Williams but the Committee needed to address what happened.

### Disciplinary Committee 27 March 2025 Mr Peter Avery

The Committee having carefully considered the evidence, find that the complaint brought under Kennel Club Rule A11 a (1) (b) against Mr Peter Avery namely that he behaved discreditably or prejudicially to the interests of the canine world in that at the Westward Gundog Society Field Trial (Open AV Spaniel) on 12 November 2024 he challenged the judge, Mr P Williams, when he eliminated Mr Avery at the Trial, the situation escalated and resulted in a confrontation and altercation between both parties, is upheld.

The Committee impose the following penalties:

1. To warn him as to his future conduct [A11 j (1)]
2. To censure him [A11 j (2)]
3. To fine him the sum of £300.00 [A11 j (3)]
4. To disqualify him from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the General Committee shall have the power to increase the period of disqualification [A11 j (4)]
5. To disqualify him from being or becoming a member of any canine club or society registered with or affiliated to the Kennel Club [A11 j (5)]
6. To disqualify him from acting as an Officer or serving on the Committee of any canine society [A11 j (6)]
7. To disqualify him from taking part in the management of any event licensed by the Club [A11 j (7)]
8. To disqualify him from judging at any event licensed by the Club [A11 j (8)]

The suspensions and disqualifications are to be for a period of one (1) year from 27 March 2025.

The Committee, following the impositions of these penalties, would draw the attention of the Respondent to the effect of Rule A11 sub-sections l and n.

The Committee found the whole incident to be extremely troubling and found the actions of Mr Avery to be indefensible. Mr Avery not only questioned the judge's decision but upon confirmation of his elimination from the Trial by the judge continued to impugn his decision using foul and unnecessary language in a personal attack. There followed a physical altercation between Mr Avery and Mr Williams which was inexcusable.

The Committee were very concerned about the potential for an adverse impact that this incident would have on the image of Kennel Club Field Trials and how it might be viewed by the estates that allow Field Trials to take place on their land and upon which the Field Trial Community are reliant.

The penalty imposed is to reflect the seriousness of the matter and to highlight that behaviour of this type has no place whatsoever at Kennel Club licenced events.

The Committee noted that Mr Avery, in his correspondence with the Kennel Club acknowledged that his challenging of the judge was disrespectful and that it was his behaviour which was the catalyst for the physical altercation. Mr Avery accepts that his behaviour was unforgiveable and apologised for his part in the matter – and that he has stepped back from all Kennel Club activities.

It was noted that there were some personal circumstances causing pressure upon Mr Avery but the Committee needed to address what happened.

### Rule A11 a (1) (b)
